CONTENTS

CHAPTER I

	<i>Page</i>
CLINICAL ASPECTS OF THE ANATOMY AND PHYSIOLOGY OF THE NERVOUS SYSTEM	
Embryology and Morphology of the Immature Nervous System	3
The Clinical Physiology of the Immature Nervous System	10
Localization of Lesions in the Nervous System	18
Analysis of Symptoms	18
The Segmental Apparatus	20
The Cranial Segments	20
Lesions of the Cranial Nerves	20
Lesions within the Brain-Stem	27
The Spinal Segments	44
Lesions of the Spinal Roots, Plexuses and Nerves	44
Lesions of the Cervical Plexus	50
Lesions of the Brachial Plexus	50
Lesions of the Cauda Equina	54
Lesions of Nerves of the Lumbar Plexus	55
Lesions of Nerves of Sacral Plexus	55
Supplementary or "Trick" Movements in Lesions of Peripheral Nerves	57
Regeneration of Peripheral Nerves	59
Lesions Within the Spinal Cord	62
The Principles of Muscle Function	68
Suprasegmental Structures of the Nervous System	77
The Cerebral Cortex	77
The Corpus Callosum	98
The Motor Ganglia of the Forebrain	101
The Anatomical Basis of Extra-Pyramidal Syndromes	105
Hypothesis Concerning the Pathogenesis of Extra-Pyramidal Syndromes	106
The Thalamus	107
The Cerebellum	110
The Autonomic Nervous System	115
Suprasegmental Autonomic Apparatus	116
The Segmental Autonomic Apparatus	121
Efferent Autonomic Neurons	121
Afferent Autonomic Neurons	127
Peripheral Plexuses	129
Innervation of the Bladder	129
The Blood Supply of the Nervous System and Vascular Syndromes	134
The Arterial Circulation of the Central Nervous System	134
Vasomotor Reactions of the Cerebral Arteries	137
Clinical Results of Disturbances of Arterial Circulation	138
The Internal Carotid Artery	139
Branches	139

The Ophthalmic Artery	140
The Anterior Cerebral Artery	141
Branches	141
Syndromes of the Anterior Cerebral Artery	141
The Middle Cerebral Artery	142
Branches	142
Syndromes of the Middle Cerebral Artery	143
The Anterior Choroidal Artery	144
Posterior Cerebral Artery	145
Cortical Branches	145
Penetrating Branches	145
Syndromes of the Posterior Cerebral Artery	145
The Posterior Communicating Artery	146
The Basilar Artery	146
Branches	146
The Vertebral Arteries	148
Branches	148
The Arterial Circulation of the Peripheral Nerves	152
The Venous Circulation of the Central Nervous System	152
Clinical Results of Disturbances of the Cerebral Venous Circulation ..	154

CHAPTER II

PRENATAL DISEASES AND DEVELOPMENTAL DEFECTS OF THE NERVOUS SYSTEM

Classification of Congenital Defects of the Central Nervous System	158
The Mode of Inheritance of Congenital Defects of the Nervous System	161
List of Congenital Defects of the Nervous System and their Mode of Inheritance (After Macklin)	162
Cerebral Dysplasia with Cranium Bifidum	163
Congenital Spastic Diplegia	167
Congenital Spastic Paraplegia	176
Congenital Double Hemiplegia	176
Congenital Hemiplegia	178
Congenital (Cerebral) Monoplegia	182
Congenital Pseudobulbar Palsy	182
Congenital Atonic Diplegia	184
Congenital Defects due to Maternal German Measles	187
Mental Deficiency with Congenital Ichthyosis and Spasticity (Sjögren)	189
Congenital Athetosis, Chorea and Rigidity	190
Congenital Cerebellar Ataxia	195
Congenital Maladroitness	197
Congenital Defects of the Cranial Nerves	198
Congenital Defects of the Optic Nerve and Retina	205
Congenital (Hereditary) Nystagmus	209
Congenital Lack of Lateral Gaze	211
(or Congenital Oculomotor Apraxia-Cogan)	
Spasmus Nutans	212
Hereditary Myokymia	213
Hereditary Chin Quivering	214
Congenital Internal Hydrocephalus	215
Hydranencephaly	226

