## **Preface 15**

## **CHAPTER 1 Introduction: The Nature of Leadership 19**

Definitions of Leadership	20
Indicators of Leadership Effectiveness	27
Overview of Major Research Approaches	30
Level of Conceptualization for Leadership Theories	33
Other Bases for Comparing Leadership Theories	38
Organization of the Book	40
Summary	41
Review and Discussion Questions	42

## **CHAPTER 2 Managerial Traits and Skills 43**

Nature of Traits and Skills	43
Research on Leader Traits and Skills	45
Managerial Traits and Effectiveness	52
Managerial Skills and Effectiveness	62
Other Relevant Competencies	65
Situational Relevance of Skills	68
Evaluation of the Trait Research	71
Applications for Managers	72
Summary	73
Review and Discussion Questions	74

### **CHAPTER 3 The Nature of Managerial Work 76**

Typical Activity Patterns in Managerial Work	77
The Content of Managerial Work	82
Demands, Constraints, and Choices	87
Research on Situational Determinants	89
Changes in the Nature of Managerial Work	93
How Much Discretion Do Managers Have?	94
Limitations of the Descriptive Research	95
Applications for Managers	96
Summary	101
Review and Discussion Questions	102

### **CHAPTER 4 Perspectives on Effective Leadership Behavior 103**

Ohio State Leadership Studies	104
Michigan Leadership Studies	107
Limitations of Survey Research on Leader Behavior	108
Experiments on Task and Relations Behavior	110
Research Using Critical Incidents	111
The High-High Leader	112
Leadership Behavior Taxonomies	115
Specific Task Behaviors	121
Specific Relations Behaviors	125
Evaluation of the Behavior Approach	128
Summary	129
Review and Discussion Questions	131

### **CHAPTER 5 Participative Leadership, Delegation, and Empowerment 132**

Nature of Participative Leadership	133
Consequences of Participative Leadership	135
Research on Effects of Participative Leadership	137

Normative Decision Model	140
Applications: Guidelines for Participative Leadership	146
Delegation	149
Applications: Guidelines for Delegating	154
Perceived Empowerment	158
Summary	162
Review and Discussion Questions	163

## **CHAPTER 6 Early Contingency Theories of Effective Leadership 164**

LPC Contingency Model	165
Path-Goal Theory of Leadership	168
Situational Leadership Theory	173
Leadership Substitutes Theory	176
Multiple Linkage Model	180
Cognitive Resources Theory	187
General Evaluation of Contingency Theories	190
Applications for Adaptive Leadership	192
Summary	195
Review and Discussion Questions	196

## **CHAPTER 7 Power and Influence 198**

Conceptions of Power and Influence	199
Power Types and Sources	201
How Power is Acquired or Lost	211
Consequences of Position and Personal Power	213
How Much Power Should Leaders Have?	215
Influence Tactics	217
Power and Influence Behavior	224
Use and Effectiveness of Influence Tactics	225
Summary	232
Review and Discussion Questions	233

## **CHAPTER 8 Dyadic Relations, Attributions, and Followership 234**

Leader-Member Exchange Theory	235
Leader Attributions About Subordinates	241
Applications: Correcting Performance Deficiencies	242
Follower Attributions and Implicit Theories	246
Impression Management	249
Follower Contributions to Effective Leadership	252
Self-Management	253
Applications: Guidelines for Followers	255
Integrating Leader and Follower Roles	259
Summary	259
Review and Discussion Questions	260

## **CHAPTER 9 Charismatic and Transformational Leadership 262**

Two Early Theories	263
Attribution Theory of Charismatic Leadership	264
Self-Concept Theory of Charismatic Leadership	266
Other Conceptions of Charisma	269
Consequences of Charismatic Leadership	273
Transformational Leadership	277
Primary Types of Research on the Theories	281
Transformational vs. Charismatic Leadership	287
Evaluation of the Theories	288
Applications: Guidelines for Leaders	290
Summary	294
Review and Discussion Questions	295

