Notices

Knowledge and best practice in this field are constantly changing. As new research and experience broaden our understanding, changes in research methods, professional practices, or medical treatment may become necessary.

Practitioners and researchers must always rely on their own experience and knowledge in evaluating and using any information, methods, compounds, or experiments described herein. In using such information or methods they should be mindful of their own safety and the safety of others, including parties for whom they have a professional responsibility.

With respect to any drug or pharmaceutical products identified, readers are advised to check the most current information provided (i) on procedures featured or (ii) by the manufacturer of each product to be administered, to verify the recommended dose or formula, the method and duration of administration, and contraindications. It is the responsibility of practitioners, relying on their own experience and knowledge of their patients, to make diagnoses, to determine dosages and the best treatment for each individual patient, and to take all appropriate safety precautions.

To the fullest extent of the law, neither the Publisher nor the authors, contributors, or editors assume any liability for any injury and/or damage to persons or property as a matter of products liability, negligence or otherwise, or from any use or operation of any methods, products, instructions, or ideas contained in the material herein.

To our spouses

Patricia Martin and Roslyn Fanaroff

to the Martin children and grandchildren

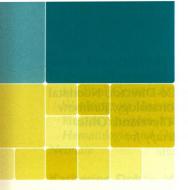

Scott, Molly, William, and Adelaide Martin;

Sonya Martin; and Peter, Mateo, and Soren Graif

to the Fanaroff children and grandchildren
Jonathan, Kristy, and Mason Fanaroff;
Jodi, Peter, Austin, and Morgan Tucker;
and Amanda, Jason, Jackson, and Raya Hirsh

to the Walsh children
Sean and Ryan

with love, admiration, and deep appreciation for their continued support and inspiration

Contributors

Steven A. Abrams, MD

Professor, Pediatrics, Baylor College of Medicine, Houston, Texas Disorders of Calcium, Phosphorus, and Magnesium Metabolism in the Neonate

Johan Agren, MD, PhD

Faculty Member, Department of Women's and Children's Health, Uppsala University; Attending Neonatologist, Division of Neonatology, University Children's Hospital, Uppsala, Sweden The Thermal Environment of the Intensive Care Nursery

Sareea Al Remeithi, MBBS

Pediatric Endocrinologist, Department of Pediatrics, Sheikh Khalifa Medical City, Abu Dhabi, United Arab Emirates Disorders of Sex Development

James E. Arnold, MD

The Julius W. McCall Professor, Program Director, Otolaryngology and Head and Neck Surgery, Pediatric Otolaryngology, Rainbow Babies and Children's Hospital, University Hospitals Case Medical Center; Professor, Otolaryngology, Case Western Reserve University School of Medicine, Cleveland, Ohio Upper Airway Lesions in the Neonate

Ravi Ashwath, MD, FAAP

Assistant Professor of Pediatrics, Pediatric Cardiology, Case Western Reserve University, Rainbow Babies and Children's Hospital, Cleveland, Ohio Congenital Defects of the Cardiovascular System

Komal Bajaj, MD, FACOG

Reproductive Geneticist, North Bronx Healthcare Network; Assistant Professor, Albert Einstein College of Medicine, New York, New York Genetic Aspects of Perinatal Disease and Prenatal Diagnosis

Jill E. Baley, MD

Medical Director, Rainbow 4, University Hospitals Rainbow Babies and Children's Hospital; Professor, Pediatrics, Associate Professor, Obstetrics and Gynecology, Case Western Reserve University School of Medicine, Cleveland, Ohio Perinatal Viral Infections; Schedule for Immunization of Preterm Infants

A. Rebecca Ballard, MD

Assistant Clinical Professor, Pediatrics, Texas A&M Health Science Center, College of Medicine, McLane Children's Hospital, Baylor Scott and White Health, Temple, Texas

Normal Mother-Infant Attachment; Attachment Challenges with Premature or Sick Infants

Eduardo H. Bancalari, MD

Professor, Pediatrics, Director, Division of Neonatology, University of Miami Miller School of Medicine; Chief, Newborn Services, Holtz Children's Hospital at University of Miami/Jackson Memorial Medical Center, Miami, Florida Bronchopulmonary Dysplasia in the Neonate

Manish Bansal, MD

Assistant Professor of Pediatrics, Pediatric Cardiology, Texas Children's Hospital, Baylor College of Medicine, Houston, Texas Cardiovascular Problems of the Neonate