The Arnold-Chiari Malformation	229
Congenital External Hydrocephalus	233
Agenesis of the Corpus Callosum	233
Congenital Mental Defects	235
Simple Primary Amentia	235
Microcephaly	242
Macrocephaly	245
Mongolian Idiocy	248
Congenital Deafness and Deaf-Mutism	252
Developmental Disorders of Speech	255
Developmental Word Deafness and Idioglossia	257
Developmental Word Blindness and Mirror Writing	258
Stuttering and Stammering	261
Congenital Color Blindness	263
Congenital Universal Indifference to Pain	264
Congenital and Familial Anesthesia (Biemond)	267
Craniostenoses	268
Oxycephaly, Acrobrachycephaly and Scaphocephaly	268
Cleidocranial Dysostosis	276
Basilar Impression	277
Ocular Hypertelorism	279
Mandibulofacial Dysostosis	280
Rothmund's and Thompson's Syndromes	282
Chondrodystrophy (Achondroplasia)	282
Arachnodactyly	284
Myelodysplasia with Spina Bifida	285
Status Dysraphicus	292
Myelodysplasia with Klippel-Feil Syndrome	293
Myelodysplasia with Absence of the Sacrum	295
Spinal Extradural Cyst with Kyphosis Dorsalis Juvenilis	296
Congenital Dermal Sinuses	297
Diplomyelia and Diastematomyelia	300
Cysts, Malformations and Neoplasms Arising from Remnants of the Neurenteric Canal	301
Amyotonia Congenita	302

CHAPTER III

HEREDOFAMILIAL AND DEGENERATIVE DISEASES OF THE NERVOUS SYSTEM

Classification of the Heredofamilial and Degenerative Diseases of the Nervous System	309
The Inheritance of Heredofamilial Diseases of the Nervous System	311
List of Hereditary Diseases of the Nervous System and Their Mode of Inheritance (After Macklin)	314
Encephalitis Periaxialis Diffusa of Schilder	316
Encephalitis Periaxialis Concentrica of Baló	322
Congenital, Demyelinating Encephalopathy (Mackay)	324
Delange's Syndrome	324
Neuromyelitis Optica	325
Disseminated Sclerosis	331
Retrolbulbar Neuritis	338

Disseminated Encephalomalacia with Cavity Formation	341
Degeneration of the Cerebral Gray Matter	346
Familial Calcification of the Cerebral Blood Vessels	350
Other Neurological Conditions Associated with Pigmentary Changes in the Retinae	351
List of Conditions Characterized by Pigmentary Changes in the Retinae	351
Pigmentary Degeneration of the Retina	355
Familial Degeneration of the Maculae	358
The Laurence-Moon-Biedl Syndrome	360
Dystonia Musculorum Deformans	361
Status Demyelinisatus of the Vogts	366
Pigmentary Degeneration of the Globus Pallidus and Substantia Nigra (Hallervorden-Spatz Disease)	367
Juvenile Paralysis Agitans of Hunt	369
Huntington's Chorea	370
A Familial Syndrome Manifest By Athetosis, Loss of Muscle Tone, Mental Deterioration and Febrile Episodes with Loss of Consciousness (Harvey)	372
The Classification of the Hereditary Cerebellar Ataxias	372
Hereditary Cerebellar Ataxia of Friedreich	373
Hereditary Cerebellar Ataxia with Spasticity (Behr' Syndrome)	376
Familial Degeneration of the Cerebellar Cortex with Mental Deficiency in Childhood	378
Other Types of Hereditary Ataxia in Childhood	379
Hereditary Spastic Paraplegia	379
Hereditary Amyotrophic Lateral Sclerosis	383
Werdnig-Hoffmann Infantile Spinal Muscular Atrophy	385
Hereditary Juvenile Muscular Atrophy	389
Hereditary Ataxia with Muscular Atrophy	390
Hereditary Bulbar Palsy	391
Peroneal Muscular Atrophy	392
Hereditary Degeneration of the Sensory Nerve Roots	395
Hereditary perforating ulcer of the foot—Hicks	
Hereditary sensory radicular neuropathy—Denny-Brown	395
Hypertrophic Interstitial Polyneuritis	396
Hereditary Optic Atrophy	399
Leber's optic atrophy and other types	399
Hyaline Bodies in the Optic Nerve Head	401
Hereditary Tremor	402
The Myoclonus Epilepsies	404
Paramyoclonus Multiplex	405
A Disease Resembling Wernicke's Encephalopathy (Feigin and Wolf) ..	407
Hereditary Nerve Deafness	410
Meniere's Syndrome	412
Progressive Facial Hemiatrophy	413
Xeroderma Pigmentosa with Mental Changes	415

