About the Author

Alexander Hiam's career integrates business and creativity in unusual ways. His work has included business strategy, high-tech entrepreneurship, new-product development, branding, naming, negotiating, and consulting — often in the role of innovator or generator of new ideas and approaches.

He's also taught thousands of managers innovation and creativity skills through his workshops and idea-generation retreats, as well as through his authorship of study materials such as *The Manager's Pocket Guide to Creativity* (HRD Press), *Creativity By Design* (HRD Press), *Creative Roles Analysis* (Trainer's Spectrum), and *The Entrepreneur's Complete Sourcebook* (Simon & Schuster).

Alex's professional focus on business innovation and how to lead it is balanced by his interest in the arts. He shows paintings, collages, and photographs and writes fiction — his favorite being fantasy adventures for young adults. In this book, he harnesses his creative imagination to the task of helping others be more creative and successful in their businesses, whatever those might be.

Alex's clients include the U.S. Coast Guard (he helps keep its leadership training innovative and at the forefront of management practice) and a lengthy list of companies, government agencies, nonprofit boards, and more. He's helped the U.S. Senate work on its collaborative problem-solving skills and brought new assessment tools to the finance department of the City of New York. His creativity exercises are used by top ad agencies to help their staff be more open to fresh ideas, and he shares his enthusiasm for innovative branding with students at the Isenberg School of Management at the University of Massachusetts–Amherst. Alex likes to help others achieve their creative potential and find fresh options and solutions.

Alex's other *For Dummies* books address his fascination with innovative approaches to marketing. He is the author of *Marketing For Dummies*, 3rd Edition, and *Marketing Kit For Dummies*, 3rd Edition (both from Wiley).

Dedication

My wife, Deirdre Richardson, suffered through lengthy writing sessions for nearly a year, and still managed to maintain a positive, encouraging attitude about this book — thereby serving as a perfect role model for what it takes to support a creative process from beginning to successful end!

Author's Acknowledgments

I have lots of exciting ideas, but sometimes I need a little help disciplining them into proper shape for implementation. That's why I'm so appreciative of the fine editorial team at Wiley that worked on this book with me, including acquisitions editor Stacy Kennedy, project editor Elizabeth Rea, copy editors Christine Pingleton and Kathy Simpson, and technical reviewer Lisa Gundry. It takes a team to do anything worthwhile. It helps when it's a really good team!

I also want to thank my associates and clients at Trainer's Spectrum, who provide me so many great suggestions and also, on occasion, the honest feedback that helps get the wrinkles out of my thinking.

Publisher's Acknowledgments

We're proud of this book; please send us your comments at <http://dummies.custhelp.com>. For other comments, please contact our Customer Care Department within the U.S. at 877-762-2974, outside the U.S. at 317-572-3993, or fax 317-572-4002.

Some of the people who helped bring this book to market include the following:

Acquisitions, Editorial, and Media Development

Project Editor: Elizabeth Rea

Acquisitions Editor: Stacy Kennedy

Copy Editors: Christine Pingleton,
Kathy Simpson

Assistant Editor: Erin Calligan Mooney

Senior Editorial Assistant: David Lutton

Technical Editor: Lisa Gundry, Ph.D.

***Introduction* 1**

- About This Book 1
- Conventions Used in This Book 2
- Foolish Assumptions 3
- How This Book Is Organized 4
 - Part I: Making Your Mark as an Innovator 4
 - Part II: Stimulating Your Creative Side: Thinking in New and Different Ways 5
 - Part III: Applying Creativity and Innovation to Daily Challenges 5
 - Part IV: Implementing a Major Innovation 6
 - Part V: The Part of Tens 6
- Icons Used in This Book 6
- Where to Go from Here 7

***Part I: Making Your Mark as an Innovator* 9**

Chapter 1: Taking an Innovative Approach to Work 11

- Tapping Into Your Own Creative Force 12
 - Generating more ideas 12
 - Identifying your biggest barriers to creativity 14
 - Taking advantage of your biggest enablers of creativity 16
- Constructing Your Creative Place 18
- Introducing Creative Practices to Your Daily Routine 21
 - Balancing tight and loose activities 21
 - Freeing yourself to daydream 22
 - Pursuing interesting questions instead of letting them pass by ... 22
 - Cross-training the body to strengthen the mind 23
- Seeking Broader Experience 24
 - Finding ways to challenge yourself 24
 - Taking personal risks 24
 - Spending more time with people who aren't at all like you 25
 - Seeking the company of innovators 26
 - Getting out of your personal and career silos 27
 - Supporting inquisitive behavior 27
 - Learning from innovation mentors 28
- Becoming a Leading Innovator 29
 - Making your creativity and drive visible to higher-ups 30
 - Stepping up to development teams and roles 30