Nancy Bass, MD

Associate Professor, Pediatrics and Neurology, Case Western Reserve University, Rainbow Babies and Children's Hospital, Cleveland, Ohio Hypotonia and Neuromuscular Disease in the Neonate

Cynthia F. Bearer, MD, PhD

Mary Gray Cobey Endowed Professor of Neonatology, Associate Chair of Research, Chief, Division of Neonatology, Pediatrics, University of Maryland School of Medicine, Baltimore, Maryland Adverse Exposures to the Fetus

William E. Benitz, MD

Philip Sunshine Professor in Neonatology, Chief, Division of Neonatal and Developmental Medicine, Department of Pediatrics, Stanford University School of Medicine, Stanford, California; Chief, Neonatology Service, Lucile Packard Children's Hospital, Palo Alto, California

Patent Ductus Arteriosus

John T. Benjamin, MD

Assistant Professor, Pediatrics, Division of Neonatology, Vanderbilt University, Nashville, Tennessee Developmental Immunology

Isaac Blickstein, MD

Professor, Obstetrics and Gynecology, Kaplan Medical Center, Rehovot, Israel; The Hadassah-Hebrew University School of Medicine, Jerusalem, Israel Diabetes Mellitus During Pregnancy; Fetal Effects of Autoimmune Disease; Obstetric Management of Multiple Gestation and Birth; Post-Term Pregnancy

Kara L. Calkins, MD

Assistant Professor of Pediatrics, Pediatrics,
Neonatology, and Developmental Biology, David
Geffen School of Medicine at University of
California—Los Angeles; Physician, Pediatrics, Mattel
Children's Hospital, University of California—Los
Angeles, Los Angeles, California
Intrauterine Growth Restriction; Developmental Origins of

Bryan Cannon, MD

Adult Health and Disease

Associate Professor, Pediatrics, Pediatric Cardiology Fellowship Program Director, Departments of Cardiovascular Diseases, Children's Center, and Pediatric and Adolescent Medicine, Mayo Clinic, Rochester, Minnesota

Disorders of Cardiac Rhythm and Conduction in Newborns

Michael Caplan, MD

Chairman, Department of Pediatrics, NorthShore University HealthSystem, Evanston, Illinois; Clinical Professor, Pediatrics, University of Chicago, Pritzker School of Medicine, Chicago, Illinois Neonatal Necrotizing Enterocolitis

Waldemar A. Carlo, MD

Edwin M. Dixon Professor of Pediatrics, University of Alabama at Birmingham; Physician, Neonatology, University of Alabama Hospital, Children's of Alabama Hospital, Birmingham, Alabama Assessment of Neonatal Pulmonary Function

Gisela Chemlinsky, MD

Professor, Pediatrics, Medical College of Wisconsin, Milwaukee, Wisconsin Disorders of Digestion in the Neonate

Janet Chuang, MD

Pediatric Endocrinologist, Nationwide Children's Hospital, Columbus, Ohio Thyroid Disorders in the Neonate

Alan R. Cohen, MD, FACS, FAAP

Neurosurgeon-in-Chief, Chairman, Department of Neurosurgery, Boston Children's Hospital; Franc D. Ingraham Professor of Neurosurgery, Harvard Medical School, Boston, Massachusetts

Disorders in Head Shape and Size; Myelomeningocele and Related Neural Tube Defects

Moira A. Crowley, MD

Assistant Professor, Pediatrics, Case Western Reserve University School of Medicine; Co-Director, Neonatal ECMO Program, Division of Neonatology, Rainbow Babies and Children's Hospital, Cleveland, Ohio Neonatal Respiratory Disorders; Therapy for Cardiorespiratory Failure in the Neonate

Joshua D. Dahlke, MD

Fellow, Maternal Fetal Medicine, Women and Infants Hospital of Rhode Island, Warren Alpert Medical School of Brown University, Providence, Rhode Island Immune and Nonimmune Hydrops Fetalis

Peter Davis, MBBS, MD

Professor, Neonatology, University of Melbourne, Royal Women's Hospital, Melbourne, Victoria, Australia Role of Positive Pressure Ventilation in Neonatal Resuscitation

Linda S. de Vries, MD, PhD

Professor, Neonatal Neonatology, Department of Neonatology, University Medical Center Utrecht, Wilhelmina Children's Hospital, Utrecht, The Netherlands

Intracranial Hemorrhage and Vascular Lesions in the Neonate; Hypoxic-Ischemic Encephalopathy