## **CHAPTER 10 Leading Change in Organizations 296**

Change Processes in Organizations	297
Influencing Organization Culture	303
Developing a Vision	307

Applications: Procedures for Developing a Vision	310
Implementing Change	313
Applications: Guidelines for Leading Change	315
Innovation and Organizational Learning	320
Applications: Guidelines for Increasing Learning and Innovation	324
Summary	326
Review and Discussion Questions	327

## **CHAPTER 11 Ethical, Servant, Spiritual, and Authentic Leadership 329**

Conceptions of Ethical Leadership	330
Dilemmas in Assessing Ethical Leadership	331
Determinants and Consequences of Ethical Leadership	334
Transforming Leadership and Adaptive Problem Solving	338
Servant Leadership	340
Spiritual Leadership	342
Authentic Leadership	344
Comparison and Evaluation of Theories	348
Increasing Ethical Leadership	351
Summary	353
Review and Discussion Questions	354

## **CHAPTER 12 Leadership in Teams and Decision Groups 355**

The Nature of Teams	356
Determinants of Team Performance	361
Leadership in Different Types of Teams	366
Procedures for Facilitating Team Learning	371
Applications: Guidelines for Team Building	374
Decision Making in Groups	377
Leadership Functions in Meetings	379

Applications: Guidelines for Leading Meetings	382
Summary	386
Review and Discussion Questions	387

### **CHAPTER 13 Strategic Leadership by Executives 388**

How Leaders Influence Organizational Performance	389
Constraints on Executives	396
Conditions Affecting the Need for Strategic Leadership	398
Political Power and Strategic Leadership	401
Executive Tenure and Strategic Leadership	402
Research on Effects of CEO Leadership	403
Strategic Leadership by Executive Teams	409
Two Key Responsibilities for Top Executives	414
Summary	421
Review and Discussion Questions	422

### **CHAPTER 14 Developing Leadership Skills 423**

Leadership Training Programs	424
Designing Effective Training	425
Special Techniques for Leadership Training	427
Learning from Experience	432
Developmental Activities	434
Self-Help Activities	446
Facilitating Conditions for Leadership Development	447
A Systems Perspective on Leadership Development	449
Summary	452
Review and Discussion Questions	453

## **CHAPTER 15 Gender, Diversity, and Cross-Cultural Leadership 454**

Introduction to Cross-cultural Leadership	455
Cross-cultural Leadership Research: Types and Difficulties	456
The GLOBE Project	458
Cultural Value Dimensions and Leadership	460
Evaluation of the Cross-cultural Research	465
Gender and Leadership	466
Managing Diversity	471
Summary	473
Review and Discussion Questions	474

## **CHAPTER 16 Overview and Integration 475**

Major Findings in Leadership Research	475
Explanatory Processes and Levels of Conceptualization	480
Toward an Integrating Conceptual Framework	491
Biases in the Conceptualization of Leadership	494
Biases in Research Methods	498
Emerging Conceptions of Leadership	502
Concluding Thoughts	506
Review and Discussion Questions	508

**Cases 509**

**References 545**

**Name Index 619**

**Subject Index 633**

# Preface

This book is about leadership in organizations. Its primary focus is on managerial leadership as opposed to parliamentary leadership, leadership of social movements, or emergent leadership in informal groups. The book presents a broad survey of theory and research on leadership in formal organizations. The topic of leadership effectiveness is of special interest, and the discussion keeps returning to the question of what makes a person an effective leader.

In the seventh edition, the basic structure of most chapters remains the same, but the order of some chapters was changed and one chapter was divided into two separate chapters that include new material. There is now a separate chapter on ethical, spiritual, servant, and authentic leadership, and a separate chapter on cross-cultural leadership and diversity issues such as leader gender. The chapter on strategic leadership was extended and reorganized to provide a better description the growing literature in this subject. The growing interest in emerging theories of distributed, relational, and complexity leadership is described in a new section added to the last chapter of the book. Finally, the literature reviews found in the other chapters were updated, and a few new cases were added.

