PROCEEDINGS OF

THE FORTY-FIFTH ANNUAL MEETING OF THE AMERICAN SOCIETY OF BAKERY ENGINEERS

1969

MARCH 3-5, 1969

PICK-CONGRESS HOTEL

CHICAGO, ILLINOIS

AMERICAN SOCIETY OF

BAKERY ENGINEERS

Proceedings of the Forty-Fifth Annual Meeting March 3-5, 1969 Pick-Congress Hotel, Chicago, Illinois

There is some need for bringing to the member's attention what is available in printed form. For your convenience we have listed as a section of this book subjects discussed during the Annual Meetings from 1955 through 1968. Subjects are listed under general headings for easy reference. We hope this listing will emphasize the fact that many of our members may have information on these subjects of which they are not aware. Review the subject matter in your bound Proceedings from time to time. It pays to be familiar with what is available.

During the year the business papers in the baking and allied fields generously contributed space to describe the activities of the Society. Many of them not only gave careful coverage to our Annual Meeting, but illustrated it fully with photographs taken during the Meeting, and a number of these publications have graciously provided us with their plates to help us make our Proceedings more attractive. We wish to express our appreciation to all for their splendid cooperation.

TABLE OF CONTENTS

Monday Morning Session				
Introduction Program The Meeting opens Invocation—Glenn E. Hargrave The President comments—William C. Kollman The Secretary reports—Bernard Bergholz, Jr. Program review—Dr. G. N. Bollenback Annual business meeting Introductions—William C. Kollman Presentations The Secretary Emeritus comments Opening address—Right Rev. Monsignor Beahan Good manufacturing practices and plant evaluations in the bakery— Thomas L. Huge	5 6 20 20 21 23 27 28 30 31 33 35			
Discussion The impact of food laws on the function of bakery engineers— Michael F. Markel (presented by Walter E. Byerley) Discussion Report on Ladies Tea	52 53 59 61			
Monday Afternoon Session	00			
The session opens Pre-ferments—concepts and engineering—Sydney Bare III Discussion Pre-ferments—production techniques—Maynard R. Euverard Discussion Accelerated mechanical dough development—Dr. J. B. M. Coppock Discussion Fermentation—today and tomorrow—Dr. Simon S. Jackel Discussion Report on President's Get-Acquainted Reception	62 63 69 71 79 90 91 97 98			
Tuesday Morning Session				
The session opens Scheduling of variety breads and rolls for profit—Nicholas Tsakalos Discussion	99 100 105			
Degassing equipment for processing bread and bun doughs— C. Dean Bingaman Discussion Practical methods for control of cripples—Elmer L. Pierce Discussion The function of oxidants in bread and roll production Dr. Fred F. Barrett	114 118 120			
Discussion Report on American Association of Cereal Chemists Luncheon Report on Canadian Member Luncheon Report on Oklahoma State University Baking School Luncheon				

	Page
Tuesday Afternoon Session	
The session opens The use of emulsifiers in bakery foods—William H. Knightly Discussion Are you "up" on your costs?—R. E. Kett Discussion	139 141 144
Divertissement Continuing education of production workers—Jack Wright Discussion A training program for maintenance mechanics—	152 155 157
W. Douglas Howser, Jr. Discussion Bakery Foods Display Report on American Institute of Baking Alumni Dinner	165 169 170
Wednesday Morning Session	
The session opens New production techniques for yeast-raised sweet products—	173
Watter O. Kunstmann Discussion Problems encountered with sugar coatings of cake doughnuts—	
Frank E. Johnson Discussion Fillings for sweet yeast-raised products—Jean A. Kavanagh Discussion	187 189 194
Small baked and fried items—John N. Curtin Discussion	194
Wednesday Afternoon Session	
The session opens New bakery products for military feeding—Donald E. Westcott	201 202
Discussion Up-to-date information on packaging materials and packaging machinery—Joseph A. Turiello	
Discussion Divertissement	216
The economics of automation—Paul W. Kamman Discussion Use of computers by bakers—Richard K. Patterson	
Discussion Meeting turned over to newly-elected officers	241 242
Final adjournment Registration list Subject index	245

45th ANNUAL MEETING

PICK-CONGRESS HOTEL

March 3-5, 1969 Chicago, Illinois

Introduction to the 1969 Proceedings

The Society here provides you with a verbatim report and a permanent record of the 45th Annual Meeting. It is hard to beat the Society's published PROCEEDINGS as a source of information and a means of really keeping abreast of industry production developments. Members failing to capitalize on the useful information presented here sell themselves short.

