# Notices

Monographs of the European Pharmacopoeia are distinguished by a chaplet of stars against the title. The term European Pharmacopoeia, used without qualification, means the fifth edition of the European Pharmacopoeia comprising, unless otherwise stated, the main volume, published in 2004 as amended by any subsequent supplements and revisions.

**Patents** In this Pharmacopoeia certain drugs and preparations have been included notwithstanding the existence of actual or potential patent rights. In so far as such substances are protected by Letters Patent their inclusion in this Pharmacopoeia neither conveys, nor implies, licence to manufacture.

**Effective dates** New and revised monographs of national origin enter into force on 1 December 2005. Monographs of the European Pharmacopoeia have previously been published by the Council of Europe and have been brought into effect by means of Notices published in the Belfast, Edinburgh and London Gazettes.