CHAPTER IV

INFECTIONS AND PARASITIC INVASIONS OF THE NERVOUS SYSTEM	
Diseases due to Filterable Viruses	418

Lethargic Encephalitis of Von Economo or Epidemic Encephalitis, Type A	422
Acute State of Epidemic Encephalitis	424
Epidemic Encephalitis, Type B	438
Australian X Disease	444
Encephalomyelitis due to the Virus of Equine Encephalitis	445
Acute Anterior Poliomyelitis	448
Diseases due to the Coxsackie Viruses	472
Encephalomyocarditis	473
Epidemic Hiccough	474
Rabies	475
Herpes Zoster	481
Neuritis of the Facial Nerve (Often called Bell's Palsy)	485
Melkersson's Syndrome	488
Acute Lymphocytic Choriomeningitis	489
Chronic Lymphocytic Meningitis of Unknown Origin	492
Mumps Meningoencephalitis	494
Acute Encephalitis due to the Virus of Herpes Simplex	500
Subacute Inclusion Body Encephalitis of Dawson	501
(or subacute sclerosing leucoencephalopathy)	
Generalized Cytomegalic Inclusion Disease	503
Involvement of the Nervous System in Infectious Mononucleosis	505
Behcet's Syndrome	509
The Iceland, or Akureyri, Disease	510
Invasion of the Nervous System by Rickettsiae	511
Involvement of the Nervous System in Typhus Fever	511
Involvement of the Nervous System in Tick-Bite Fever	513
Involvement of the Nervous System in Tsutsugamushi Fever	515
Bacterial Infections Involving the Nervous System	516
Abscess of the Brain	516
Localized Non-Suppurative Encephalitis Associated with Otitis	522
Septic Thrombosis of the Dural Sinuses	523
Subdural Abscess of the Cranium	530
Subdural Effusions	531
Acute Labyrinthitis	532
Infection of the Petrous Apex	534
Palsies of the Cranial Nerves of the Posterior Fossa Associated with Chronic Otitis	535
Purulent Meningitis	536
Meningococcus Meningitis	536
Pneumococcus Meningitis	549
Meningitis due to Staphylococci and Streptococci	551
"Influenzal" Meningitis	552
Involvement of the Nervous System in Brucellosis	554
Other Types of Bacterial Meningitis	555
Adhesions between the Pia and Arachnoid Membranes and Subarachnoid Cysts	557
Cerebral Ependymitis	561
Myelitis and Abscess of the Cord	563
Pyogenic infections of the Spinal Epidural Space	565
Spinal Subdural Abscess	569