The way to safeguard against this is to read this book now and gather fresh ideas that are so essential to the improvement of our professional skills and knowledge.

Copies of all prepared talks, reproductions of all slides used by the speakers and complete transcriptions of all discussions, copies of all materials distributed, as well as photographs of many of those present (through the courtesy of the bakery business papers) are included. In addition there is a table of contents, a subject index, and a complete registration list.

The final section of the PROCEEDINGS contains a list of papers presented in the Annual Meeting Programs of 1955-1968, inclusive. The name of the person who gave the paper and the year are listed under alphabetical headings, for your easy reference.

Every participant has been given the opportunity to edit the remarks taken by the reporter at the Meeting. Thus the Society feels that the record is correct, insofar as it represents what

the speakers intended to say. The statements, of course, are the opinions of those who made them. This is what makes our Annual Meeting really great — the fine talent we have always had of program participants who come up with new and better ideas. We are a large group of diverse interests, which necessitates a subject coverage in a broad field. Thus some of us are forced to assume the role of a novice. It is good to switch our minds to receive new signals every so often.

As has been the custom for many years, other organizations closely identified with the baking industry held meetings at the hotel during our meeting. These included the Alumni Associations of the American Institute of Baking and the Oklahoma University Baking School and the American Association of Cereal Chemists. The Canadian members also held their annual luncheon.

Program functions were well attended. These included the President's "Get Acquainted" Reception on Monday evening, the Ladies' Tea on Sunday afternoon, and the Bakery Foods Display on Tuesday afternoon.

The Bakers Courtesy Club of Chicago again contributed to the smooth operation of the Meeting by its members' contributing their time to serve as ushers, to serve at the Information Desk and to man the floor microphones during the sessions. We gratefully acknowledge their help.

Attendance at the Meeting totalled 1,555. This does not include registrants' wives, who received complimentary badges.

The Executive and Advisory Committees of the Society met jointly on Sunday morning, March 2, 1969, and the Executive Committee convened again on the same day and met again on Wednesday afternoon, March 5, to review current business and formulate Society policies. At the time of registration, each registrant was provided with an official program, listing the time and place of all events, and including pictures of the officers and Program Committee, a reproduction of the Society Creed, and a listing of the Bakery Foods Display and other special events. Since the program can serve as an index to the PROCEEDINGS by sessions and speakers, it is reproduced in this book.

TO YOUR

45th ANNUAL MEETING

Greetings and welcome fellow Engineers to the 45th meeting of the ASBE. This year the Program Committee has scheduled for you a concentrate of bakery production information designed to satisfy the sharpest appetites. Basically, we have attempted to conserve your time and yet give you the full treatment. Thus we are conducting a three-day meeting but supplying as complete a subject coverage as ever by shortening our timing for some sessions and increasing the number of presentations for a couple of others.

Such modifications are merely our ways and means of keeping up to date with successful practices and trends currently apparent at meetings similar to ours. Our operating philosophy reflects the fact that we not only wish to keep our 45 year old vehicle solid and well polished but that we also want to equip it in such a manner as to allow it to use present day minimum speed throughways.

We would at this point encourage comments and suggestions on format, subject coverage or any other phase of the program. Hopefully, many more than the usual low percentage of the membership will give a valuable assist in program planning for the future by taking advantage of this offer. After all this is your Meeting. Any program committee member will be receptive to your constructive recommendations and suggestions. Let's have them.

We know this year's program is a well rounded one. Relax, enjoy yourselves, have a good week.

G. N. BOLLENBACK PROGRAM CHAIRMAN

Creed of the Bakery Engineer

AS A MEMBER OF THE AMERICAN SOCIETY OF BAKERY ENGINEERS
IT IS MY DESIRE AND PRIVILEGE

To live the ideals of Fellowship, Inspiration, and Education which prompted the forming of this organization.