Chapter 2: Creating an Innovative Career Path	33
Seeing Your Career as an Adventure	34
Breaking through the barriers to career change	34
Making opportunistic moves	36
Counting Up Your Transferable Skills and Experiences	37
Seeking Opportunities to Innovate	39
Moving Toward Growth	40
Encouraging your own personal growth	40
Targeting growth areas in your current organization	41
Taking advantage of fast-growing cities	41
Serving the fastest-growing age groups	42
Tapping into international growth	42
Inventing Your Next Job	42
Proposing a new position for yourself	43
Generating freelance and consultative work	43
Developing entrepreneurial career options	44
Chapter 3: Leading with Creative Vision	45
Visualizing the Possibilities for Innovative Leadership	46
Setting ambitious goals	46
Encouraging others to envision change too	48
Knowing when innovation is required	50
Getting to Know Yourself as a Leader	51
Identifying your leadership orientation	52
Zeroing in on your leadership style	54
Adjusting your style to fit the situation	54
Adapting the classic styles for faster innovation	56
Putting orientation and style together	58
Developing Your Leadership Skills	59
Seeking feedback	59
Working with a mentor	59
Seeking varied leadership experiences	59
Managing the risks of innovation	60
Projecting a Positive Attitude	61
Expressing both hopefulness and optimism	62
Being pragmatically creative	62
Going for that positive ripple effect	62
Putting All Your Leadership Skills Together	63
Chapter 4: Innovating in Sales and Marketing	67
Making an Inconspicuous but Powerful Impact	67
Assessing (And Violating) the Norms	68
Finding abnormal ways to accomplish your goals	69
Communicating in a different way	69
Violating social norms on purpose	69
Avoiding the cost of a sales call	70

Committing to a Creative Approach	71
Writing your creative brief	72
Coming up with the first round of creative ideas	73
Narrowing Your Focus to Find Sources of Creative Advantage	75

Chapter 5: Being an Innovative Strategist 79

Thinking Big by Planning to Re-create Your Business	80
Shifting from more of the same to creative planning	80
Including a mix of traditional and creative elements in your planning	81
Ensuring a Healthy Strategic Cycle	82
Phase-shifting in strategic time	83
Influencing strategy from the bottom up	83
Investing in a Family of Innovations	84
Being tough on underperforming projects and products	84
Making your next strategic move	85
Deciding how big a strategy to pursue	86
Including customer value in your strategy	87
Managing Your Product Portfolio	88
Riding a best-selling product to the top	88
Understanding the life cycle of each product category	88
Mapping your product portfolio	90
Planting enough seeds to make sure something grows	92
Seeking Strategic Partnerships	92
Mastering the Art of Change Management	94
Enlisting the eager believers and excluding the hopeless cases	94
Making the destination visible to all	95
Managing resistance during the change process	96
Watching out for snap-back	97

Part II: Stimulating Your Creative Side: Thinking in New and Different Ways 99

Chapter 6: Getting Juices Flowing in Brainstorming Sessions 101

Identifying Opportunities for Group Creativity	102
Calling for help with a problem	102
Inviting questions for consideration	104
Building on suggestions	104
In or Out?: Issuing Invites to the Brainstorming Session	104
Deciding how big to make the group	105
Excluding people who squash the creative spirit	105
Including people who contribute needed knowledge	106
Adding people who bring unique perspectives and styles	106
Planning the Creative Process	106
Deciding how much creative distance you want to travel	107
Budgeting sufficient time	107
Deciding how many sessions to run	108

Preparing for Your Role as Facilitator	108
Practicing your questioning and listening skills	109
Guiding the group away from negative dynamics	109
Controlling your nonverbal signals	110
Becoming familiar with the challenge at hand.....	111
Mastering the Core Brainstorming Methods	112
Warming up the group	112
Using Osborn's brainstorming rules	113
Introducing variations to improve results.....	114
Considering additional creative processes	117
Wrapping it up.....	117
Being a Brilliant Participant	118
Contributing great ideas	118
Being an informal leader and cheerleader.....	119
Overcoming your own creative timidity.....	119

Chapter 7: Mastering Advanced Brainstorming 121

Going the Distance to Cash In on Creativity	122
Critiquing the results of your brainstorming	122
Doing more research based on first-round questions	124
Being persistent	125
Focusing Your Brainstorming in Creative Ways.....	125
Stimulating a shift in how people think about the topic.....	125
Fighting design fixation	126
Sharpening the view with narrower problem definitions.....	127
Breaking the problem into smaller problems	128
Visualizing for Creative Success	129
Introducing visual reference material.....	129
Using imagery to stimulate the mind's eye	129
Sketching ideas rather than describing them	130
Building solutions from standard geometric shapes	131
Storyboarding an idea	131
Making small-scale models	132
Using sticky notes and a wall for your brainstorming.....	132
Drawing a mind map.....	133
Combining research with mind mapping.....	134
Using mind-mapping software.....	135
Clustering ideas and suggestions	136
Producing insights and proposals from your mind map.....	136
Maximizing the Power of Team Thinking	137
Using index cards and the nominal group technique	137
Using pass-along brainstorming	139
Generating ideas from random words	141
Working individually, too!.....	141