Invasion of the Nervous System in Septicemia and Pyemia	569
Invasion of the Nervous System by Acid-Fast Bacteria	571
Tuberculosis of the Nervous System	571
Introduction	571
Tuberculomas of the Nervous System	572
Tuberculous Meningitis	576
Tuberculous Spondylitis	582
Tuberculosis of the Cranial Bones	586
Sarcoidosis	587
Leprosy	591
Invasion of the Nervous System by Fungi	595
Actinomycosis	595
Coccidiosis	597
Torulosis	599
Invasion of the Nervous System in other Fungus Infections	602
Invasion of the Nervous System by Spirochetes and Related Organisms	604
Congenital Syphilis of the Nervous System	604
Involvement of the Nervous System in Spirochetal Diseases	620
Invasion of the Nervous System by Protozoa	622
Malaria	622
Toxoplasmic Encephalitis	624
African Trypanosomiasis	628
American Trypanosomiasis	630
Amoebic Abscess of the Brain	632
Invasion of the Nervous System by Parasitic Worms	633
Trichinosis	633
Cysticerci	636
Echinococcosis	640
Schistosomiasis	643
Nematodiasis	644

CHAPTER V

TOXIC AND METABOLIC DISORDERS INVOLVING THE NERVOUS SYSTEM

Intoxications due to Infections	649
Disseminated Encephalomyelitis or Myelinoclassis Following Measles	649
Encephalomyelitis following German Measles	662
Encephalomyelitis following Vaccination Against Variola	663
Encephalitis following Variola	667
Encephalomyelitis following Varicella	669
Encephalomyelitis following Vaccination Against Rabies	671
The Neurological Complications of Exanthem Subitum	672
Encephalomyelitis following Scarlet Fever	673
Encephalomyelitis following Unknown Infections	674
Encephalopathies	675
Sydenham's Chorea and Rheumatic Fever	675
Pertussis Encephalopathy	681
Acute Toxic Encephalopathy	685
Neuropathies	689

Polyneuritis and other Neurological Conditions due to Diphtheria . . .	689
Acrodynia	694
Acute Infective Polyneuritis of Unknown Origin	698
Uveitis and Deafness with Depigmentation of Hair and Skin	705
Polyneuritis due to other Infections	707
Chronic Polyneuritis of Unknown Origin	708
Recurrent Polyneuritis	709
Tetanus	710
Paralysis due to the Bite of the Wood Tick	718
Snake Bites	720
Spider Bites	721
Bee and Wasp Stings	722
Scorpion Stings	723
Venomous Fish	723
Intoxications due to Exogenous Poisons	724
Lead Poisoning	724
Arsenic Poisoning	730
Drugs and Poisons	734
Principles of Treatment	741
Food Poisoning	743
Botulism	743
Metabolic and Endocrine Disorders Involving the Nervous System	746
Injury to the Central Nervous System due to Anoxia	746
Neurological Complications of Chronic Pulmonary Insufficiency	753
Neurological Conditions Associated with Disorders of the Liver	754
Hepatolenticular Degeneration	756
Kernikterus with Icterus Gravis and Erythroblastosis Fetalis	762
Hereditary Non-Hemolytic Jaundice with Kernikterus	768
Disorders of Renal Function	769
The Cerebral Symptoms of Renal Disease	769
Disorders of the Thyroid Gland	772
Cretinism and Myxedema	772
Hyperthyroidism	777
Disorders of the Parathyroid and Diseases of the Bones	780
Hypoparathyroidism and Hypocalcemia	780
Hyperparathyroidism and Hypercalcemia	783
Polyostotic Fibrous Dysplasia or Albright's Syndrome	786
Juvenile Paget's Disease	788
Leontiasis Ossea	790
Damage to the Nervous System in Osteopetrosis	792
Hypophosphatasia with Inadequate Growth of the Skull Simulating Craniosostenosis	794
Disorders of the Pancreas and Carbohydrate Metabolism	794
Neurological Features of Diabetes Mellitus	794
Hypoglycemia and Insulin Shock	797
Glycogen Storage Disease	801
Galactosuria with Cataracts and Mental Deficiency	804
Disorders of Lipid Metabolism	805
The Cerebral Lipidoses	806