To further the interest and progress of the baking industry in whatever way a greater service may thereby be rendered to society.

To be broad and free with the exchange of ideas and information among fellow Engineers.

To promote and practice cleanliness in its highest principles; not alone cleanliness of person, shop and equipment, but also of mind and habit.

To be ever alert to the advancement of the science of baking.

To foster study and knowledge among those engaged with me in the manufacture of baked goods, realizing always that in the enhancement of our profession in the public esteem each individual contributes an important part.

To assist a fellow Engineer at any time in his problems, upholding in word and deed the substance of the Engineers's Creed the Golden Rule "All Things Whatsoever Ye Would That Men Should Do Unto You, Do Ye Even Unto Them"

To follow this simple Creed in heart and mind, being ever aware of the responsibility that falls upon me as a producer of one of, if not the most important of all foods, and to do honor to the ancient and honorable profession of Baking.

OFFICERS 1968-1969

PROGRAM CHAIRMEN 1968-1969

WILLIAM H. ZIEMKE First Vice President

CARL C. HAUSWALD, JR.

PLAZA ROOM—Second Floor—Sunday through Wednesday—Secretary Bergholz Office, also A.S.B.E. Office. Our staff on duty to serve you.

SUNDAY

March 2, 1969

10:00 A.M.—JOINT MEETING OF EXECUTIVE COMMITTEE AND ADVISORY COMMITTEE

1:00 P.M.—JOINT COMMITTEE LUNCHEON

1:00 P.M.—REGISTRATION DESK OPENS

2:00 P.M. —EXECUTIVE COMMITTEE
MEETING

4:00 P.M.—MEETING OF ALL PROGRAM PARTICIPANTS AND SESSION CHAIRMEN

5:00 P.M.—REGISTRATION DESK CLOSES (See hotel bulletin board for exact location of above meetings.)

PLEASE REGISTER TODAY

By completing your registration today you will help to keep the Registration Desk open for Monday arrivals, and avoid delaying our Meeting schedule.

Registration will be in the Francis I Room which is located near the escalators on the second floor. Please cooperate by keeping the escalator landings free of crowds and avoid bunching in front of the Registration Desks, observing printed signs. When in doubt ask one of the "Ask Me" men.

Lady guests may be registered and badges obtained without charge.

REGISTRATION FEES

Registration Fee—Members\$20.00 Non-Members\$30.00

PRESIDENT'S GET-ACQUAINTED RECEPTION

The President's Reception early evening on Monday, again commands the spotlight as a wonderful opportunity to get together with your colleagues, meet the Society officers, have a snack and a gay time to the accompaniment of attractive background music. This is a built-in part of your program. Come and enjoy yourselves.

MONDAY MORNING PROGRAM

March 3, 1969

7:30—Registration Desk Opens

8:45—Assembly in Meeting Room (Great Hall)
Greetings by Meeting Chairman
LAWRENCE E. PILE, Cleveland, Ohio
Introduction of Music Chairman
WALTER N. CLISSOLD Chicago, Ill

Walter N. Clissold, Chicago, Ill. Song Leaders—Wm. E. Maier, Reading, Pa. Wm. C. Miles, Oakville, Ont., Can.

9:00—Entrance of Officers
Introduction by LAWRENCE E. PILE

9:05—Star Spangled Banner—God Save the Queen

9:10—Invocation
GLENN E. HARGRAVE, Shawnee Mission, Kans.

9:15—The President Comments
WILLIAM C. KOLLMAN, Wilton, Conn.

9:20—The Secretary Reports
BERNARD BERGHOLZ, Jr., Chicago, Ill.

9:35—Program Review—The Chairman G. N. BOLLENBACK, Yonkers, N.Y. 9:40—Annual Business Meeting Change in Constitution Election of Officers Presentations

10:05—The Secretary Emeritus Comments VICTOR E. MARX, Chicago, Ill.

10:10-Introductions by Lawrence E. Pile

10:15—Opening Address — It's a Cockeyed World RIGHT REV. MONSIGNOR BEAHAN, Grand Rapids, Mich.