Katherine MacRae Dell, MD

Associate Professor, Pediatrics, Case Western Reserve University; Director, Clinical and Translational Research, Pediatric Institute, Cleveland Clinic Foundation, Cleveland, Ohio Fluids, Electrolytes, and Acid-Base Homeostasis; The Kidney and Urinary Tract of the Neonate

Sherin U. Devaskar, MD

Distinguished Professor of Pediatrics, Pediatrics, Neonatology, and Developmental Biology, David Geffen School of Medicine at University of California—Los Angeles; Physician, Pediatrics, Mattel Children's Hospital, University of California—Los Angeles, Los Angeles, California Intrauterine Growth Restriction; Developmental Origins of

Adult Health and Disease; Disorders of Carbohydrate
Metabolism in the Neonate

Juliann M. Di Fiore, BSEE

Research Engineer, Department of Medicine, Case Western Reserve University; Research Engineer, Division of Neonatology, Rainbow Babies and Children's Hospital, Cleveland, Ohio Biomedical Engineering Aspects of Neonatal Cardiorespiratory Monitoring; Assessment of Neonatal Pulmonary Function

Yaser Diab, MBBS

Director, Thrombosis Program, Children's National Medical Center; Assistant Professor, Pediatrics, George Washington University School of Medicine and Health Sciences, Washington, DC

Hematologic and Oncologic Problems in the Fetus and Neonate

Katherine Dobbs, MD

Fellow, Pediatric Infectious Diseases and Rheumatology, Case Western Reserve University School of Medicine, Cleveland, Ohio Postnatal Bacterial Infections

Steven M. Donn, MD

Professor, Pediatrics, Division of Neonatal-Perinatal Medicine, C. S. Mott Children's Hospital, University of Michigan Health System, Ann Arbor, Michigan Assisted Ventilation and Its Complications

Elizabeth A. Dubil, MD

LT MC USN Fellow, National Capital Consortium Fellowship in Gynecologic Oncology, Walter Reed National Military Medical Center, Washington, District of Columbia Amniotic Fluid Volume

Richard A. Ehrenkranz, MD

Professor, Pediatrics and Obstetrics, Gynecology and Reproductive Sciences, Interim Chief, Neonatal-Perinatal Medicine, Section of Neonatal-Perinatal Medicine, Department of Pediatrics, Yale School of Medicine; Interim Director, Neonatal Intensive Care Unit, Yale-New Haven Children's Hospital, New Haven, Connecticut

Nutrient Requirements and Provision of Nutritional Support in the Premature Neonate

Alison J. Falck, MD

Assistant Professor, Pediatrics, Division of Neonatology, University of Maryland School of Medicine, Baltimore, Maryland Adverse Exposures to the Fetus

Avroy A. Fanaroff, MD, FRCPE, FRCPCH

Emeritus Professor, Pediatrics and Reproductive Biology, Case Western Reserve University School of Medicine; Emeritus Eliza Henry Barnes Chair in Neonatology, Rainbow Babies and Children's Hospital, Cleveland, Ohio

Epidemiology for Neonatologists; The Organization of Perinatal Services; Obstetric Management of Prematurity

Jonathan M. Fanaroff, MD, JD

Associate Professor, Pediatrics, Case Western Reserve University School of Medicine; Director, Rainbow Center for Pediatric Ethics; Co-Director, Neonatal Intensive Care Unit, Rainbow Babies and Children's Hospital, Cleveland, Ohio

Medical Ethics in Neonatal Care; Legal Issues in Neonatal-Perinatal Medicine

Ross M. Fasano, MD

Director, Chronic Transfusion Program, Hematology, Children's National Medical Center, Washington, DC Blood Component Therapy for the Neonate

Smadar Friedman, MD, PhD

Senior Lecturer in Pediatrics, The Hebrew University School of Medicine; Director, Neonatology Unit, Hadassah University Medical Center, Jerusalem, Israel Fetal Effects of Autoimmune Disease

Meena Garg, MD

Professor of Pediatrics, Pediatrics, Neonatology, and Developmental Biology, David Geffen School of Medicine at University of California—Los Angeles; Physician, Pediatrics, Mattel Children's Hospital, University of California—Los Angeles, Los Angeles, California

Disorders of Carbohydrate Metabolism in the Neonate

Allison Gilmore, MD

Assistant Professor, Pediatric Orthopaedics, Division of Pediatric Orthopaedics, Case Medical Center, Rainbow Babies and Children's Hospital, Cleveland, Ohio