Cerebroretinal Degeneration—Subacute Infantile Form or Amaurotic Idiocy of Tay-Sachs	806
Heller's Infantile Dementia	810
Cerebroretinal Degeneration—Early Juvenile (Late Infantile) Form of Bielschowski	811
Cerebroretinal Degeneration—Juvenile Form of Spielmeyer-Vogt	812
Cerebroretinal Degeneration—Late Form of Kufs	815
Gaucher's Disease of Infancy	816
Schuller-Christian Disease	818
Niemann-Pick Disease with Degeneration of the Nervous System	822
Gargoylism or Hurler's Syndrome	824
Congenital Familial Cerebral Lipoidosis Resembling Infantile Cerebroretinal Degeneration	827
Lipogranulomatosis (Farber)	828
The Leucodystrophies	829
Diffuse Progressive Metachromatic Leucoencephalopathy	829
Cerebral Sclerosis of Pelizaeus-Merzbacher (Chronic Infantile Form) ..	831
Cerebral Sclerosis of Scholz (Subacute Juvenile Form)	833
Cerebral Sclerosis of Krabbe (Acute Infantile Form)	834
Spongy Degeneration of the Cerebral White Matter (Canavan)	835
Disorders Marked by Porphyrinuria	836
Neurological Manifestations of Acute Porphyrinuria	836
Familial Methemoglobinemia with Mental Deficiency	842
Disorders of Protein Metabolism	843
Phenylpyruvic Acid Dementia or Phenylketonuria	843
Familial Amyloidosis with Special Involvement of the Peripheral Nerves (Andrade)	846
A Syndrome including Mental Deficiency, Loss of Muscle Tone, Hydrophthalmos, Cataracts and Organic Aciduria (Lowe)	847
Hereditary Pellagra-Like Skin Eruption with Cerebellar Ataxia and Renal Aminoaciduria (Baron, Dent, et al.)	848
Progressive Familial, Infantile Cerebral Dysfunction Associated with an Unusual Urinary Substance (Maple Sugar Urine Disease)	848
Neurological Disorders Associated with Increase or Reduction of Serum Sodium	849
Disorders of Magnesium Metabolism	852
Neurological Conditions due to Deficient Diet	853
Vitamin A Deficiency and Poisoning	854
Infantile Tetany and Vitamin D Deficiency	854
Infantile Scurvy and Vitamin C Deficiency	860
Infantile Beriberi, Wernicke's Hemorrhagic Encephalopathy and Vitamin B ₁ Deficiency	863
Pellagra	866
Vitamin B ₆ Deficiency	869
Encephalopathy in Infants Recovering from Malnutrition (Kwashiorkor)	870
Neurological Manifestations of the Malabsorption Syndrome	871
Involvement of the Nervous System in Allergic Reactions	871

CHAPTER VI

VASCULAR LESIONS AND CIRCULATORY DISORDERS OF THE NERVOUS SYSTEM

Disorders due to Changes in the Blood Vessels	878
Hemorrhagic Encephalopathy	878
Cerebral Vascular Lesions Following Acute Infectious Diseases	880
Acute Infantile Hemiplegia of Obscure Origin	882
Thrombosis of the Dural Sinuses of Marantic Type	886
Malignant Hypertension and Arteriosclerosis of Childhood	892
Involvement of the Nervous System in Periarteritis Nodosa	895
Involvement of the Nervous System in Systemic Lupus Erythematosus	898
Disorders due to Changes in the Blood	900
Hemorrhagic Disease of the Newborn	900
Involvement of the Nervous System in Thrombocytopenic Purpura ...	903
Involvement of the Nervous System in Hemophilia	906
Involvement of the Nervous System in Anemia	909
Involvement of the Nervous System in Congenital Heart Disease and Polycythemia	911
Involvement of the Nervous System in Bacterial Endocarditis	914
Fat Embolism of the Brain	916
Air Embolism of the Nervous System	918
Vascular Anomalies Involving the Nervous System	920
Saccular Aneurysms of the Cerebral Arteries	920
Arteriovenous Fistulae	930
Venous Angiomas	936
Telangiectases of the Nervous System	938
The Sturge Weber Syndrome or Meningeal Angiomatosis	939
Progressive Familial Cerebellar Ataxia and Choreoathetosis with Telangiectasia and Chronic Infection of the Respiratory Tract	944
Vascular Anomalies Involving the Spinal Cord	948

