About Wolters Kluwer Law & Business

Wolters Kluwer Law & Business is a leading global provider of intelligent information and digital solutions for legal and business professionals in key specialty areas, and respected educational resources for professors and law students. Wolters Kluwer Law & Business connects legal and business professionals as well as those in the education market with timely, specialized authoritative content and information-enabled solutions to support success through productivity, accuracy and mobility.

Serving customers worldwide, Wolters Kluwer Law & Business products include those under the Aspen Publishers, CCH, Kluwer Law International, Loislaw, Best Case, ftwilliam.com and MediRegs family of products.

CCH products have been a trusted resource since 1913, and are highly regarded resources for legal, securities, antitrust and trade regulation, government contracting, banking, pension, payroll, employment and labor, and healthcare reimbursement and compliance professionals.

Aspen Publishers products provide essential information to attorneys, business professionals and law students. Written by preeminent authorities, the product line offers analytical and practical information in a range of specialty practice areas from securities law and intellectual property to mergers and acquisitions and pension/benefits. Aspen's trusted legal education resources provide professors and students with high-quality, up-to-date and effective resources for successful instruction and study in all areas of the law.

Kluwer Law International products provide the global business community with reliable international legal information in English. Legal practitioners, corporate counsel and business executives around the world rely on Kluwer Law journals, looseleafs, books, and electronic products for comprehensive information in many areas of international legal practice.

Loislaw is a comprehensive online legal research product providing legal content to law firm practitioners of various specializations. Loislaw provides attorneys with the ability to quickly and efficiently find the necessary legal information they need, when and where they need it, by facilitating access to primary law as well as state-specific law, records, forms and treatises.

Best Case Solutions is the leading bankruptcy software product to the bankruptcy industry. It provides software and workflow tools to flawlessly streamline petition preparation and the electronic filing process, while timely incorporating ever-changing court requirements.

ftwilliam.com offers employee benefits professionals the highest quality plan documents (retirement, welfare and non-qualified) and government forms (5500/PBGC, 1099 and IRS) software at highly competitive prices.

MediRegs products provide integrated health care compliance content and software solutions for professionals in healthcare, higher education and life sciences, including professionals in accounting, law and consulting.

Wolters Kluwer Law & Business, a division of Wolters Kluwer, is headquartered in New York. Wolters Kluwer is a market-leading global information services company focused on professionals.

For my sister, Lisa Burnett, who has always been there for me.

Court procedure and judicial process courses are offered in nearly every criminal justice program in the United States. Many of these courses combine aspects of court procedure along with an overview of evidentiary issues. However, the texts available for these courses generally take a theoretical approach rather than addressing practical concerns and procedures of the various phases of a criminal case. This text, written by an attorney with extensive trial and classroom experience, seeks to address that deficit. In *Court Procedure and Evidence Issues*, the author explores the details of the judicial process, explaining the various phases of a criminal prosecution in a clear and often entertaining style. The book provides a balance between theoretical discussions and practical, down-to-earth examples of law in action at every phase of a criminal proceeding. The text emphasizes the practical aspects of criminal procedure and evidentiary issues and provides real-world examples, while still discussing the theoretical and academic bases of trial procedures

FEATURES OF THE TEXTBOOK:

- Chapter objectives that are stated clearly and succinctly
- Terms and legal vocabulary set out in bold in the body of the text and defined immediately in the margin for the ease of student comprehension
- Figures and tables to illustrate crucial points, designed to capitalize on different learning styles among students
- Scenarios to help students develop their understanding of the material
- Excerpts from seminal or otherwise noteworthy appellate cases
- End-of-chapter questions, activities, and assignments to hone students' understanding
- Websites for further research and/or discussion

"Profiling the Professional" features that include interview excerpts from professionals currently practicing in criminal justice and provide valuable insights into the real world of crime and criminal prosecution and defense

TEXTBOOK RESOURCES

The companion website for this text at http://www.aspenparalegaled.com/books/bevans_court/ includes additional resources for students and instructors, including:

- Study aids to help students master the key concepts for this course. Visit the site to access interactive StudyMate exercises such as flash cards, matching, fill-in-the-blank, and crosswords. These activities are also available for download to an iPod or other hand-held device.
- Instructor resources to accompany the text
- Links to helpful websites and updates

Blackboard and eCollege course materials are available to supplement this text. This online courseware is designed to streamline the teaching of the course, providing valuable resources from the book in an accessible electronic format.

Instructor resources to accompany this text include a comprehensive Instructor's Manual, Test Bank, and PowerPoint slides. All of these materials are available on a CD-ROM or for download from our companion website.

Acknowledgments

I would like to acknowledge the tremendous help, effort, and support that the following individuals provided in bringing this book to its final form: Jacqueline Landis, Betsy Kenny, David Herzig, Lisa Mazzonetto, and Lisa Burnett.

I would also like to thank the reviewers who contributed their time and insight to help shape this text:

Richard Becker, Lone Star College — Tomball
Scott Donaldson, Tarrant City College
Mary Eastep, University of Central Florida
Kimberly Hassell, University of Wisconsin — Milwaukee
Vincent Jones, Governors State University
Cathryn Lavery, Iona College
Elizabeth Maier, Norwich College
Emmanuel Onyeozili, University of Maryland — Eastern Shore
Sara Jane Phillips, University of Texas — Arlington
Judith Revels, University of North Florida