Bone and Joint Infections in Neonates

Jay P. Goldsmith, MD

Elsie Schaefer Professor, Pediatrics, Chief, Section of Neonatology, Tulane University, New Orleans, Louisiana

Overview and Initial Management of Delivery Room Resuscitation; Chest Compression, Medications, and Special Problems in Neonatal Resuscitation

Blanca E. Gonzalez, MD

Assistant Professor, Pediatrics, Center for Pediatric Infectious Diseases, Cleveland Clinic Lerner College of Medicine, Case Western Reserve University, Cleveland Clinic Children's, Cleveland, Ohio Perinatal Viral Infections

Jeffrey B. Gould, MD, MPH

Robert L. Hess Professor in Pediatrics, Director,
Perinatal Epidemiology and Health Outcomes
Research Unit, Division of Neonatal and
Developmental Medicine, Stanford University School
of Medicine; Director, California Perinatal Quality
Care Collaborative, Stanford, California
Evaluating and Improving the Quality and Safety of
Neonatal Intensive Care

Pierre Gressens, MD, PhD

Professor of Foetal and Neonatal Neurology, Centre for the Developing Brain and Department of Biomedical Engineering, Division of Imaging Sciences, King's College London, The Rayne Institute, St Thomas' Hospital, London, United Kingdom; Director, Inserm–Université Paris Diderot, Département Hospitalo–Universitaire PROTECT, Hôpital Robert Debré, Paris, France

Normal and Abnormal Brain Development; White Matter Damage and Encephalopathy of Prematurity

Florin Grigorian, MD

Assistant Professor, Pediatric Ophthalmology, Case Western Reserve University, University Hospitals Case Medical Center, Cleveland, Ohio Examination and Common Problems of the Neonatal Eye

Floris Groenendaal, MD, PhD

Associate Professor of Neonatology, Department of Neonatology, Wilhelmina Children's Hospital, University Medical Center Utrecht, Utrecht, The Netherlands Hypoxic-Ischemic Encephalopathy

Susan J. Gross, MD

Professor, Clinical Obstetrics and Gynecology and Women's Health, Pediatrics, and Clinical Genetics, Chair, Department of Obstetrics and Gynecology and Women's Health, North Bronx Healthcare Network, Albert Einstein School of Medicine, Yeshiva University, Bronx, New York Genetic Aspects of Perinatal Disease and Prenatal Diagnosis

Bhaskar Gurram, MD

Assistant Professor, Medical College of Wisconsin; Pediatric Gastroenterologist, Children's Hospital of Wisconsin, Milwaukee, Wisconsin Disorders of Digestion in the Neonate

Iris Gutmark-Little, MD

Assistant Professor, Pediatric Endocrinology, Cincinnati Children's Hospital Medical Center, Cincinnati, Ohio Thyroid Disorders in the Neonate

David N. Hackney, MD, MS

Assistant Professor, Obstetrics and Gynecology, University Hospitals Case Medical Center, Cleveland, Ohio Estimation of Fetal Well-Being

Louis P. Halamek, MD

Professor and Associate Chief, Education and Training, Division of Neonatal and Developmental Medicine, Department of Pediatrics, Stanford University; Director, Center for Advanced Pediatric and Perinatal Education; Attending Neonatologist, Lucile Packard Children's Hospital at Stanford, Palo Alto, California Simulation in Neonatal-Perinatal Medicine

Aaron Hamvas, MD

Raymond and Hazel Speck Barry Professor of Neonatology and Head, Division of Neonatology, Ann and Robert H. Lurie Children's Hospital of Chicago, Northwestern University Feinberg School of Medicine, Chicago, Illinois Respiratory Distress Syndrome in the Neonate

Susan Hatters Friedman, MD, BA

Associate Professor, Psychiatry and Pediatrics, Case Western Reserve University School of Medicine, Cleveland, Ohio; Associate Professor of Psychological Medicine, University of Auckland, Auckland, New Zealand Parental Mental Health Issues

Yenon Hazan, MD

Department of Obstetrics and Gynecology, Kaplan Medical Center, Rehovot, Israel Diabetes Mellitus During Pregnancy

Anne Hellström, MD, PhD

Professor, Pediatric Ophthalmology, Institute of Neuroscience and Rehabilitation, Sahlgrenska Academy, Gothenburg University, Gothenburg, Sweden Retinopathy of Prematurity

