HOUSE No. 19

Esta casa es extremadamente sencilla: el material constructivo, basto y desnudo, determina la calidad del espacio. La luz del interior es especialmente vívida y hermosa, y gracias a los grandes postigos el interior se relaciona con el exterior de una manera directa y poderosa. Este estudio móvil forma parte del programa de arte municipal de Utrecht.

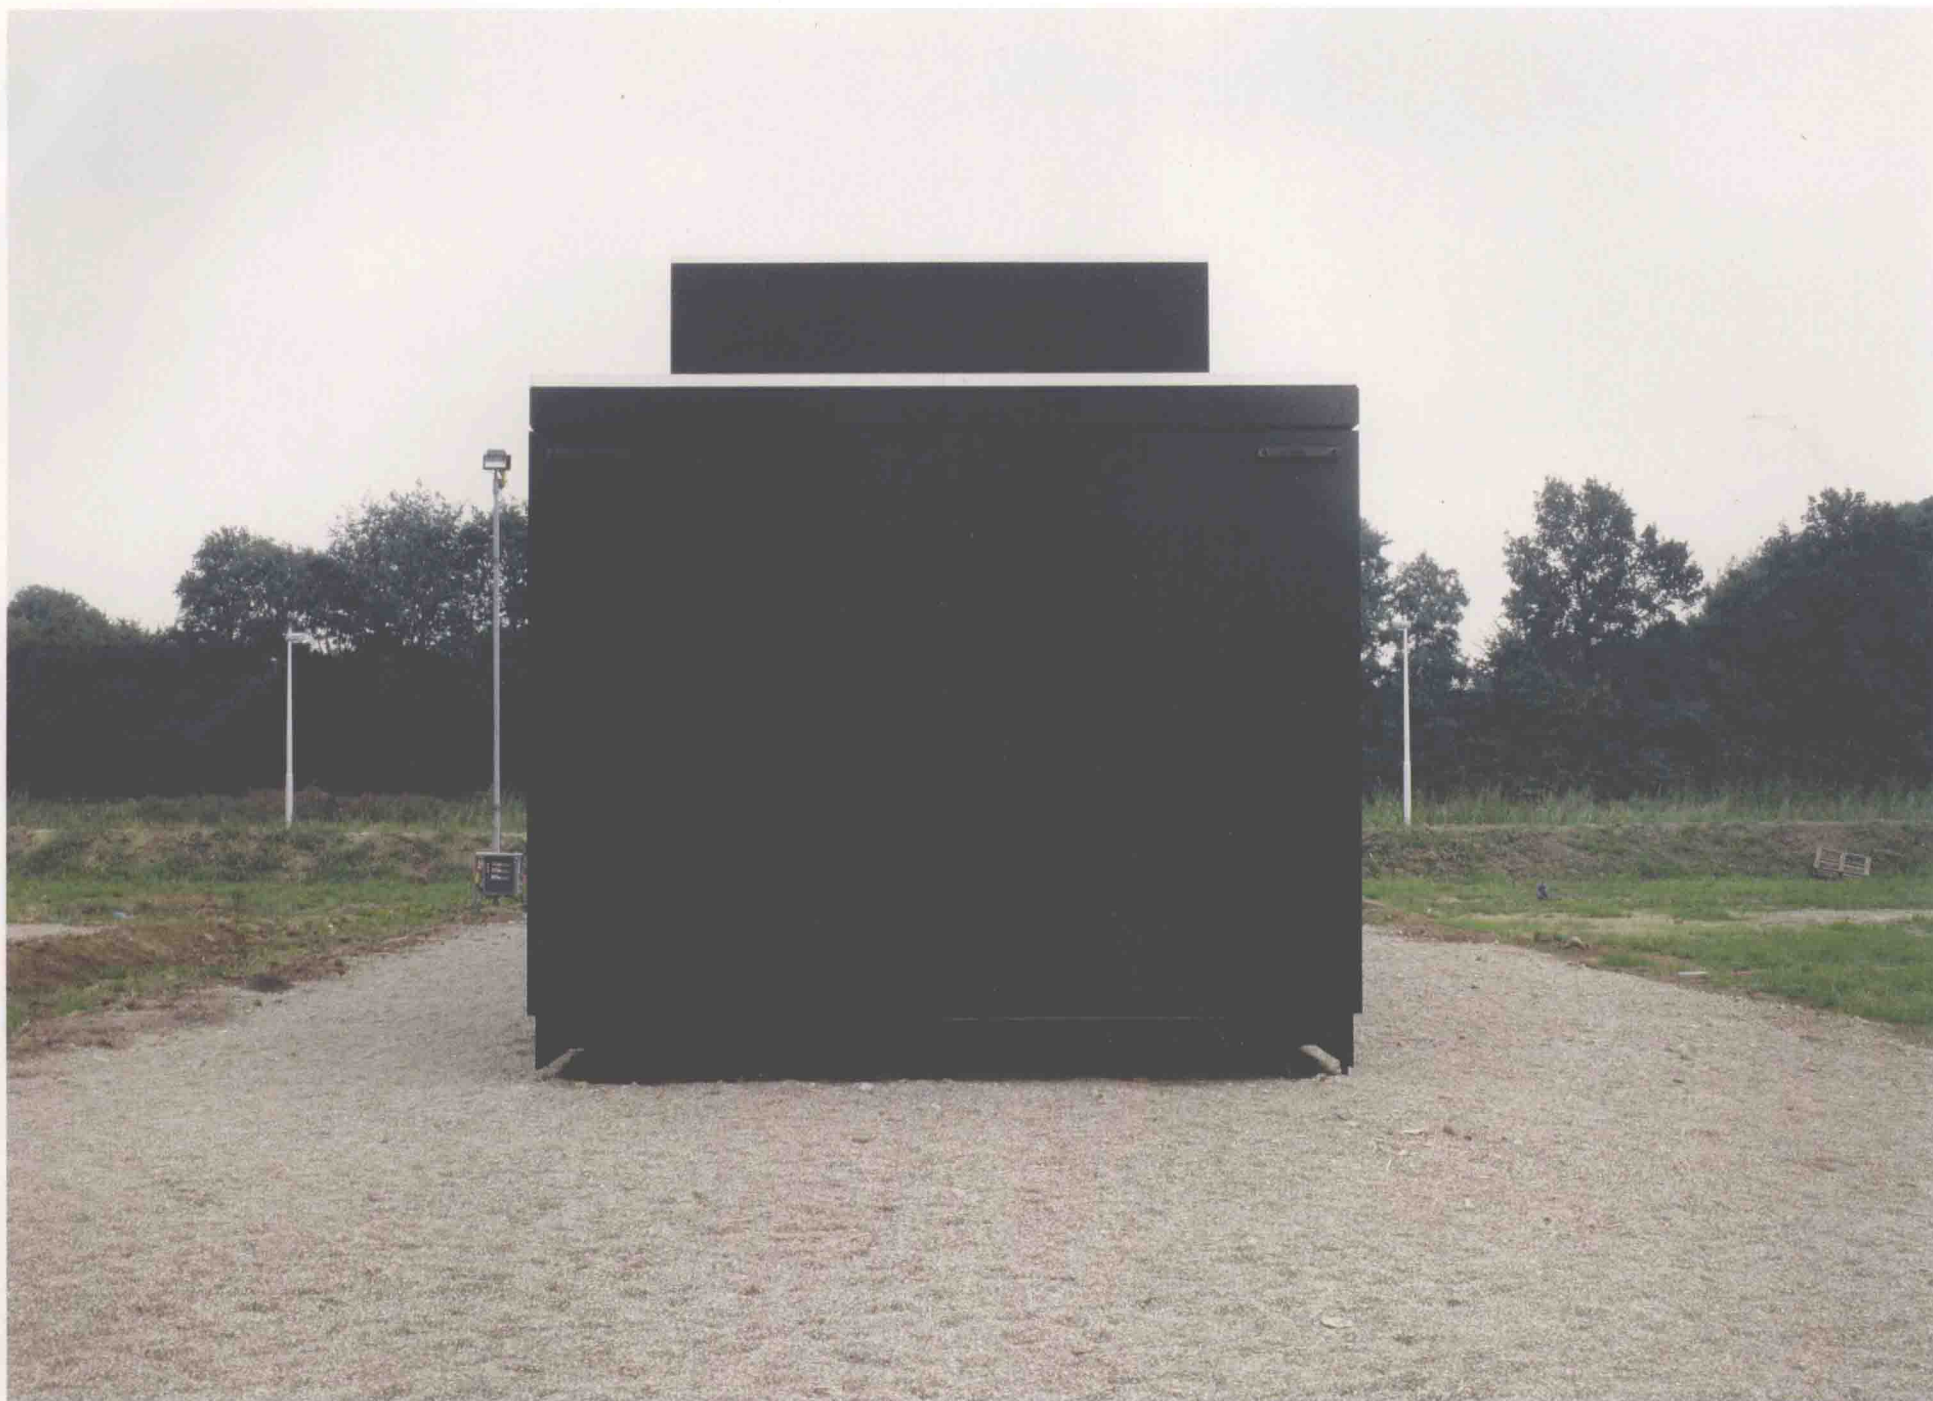

In questa casa, estremamente semplice, il materiale costruttivo, grezzo e essenziale, determina la qualità dello spazio. La luce dentro l'abitazione è particolarmente viva e calda e, grazie alle grandi persiane, l'interno si pone in relazione con l'esterno in modo diretto e massiccio. Questo studio mobile fa parte del programma di arte municipale di Utrecht.

This house is extremely simple: the raw and plain building materials determine the quality of the space. The internal lighting is especially bright and beautiful, and the large windows allow the interior to relate directly and powerfully with the exterior. This mobile studio is part of the Utrecht community art project.