10:45—Good Manufacturing Practices and
Plant Evaluations in the Bakery
The philosophy, necessity and standards of
GMP and PEV with regard to the baking
industry.
THOMAS L. HUGE, St. Louis, Mo.

11:05—Discussion Period

on the Function of Bakery Engineers
Government Regulations. Where do we stand? Where are we going?
MICHAEL F. MARKEL, Washington, D.C.

11:40—Discussion Period

11:55—Adjournment for Luncheon

MONDAY AFTERNOON PROGRAM

March 3, 1969

SESSION CHAIRMAN

JAMES M. DIEHL, Chicago, Ill.

1:20—Meeting Room Opens (Great Hall)
Song Leader—HARRY D. GARDNER,
Albion, Mich.

1:25—Call to Assembly
Meeting Chairman
LAWRENCE E. PILE, Cleveland, Ohio

1:30—Pre-ferments—Concepts and Engineering
Process, layout and equipment requirements. In a word—planning the pre-ferment system.

SYDNEY BARE, III, White Plains, N.Y.

1:50—Discussion Period

2:10-Pre-ferments-Production Techniques

Then into production and a discussion of techniques and effects of process variables on product.

MAYNARD R. EUVERARD, Richmond, Va.

2:30-Discussion Period

2:50—Accelerated Mechanical Dough Development
Reporting results of fundamental studies
of mechanically developed doughs and
commercial use of such results.

DR. J. B. M. COPPOCK, London, England

3:10—Discussion Period

3:30—Fermentation—Today and Tomorrow

Now let's tie it all together. What's the status of and the outlook for the future of fermentation in the light of our previous presentations.

DR. SIMON S. JACKEL, New York, N.Y.

3:50—Discussion Period

4:10-Adjournment

MONDAY EVENING PROGRAM

March 3, 1969

RECEPTION CHAIRMAN
PAUL H. PRENTISS, Skokie, Ill-

5:30-7:00—President's Get-Acquainted Reception In the Gold Room

This is your chance to meet the Society's President, as well as the other Officers and their ladies—and to get better acquainted with your fellow Engineers. After an hour or so of such fellowship, everyone is free to spend the balance of the evening as they see fit.

NANCY CIGLER, Accordionist

TUESDAY MORNING PROGRAM

March 4, 1969

SESSION CHAIRMAN

WILLIAM D. RICHARD, Chicago, Ill.

- 8:45—Meeting Room Opens (Great Hall)
 Song Leader—HARRY R. VERNON,
 Richardson, Texas
- 8:55—Call to Assembly
 Meeting Chairman
 WILLIAM H. ZIEMKE, San Jose, Calif.
- 9:00—Scheduling of Variety Breads and Rolls for Profit

This paper will cover scheduling techniques employed for producing such variety breads as rye, whole wheat, pumpernickel, raisin, Italian, French, on a profitable basis.

NICHOLAS TSAKALOS, Baltimore, Md.

9:20—Discussion Period

9:40—Degassing Equipment for Processing Bread and Bun Doughs

Will include basic operating principle of the equipment, formulae and processing modifications required and benefits that are obtained with its use. C. Dean Bingaman, Memphis, Tenn.

10:00—Discussion Period

10:20—Practical Methods for Control of Cripples

This paper will cover the setting up of an effective cripple control program. This would include establishing cripple accountability records for each department, cripple contests, and the role of the maintenance department in this program.

Elmer L. Pierce, Alexandria, La.

10:40—Discussion Period

11:00—The Function of Oxidants in Bread and Roll Production

This presentation will include all oxidants now in use in this country, and how they function in both conventional and continuous bread and roll production.

DR. FRED F. BARRETT, Dallas, Texas

11:20—Discussion

11:40—Adjournment for Luncheon

Canadian Member Luncheon Florentine Room

Oklahoma State University Baking School Luncheon — Roosevelt Room

American Association of Cereal Chemists Luncheon — Lincoln Room

TUESDAY AFTERNOON PROGRAM

March 4, 1969 SESSION CHAIRMAN DENNY SHOGREN, Chicago, Ill.