Chapter 8: Going Beyond Brainstorming143

Using Customer Input for Inspiration 143
 Organizing a focus group 144
 Asking customers to fantasize about their ultimate product 145
 Inviting customer input, both critical and creative..... 145
 Redesigning Processes 146
 Taking Advantage of E-Mail 148
 Including a provocative question or situation..... 148
 Designing your e-mail for thoughtful consideration 149
 Holding an e-mail contest for best idea 150
 Engaging in creative e-mail conversations 150
 Crowdsourcing for New Ideas..... 151
 Going Deep for Intuitive Insight..... 153
 Using naturalistic decision-making..... 154
 Going back to nature 154
 Asking a wise elder 154
 Using soothsaying techniques 155
 Being inventive..... 156

Chapter 9: Turning Problems into Opportunities for Innovation159

Seeing Problems with a Fresh Eye..... 159
 Framing problems as creative opportunities 160
 Postponing the decision to allow time for creative thought..... 161
 Using creativity prompts 162
 Approaching problems with optimism and hopefulness 162
 Applying Analytical Problem-Solving..... 163
 Using Dewey’s problem-solving process 163
 Performing a payoff analysis 166
 Engaging Your Creative Dissatisfaction..... 168
 Recognizing the opportunity to be creative..... 169
 Considering the opportunity costs of not innovating..... 170
 Applying intuition along with logic..... 170

Chapter 10: Going Shopping for Innovations.171

Exploring Your Industry’s Trade Shows..... 171
 Crossing Boundaries for Good Ideas 173
 Visiting the wrong trade shows 173
 Talking to outsiders..... 174
 Seeking out cross-training opportunities 175
 Benchmarking Industry Innovators 175
 Studying upstarts and startups..... 175
 Interviewing innovative job candidates 177
 Seeing what businesses are boasting about..... 178
 Taking a positive approach to evaluating possibilities 178
 Checking for alignment with your competencies 179

Sourcing from Innovative Suppliers	179
Evaluating suppliers based on their creative momentum.....	179
Asking your suppliers for free consulting	181
Bringing your suppliers together to brainstorm	181
Going to the Experts for Help	181

Chapter 11: Coming Up with Creative Combinations. 183

Finding Inspiration in Successful Creative Combinations.....	183
Finding Innovative Combinations of Your Own.....	185
Revisiting classic combinations for quick wins	185
Brainstorming combinations with one of your core products	186
Recombining fundamental innovations	187
Combining Problems with Solutions.....	189
Finding problems similar to your own	189
Looking for problem themes	190
Getting Resourceful in Your Search for Combinations.....	191
Pairing things that nobody thinks should go together	192
Playing with words to find unexpected combinations.....	192
Imitating without violating intellectual-property rights	193
Combining a customer want with a solution you can sell.....	193
Seeking Unusual Information	193
Casting a broad net.....	194
Seeking weak signals	194
Trying Unusual Forms.....	195

***Part III: Applying Creativity and Innovation to Daily Challenges* 197**

Chapter 12: Delivering Fresh Presentations and Proposals. 199

Building the Credibility You Need to Be Creative	200
Sizing up your audience and context	200
Providing enough structure to reassure the audience	201
Engaging the audience	202
Finding Your Unique Insight	202
Starting with research.....	203
Incubating the facts until a fresh perspective pops out.....	204
Brainstorming for insight.....	204
Avoiding fixating on the first big idea	206
Outlining a strong framework for your presentation.....	206
Making Your Point with the Five Tools of Creative Presentation	207
Incorporating sources and facts	208
Engaging the mind's eye with good visuals.....	209
An analogy is like a newly cleaned window.....	210
Telling tales	211

