# DIRECTIONS

Find the image you want to use ...

Direct Stock is organized alphabetically by subject category. There's also a subject index in the back.

## CONCEPTS

© David Arky ☎ (212) 473-4760

## THE DIRECT STOCK ADVANTAGE

*Direct Stock* is a different kind of catalog - different because we are not a stock agency.

*Direct Stock* puts you in direct contact with experienced top stock professionals and their newest, freshest, most select work.

Think of *Direct Stock* as your Custom Stock Sourcebook. When the image you need is slightly different from the one that caught your eye, you have direct access to the person who created it, who has ample variations, or can make new ones.

Access, variety, freshness and unlimited variations. That's the *Direct Stock* advantage.

### LOCATOR SERVICE

So many area codes are changing, new ones being assigned... If you have trouble reaching someone from any of our five volumes, please call our offices. We have an up-to-date database we can access for you.

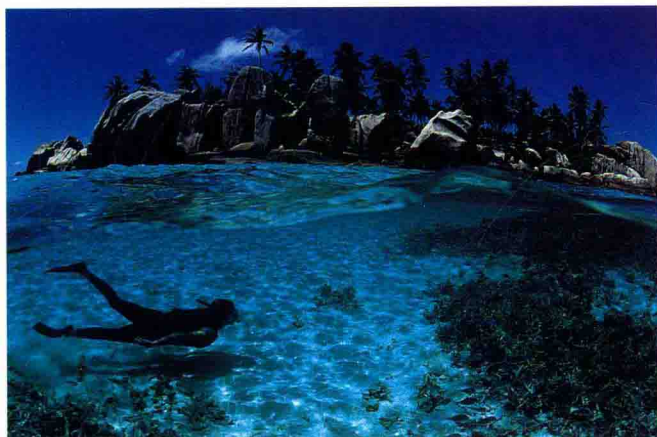

This is the person you want to call. No stock agency involved. Use the phone number beneath each image.