- 1:15—Meeting Room Opens (Great Hall)
 Song Leader—WILLIAM E. MAIER,
 Reading, Pa.
- 1:25—Call to Assembly
 Meeting Chairman
 PHILIP W. ORTH, Jr., Milwaukee, Wisc.
- 1:30—The Use of Emulsifiers in Bakery Foods

 This will cover popular types of emulsifiers and combinations of same presently being used. Will bring out the benefits, as well as the limitations involved in their use in bakery foods. Emphasis will be on cake emulsifiers and also on those emulsifiers permitted in the Standards for Bread.

 WILLIAM H. KNIGHTLY, Wilmington, Del.

1:50—Discussion Period

Wm. Untch

The Bakery Foods Display gets better every year and this year is no exception. Our chairman has again outdone himself in sampling all available items for us to see and up-date ourselves on. The time you spend here is always fruitful for, if the ideas for you aren't directly in sight, the items seen inevitably provide the idea.

We acknowledge, with grateful appreciation, the cooperation of our friends in the allied trades, who collected most of the bakery products for this Display. We also thank the donors of this merchandise. Their help makes this Display possible. Our thanks to our members who sent in samples of their products.

This Display will be opened at the adjournment of the Tuesday Afternoon Session. ADMISSION BY BADGE ONLY. Samples on Display are to be VIEWED ONLY from opening to 6:30 P.M. It has been decided that visitors at the Display shall have the privilege after 6:30 P.M. of examining, testing and eating any part of the merchandise displayed. At the close of the display, 7:30 P.M., all samples will be turned over to the Salvation Army for local consumption.

BAKERS COURTESY CLUB

The members of this very fine group of Chicago Allied Men volunteer their services for our Meeting each year. They contribute greatly to the conduct and success of the Annual Meeting and we are pleased to publicly acknowledge their outstanding help again this year.

These men are identified by the familiar "ASK ME" badges. Please cooperate with them.

In addition to ushering during all regularly scheduled functions, they render valuable assistance in many other ways, namely:

- ... See that everyone is promptly seated.
- ... Prevent congestion at the door at all times.
- ... Man the microphones in the Meeting Room when you have a question to ask or a statement to make.
- ... Assist where possible in providing information about the Meeting.
- ...Maintain an Information Desk in the Rendezvous Foyer. A courteous attendant is on duty at all times between and during sessions ready to be of service.
- . Receive telephone calls, telegrams, and personal messages which reach the hotel for those attending our Meeting. No interruptions to page anyone are permitted except in extreme emergencies.
- ...Post notices of calls or messages on Message Board; by checking this board occasionally you can help them in their service to you.
- ...Distribute session material such as charts, formulas, releases, when necessary.

This outstanding organization has long been of real service to us and to the industry of which we are all a part. May they continue to grow and prosper.

PAYMENT OF DUES

Those desiring to pay dues during the Annual Meeting may do so at the Special A.S.B.E. Office located conveniently in the Plaza Room (Second Floor). A.S.B.E. personnel will be on duty, and will give you a temporary receipt, your official receipt will be mailed from the office after the Meeting.

JOINING THE SOCIETY

This is an excellent time to join the Society. Application blanks are available at the Membership Desk and signed applications will be accepted. A temporary receipt will be provided. Your official dues card, membership certificate and printed material will be mailed after the Meeting.

Also page 44 of this Program is a membership application form for your convenience.

COMMERCIALISM POLICY

If you have a question to ask or a statement to make during the sessions, request a microphone, rise, state your name and home city and then proceed. It is the FIRM POLICY of the Society that everyone appears as an individual and not as the representative of any commercial organization; hence, there shall be no commercial exploitation of any product, machine, equipment, brand name, firm name, patent, publication or service from either the speakers' platform or the floor.

You will be admitted to the Meeting ONLY if you are *wearing* your badge. Wear it proudly, it is your identification that you have registered for the 45th Annual Meeting.

SOCIETY POLICY ON ALLIED ACTIVITIES

As has been Society policy for years it is expected that allied firms will not maintain reception rooms where liquor is served. It is also expected that commercial promotion of company or brand names will not be indulged in through such media as signs, room displays, moving pictures, general distribution of printed literature, samples, or advertising novelties. The usual cooperation of all allied firms in this policy which has been such an important factor in the success of our meetings in past years is anticipated again this year.