CHAPTER VII

NEOPLASMS AND RELATED CONDITIONS INVOLVING THE NERVOUS SYSTEM

Intracranial Neoplasms	952
Cerebellar Neoplasms	953
Astrocytomas	956
Medulloblastomas	957
Hemangioblastomas	962
Neoplasms of Cerebral Hemispheres	967
Glioblastoma Multiforme	969
Oligodendrogliomas	970
Neuroblastomas and Ganglioneuromas (of the Brain)	971
Neoplasms Involving the Optic Nerves and Chiasm	972
Hypophyseal Duct Tumors	972
Adenomas of the Pituitary Gland	979
Chromophobe Adenomas	981
Eosinophil Adenomas	984
Gliomas of the Chiasm and Intracranial Part of the Optic Nerves ...	986
Neoplasms of the Optic Nerves and Orbit	988
Gliomas of the Retina	989

Neoplasms of the Thalamus and Corpus Striatum	990
Neoplasms of the Hypothalamus and Infundibulum	992
Neoplasms Involving the Brain-Stem	995
Gliomas of the Brain-Stem	995
Pineal Neoplasms	998
Intraventricular Neoplasms	1004
Ependymomas	1005
Papillomas of the Choroid Plexus	1006
Colloid Cysts of the Third Ventricle	1007
Congenital Cysts of the Cavum Septi Pellucidi and Cavum Vergae ..	1009
Primary Neoplasms of the Meninges	1010
Meningiomas	1010
Sarcomatosis of the Leptomeninges	1012
Primary Melanoblastosis of the Leptomeninges	1013
Primary Neoplasms of the Skull	1014
Osteomas of the Accessory Nasal Sinuses	1014
Tumors of the Glomus Jugulare	1016
Malignant Tumors of the Nasopharynx	1017
Tumors of the Olfactory Neuroepithelium	1020
Neoplasms Arising from Blastomeric Defects	1020
Chordoblastomas	1021
Dermoids and Epidermoids	1021
Lipomas	1024
Teratomas	1026
Metastatic Neoplasms of the Brain	1026
Increased Intracranial Pressure of Unknown Origin	1027
Neoplasms of the Spinal Cord	1031
Syringomyelia and Spinal Glioses	1041
Neoplasms of the Sympathetic System	1049
Neurofibromatosis of Von Recklinghausen	1050
Tuberosc clerosis or Epiloia	1065
Primary Gliosis of the Brain	1070
Involvement of the Nervous System in Hodgkin's Disease	1071
Involvement of the Nervous System in Hyperplasias of the White Blood Cells, Leukemias, Chloromas and Myelomas	1073

CHAPTER VIII

INJURIES OF THE NERVOUS SYSTEM BY PHYSICAL AGENTS

Birth Injuries	1080
Cerebral Birth Injuries	1080
Due to Trauma and Anoxia	1080
Spinal Birth Injuries	1107
Birth Injury of the Brachial Plexus and Spinal Nerves	1113
Birth Injury of the Facial Nerve	1118
Post-Natal Traumatic Conditions	1119
Traumatic Lesions of the Brain and Cranial Nerves	1119
Extradural Hemorrhage	1131
Arteriovenous Fistula Between the Cavernous Sinus and the Internal Carotid Artery	1133

Chronic Subdural Hematoma	1134
Subdural Hydroma (Traumatic)	1140
Traumatic Arachnoidal Cysts	1141
Pneumocephaly and Cerebrospinal Rhinorrhea	1142
Traumatic Lesions of the Spinal Cord	1144
Paraplegia Due to Severe Scoliosis	1151
Traumatic Lesions of the Spinal Nerves	1153
Compression of the Roots of the Brachial Plexus by Cervical Ribs	1161
Involvement of the Radial Nerve in Association with Subcutaneous Fat Necrosis of the Newborn	1164
Injury of the Nervous System by Radium and by Roentgen Rays	1165
Sun Stroke and High Fever	1168
Injury of the Nervous System by Lightning and Electric Currents	1169
Injury of the Nervous System by Severe Burns	1172