Branding Your Message with an Appropriate Look and Style.....	213
Matching tone and style.....	213
Creating a visual signature	213
Repeating your auditory signature.....	215
Controlling your body language	216
Chapter 13: Negotiating Creative Win–Wins	219
Turning Conflicts into Creative Opportunities	219
Identifying conflicts with rich potential for innovation	220
Reframing the disagreement to introduce creative problem-solving	221
Signaling your good intentions to create buy-in.....	222
Beginning the dialogue with easy win–wins	222
Assessing Everyone’s Conflict Styles	223
Identifying the natural collaborators	223
Reassuring the competitive negotiators	224
Making sure that your own style is consistent with your goals...	224
Bridging the Gaps to Form an Ad Hoc Problem-Solving Team	225
Sharing your own interests and issues first	225
Building a creative problem-solving team	225
Transitioning to Solution Brainstorming.....	226
Making sure that everyone knows it’s safe to share ideas.....	227
Suspending judgment.....	227
Facilitating brainstorming when participants are hostile	228
Identifying and Refining Win–Win Ideas	228
Agreeing that some ideas hold significant promise	229
Working the top three ideas until one emerges as best	229
Chapter 14: Innovating to Save Costs	231
Avoiding the Creative Frost Effect.....	231
Boosting creative determination	232
Avoiding pessimism about the future	232
Trying a clean-slate approach.....	233
Focusing on the Biggest Cost Categories	234
Identifying spending categories.....	234
Focusing on major sources of error or rework.....	236
Learning from Others.....	236
Sending out your scouts	236
Reviewing examples of cost-cutting measures elsewhere.....	237
Asking around	239
Using Savings-Creation Methods from Idea to Implementation	239
Finding out where the losses really are	239
Generating effective cost-cutting ideas.....	240
Evaluating cost-cutting proposals	241
Implementing cost savings	241

Part IV: Implementing a Major Innovation..... 245**Chapter 15: Managing the Development of an Innovative Idea247**

Planning the Innovation Process.....	248
Being flexible about the design.....	249
Clarifying the goal.....	249
Communicating early, often, and widely.....	250
Emphasizing long-term benefits.....	250
Monitoring the results.....	250
Building strong implementation teams.....	250
Innovating in Teams.....	251
Maintaining momentum through the four stages of the team's life.....	251
Tapping into diverse contributions by team members.....	252
Finding your strongest team role.....	253
Determining what the team leader needs to do.....	254
Considering a skunkworks to protect your team from interference.....	254
Building Development and Implementation Networks.....	256
Launching the Innovation.....	257
Emphasizing planning, preparation, and refinement.....	258
Promoting the project.....	259
Projecting the rate of adoption.....	260

Chapter 16: Spreading the Word to Diffuse Your Innovation261

Strategizing to Spread Your Innovation.....	261
Identifying potential adopters.....	262
Finding out how fast your innovation will spread.....	264
Setting the strategic parameters.....	265
Targeting those early adopters.....	266
Designing Your Media Mix for Maximum Diffusion.....	268
Aiming for intelligent, sophisticated buyers.....	268
Emphasizing personal media in the early days.....	269
Adapting your marketing to the inflection point.....	271
Priming the Pump with Freebies.....	272

Chapter 17: Protecting Intellectual Property.275

Determining and Keeping Track of Your Intellectual Property Assets.....	276
Deciding what merits protection.....	276
Assessing the value of your intellectual property.....	277
Keeping track of the protective steps you've taken (or need to take).....	278
Copyrighting As Much As You Can.....	279
Adding copyright protection to your work.....	280
Getting copyright protection when you're not the author.....	281

Protecting Your Brands through Trademark.....	281
Ensuring that your brand is trademarkable.....	282
Applying for a trademark in the U.S. and elsewhere.....	283
Increasing your chances for trademark approval.....	284
Establishing your rights by using your mark.....	284
Pursuing Patent Protection.....	285
Searching for existing patents.....	286
Budgeting the cost of filing a patent.....	287
Considering foreign patent protection.....	289
Filing a provisional patent.....	289
Assigning or licensing your patent rights.....	290
Protecting Trade Secrets.....	290
Taking reasonable precautions.....	291
Enforcing a trade secret.....	292
Keeping Your Records, Writings, Plans, and Designs Secure.....	292

Chapter 18: Building a Business Around Your Innovation 295

Doing Your Development Homework.....	295
Researching and refining your idea and market.....	296
Deciding whether to proceed with your innovation.....	296
Protecting your intellectual property.....	297
Writing a Winning Business Plan.....	297
Design the cover, title page, and table of contents.....	299
Write the executive summary.....	299
Write your market analysis.....	300
Prepare a company description.....	301
Write a description of your innovation.....	301
Describe the organization and management of the business.....	302
Summarize marketing and sales.....	302
Present your service or product line.....	302
Explain your funding needs.....	303
Prepare your financials.....	304
Prepare an appendix of supporting documents.....	305
Funding Your Innovative Venture.....	305
Pairing up with venture capitalists.....	306
Locating angel investors.....	307
Obtaining loans.....	308
Selling Your Inventions.....	308

Part V: The Part of Tens 309

Chapter 19: Ten Creative Ways to Boost Your Career 311

Look for Opportunities to Stand Out.....	311
Share Your Enthusiasm for Innovative Ideas.....	312
Look for Emerging Problems You Can Help Solve.....	312
Look for Emerging Opportunities You Can Surf.....	313
Do Something You Really Enjoy.....	313