The content of the book still reflects a dual concern for theory and practice. I have attempted to satisfy two different audiences with somewhat different preferences. Most academics prefer a book that provides a detailed explanation and critical evaluation of major theories, and a comprehensive review and evaluation of empirical research. They are more interested in how well the research was done, what was found, and what additional research is needed than in the practical applications. Many academics are skeptical about the value of prescriptions and guidelines for practitioners and consider them premature in the absence of further research. In contrast, most practitioners want some immediate answers about what to do and how to do it in order to be more effective as leaders. They need to deal with the current challenges of their job and cannot wait for decades until the academics resolve their theoretical disputes and obtain definitive answers. Most practitioners are more interested in finding helpful remedies and prescriptions than in finding out how this knowledge was discovered.

These different preferences are a major reason for the much-lamented gulf between scientists and practitioners in management and industrial-organizational psychology. I believe it is important for managers and administrators to understand the complexity of effective leadership, the source of our knowledge about leadership in organizations, and the limitations of this knowledge. Likewise, I believe it is important

for academics to think more about how their theories and research can be used to improve the practice of management. Too much of our leadership research is designed only to examine narrow, esoteric questions that only interest a few other scholars who publish in the same journals.

Academics will be pleased to find that major theories are explained and critiqued, empirical research on leadership is reviewed and summarized, and many references are provided to enable them to follow up with additional reading on topics of special interest. The field of leadership is still in a state of ferment, with many continuing controversies about conceptual and methodological issues. The book addresses these issues whenever feasible rather than merely presenting theories and summarizing findings without concern for the quality of research that lies behind the theories. However, the literature review was intended to be incisive, not comprehensive. Rather than detailing an endless series of theories and studies, the book focuses on the ones that are most relevant and informative. The book reviews what we know about leadership effectiveness, and the current edition reflects significant progress in our understanding of leadership since the first edition was published in 1981.

For practitioners, I attempted to convey a better appreciation of the complexity of managerial leadership, the importance of having theoretical knowledge about leadership, and the need to be flexible and pragmatic in applying this knowledge. The current edition provides many guidelines and recommendations for improving managerial effectiveness, but it is not a “practitioner’s manual” of simple techniques and secret recipes that guarantee instant success. The purpose of the guidelines is to help the reader understand the practical implications of leadership theory and research, not to prescribe exactly how things must be done by a leader. Most of the guidelines are based on a limited amount of research and are not infallible. Being a flexible, adaptive leader includes determining which guidelines are relevant for each unique situation.

Most chapters have one or two short cases designed to help the reader gain a better understanding of the theories, concepts, and guidelines presented in the chapter. The cases describe events that occurred in real organizations, but some of the cases were modified to make them more useful for learning basic concepts and effective practices. The names of the organizations and individuals are usually changed to keep the analysis focused on the events that occurred in a defined time period, not on recent events that may involve different leaders and a new context. The cases ask a reader to analyze behavioral processes, identify examples of effective and ineffective behavior, and suggest effective ways to handle the situation that is depicted.

An instructor’s manual is available with detailed analyses of the cases and suggestions on how to use them. The instructor’s manual also includes a multiple-choice exam for each chapter with items on the major points in the chapter. The manual includes exercises for use in class (e.g., role plays), and some out-of-class activities that help students to understand how they can apply the theory and guidelines.

The book is widely used in many different countries, and some editions have been translated into other languages, including Chinese, Korean, Indonesian, Spanish, and Greek. With its focus on effective leadership in organizations, the book is especially relevant for people who expect to become a manager or administrator in the near future, for people who will be responsible for training or coaching leaders, and for people who will be teaching courses or workshops that include leadership as one of the key topics. The book is appropriate for use as the primary text in an undergraduate or graduate