CHAPTER IX

THE EPILEPSIES AND PAROXYSMAL DISORDERS OF THE NERVOUS SYSTEM

The Epilepsies	1174
Introduction	1175
Generalized Convulsions	1176
Status Epilepticus	1181
Petit Mal	1182
Seizures of other Types	1183
Focal Convulsions	1200
Familial Paroxysmal Choreoathetosis	1208
Syncope	1209
Breath Holding Spells	1213
Narcolepsy	1214
Migraine	1218
The Syndrome of Recurrent Somnolence and Morbid Hunger	1227

CHAPTER X

DISEASES OF THE AUTONOMIC SYSTEM

Disorders of the Gastrointestinal Tract	1228
Hirschsprung's Disease	1228
Megaloureter and Dilated Bladder	1229
Spastic Constipation	1230
Hypertrophic Stenosis of the Pylorus	1230
Cardiospasm	1231
Disorders of Respiratory Tract	1232
Laryngospasm	1232
Bronchospasm and Asthma	1233
Disorders of the Vasomotor System	1234
Raynaud's Disease	1234
The Syndrome of the Carotid Sinus	1236
Postural Hypotension	1238
Disorders of Sweat Secretion	1239
Congenital Hyperhidrosis	1239
Anhidrosis	1240

Disorders of the Heart Action	1240
Paroxysmal Tachycardia	1240
Heart Block with Stokes-Adams Syndrome	1242
Disorders of Metabolism due to Lesions in the Suprasegmental Centers of the Autonomic System	1243

CHAPTER XI

DISEASES OF THE MUSCLES

Congenital Defects of Muscles	1247
Congenital Absence of Muscles	1247
Congenital Contractures of the Muscles	1251
Congenital Torticollis	1251
Congenital Club-Foot	1253
Congenital Elevation of the Scapula	1254
Congenital Contractures of the Extremities	1254
Campylodactyly	1255
Congenital Laxity of the Ligaments (Congenital Atonia)	1256
Congenital Universal Muscular Hypoplasia (Krabbe)	1258
Congenital, Non-Progressive Myopathy of Shy and Magee	1260
Heredofamilial Diseases of the Muscles	1261
The Muscular Dystrophies	1261
Myotonic Dystrophy	1270
Hereditary Ophthalmoplegia Externa	1274
Myotonia Congenita of Thomsen	1276
Hypertrophia Musculorum Vera	1279
Traumatic Conditions of Muscles	1280
Volkmann's Ischemic Contracture and other Conditions	1280
Traumatic Necrosis of the Pretibial Muscles	1282
Inflammatory Diseases of Muscles	1283
Dermatomyositis	1283
Polymyositis	1287
Other Types of Myositis	1289
Epidemic Myalgia	1290
Toxic and Metabolic Disorders of Muscles	1292
Myasthenia Gravis	1292
Periodic Family Paralysis with Low Serum Potassium	1300
Familial Periodic Paralysis with Elevation of Serum Potassium	1305
The Myoglobinurias	1307
Spontaneous, Familial, Paralytic Myoglobinuria	1307
With and Without Evidences of Muscular Dystrophy	1307
Severe Myopathy Associated with Adolescent Osteomalacia Simulating Vitamin D Deficiency (Dent and Harris)	1310
McArdle's Myopathy	1313
Progressive Myositis Ossificans	1314
Neoplasms of the Muscles	1317

CHAPTER XII

PSYCHOGENIC DISORDERS SIMULATING ORGANIC DISEASES OF THE NERVOUS SYSTEM	1318
Index	1327

DISEASES
of the
NERVOUS SYSTEM

In Infancy, Childhood and Adolescence

Fourth Edition