Anna Maria Hibbs, MD, MSCE

Associate Professor, Pediatrics, Case Western Reserve University; Attending Neonatologist, Rainbow Babies and Children's Hospital, Cleveland, Ohio Gastroesophageal Reflux and and Gastroesophageal Reflux Disease in the Neonate

James Adam Hill, MD, FAAP, FACC

Interventional Pediatric/Congenital Cardiologist,
Division of Pediatric Cardiology, Rainbow Babies and
Children's Hospital, University Hospitals Case
Medical Center; Assistant Professor, Pediatrics, Case
Western Reserve University School of Medicine,
Cleveland, Ohio

Principles of Medical and Surgical Management of the Neonate

Susan R. Hintz, MD, MS Epi

Professor, Pediatrics, Division of Neonatal and Developmental Medicine, Stanford University School of Medicine; Medical Director, Center for Fetal and Maternal Health, Lucile Packard Children's Hospital, Palo Alto, California

Role of Imaging in Neurodevelopmental Outcomes of High-Risk Neonates

Shinjiro Hirose, MD

Associate Professor of Clinical Surgery, Division of Pediatric Surgery, Fetal Treatment Center, University of California—San Francisco School of Medicine, San Francisco, California Surgical Treatment of the Fetus

Steven B. Hoath, MD

Professor Emeritus, Department of Pediatrics (Neonatology), University of Cincinnati; Attending Neonatologist, Cincinnati Children's Hospital Medical Center, Cincinnati, Ohio *The Skin of the Neonate*

Jeffrey D. Horbar, AB, MD

Jerold F. Lucey Professor of Neonatal Medicine, Pediatrics, University of Vermont; Chief Executive and Scientific Officer, Vermont Oxford Network, Burlington, Vermont Evaluating and Improving the Quality and Safety of

Neonatal Intensive Care

McCallum R. Hoyt, MD, MBA

Director of Anesthesia, Hillcrest Hospital; Director of Obstetrical Anesthesia, Anesthesiology Institute, Cleveland Clinic Foundation, Cleveland, Ohio Anesthesia for Labor and Delivery

Mark L. Hudak, MD

Professor and Chairman, Pediatrics, University of Florida College of Medicine—Jacksonville, Jacksonville, Florida Infants with Antenatal Exposure to Drugs

Petra S. Hüppi, MD

Professor, Pediatrics and Newborn Medicine, Division of Development and Growth, University of Geneva, Children's Hospital, Geneva, Switzerland Normal and Abnormal Brain Development; White Matter Damage and Encephalopathy of Prematurity

Corey W. Igbal, MD, FAAP

Chief, Section of Fetal Surgery, Children's Mercy Hospital Fetal Health Center; Assistant Professor of Surgery, University of Missouri—Kansas City School of Medicine, Kansas City, Missouri Surgical Treatment of the Fetus

Lucky Jain, MD, MBA

Richard W. Blumberg Professor and Executive Vice Chairman, Department of Pediatrics, Emory University; Executive Medical Director, Children's Healthcare of Atlanta Faculty Practices, Atlanta, Georgia The Late Preterm Infant

Arun Jeyabalan, MD, MS

Associate Professor, Maternal-Fetal Medicine, Department of Obstetrics, Gynecology, and Reproductive Sciences, University of Pittsburgh School of Medicine, Pittsburgh, Pennsylvania Hypertensive Disorders of Pregnancy

Alan H. Jobe, MD, PhD

Professor of Pediatrics, Pulmonary Biology and Neonatology, Cincinnati Children's Hospital Medical Center, Cincinnati, Ohio Lung Development and Maturation

Nancy E. Judge, MD

Associate Professor, Obstetrics, Gynecology, and Women's Health, Albert Einstein College of Medicine, Yeshiva University, New York, New York Perinatal Imaging

Suhas G. Kallapur, MD

Professor, Pediatrics and Neonatology, University of Cincinnati, Cincinnati Children's Hospital, Cincinnati, Ohio Lung Development and Maturation

Michael Kaplan, MB ChB

Emeritus Director of Neonatology, Shaare Zedek Medical Center; Professor of Pediatrics, Faculty of Medicine, Hebrew University, Jerusalem, Israel. Neonatal Jaundice and Liver Diseases

David A. Kaufman, MD

Professor, Pediatrics, Division of Neonatology, Department of Pediatrics, University of Virginia Medical School; Physician, Neonatal Medicine, University of Virginia Children's Hospital, Charlottesville, Virginia Perinatal Fungal and Protozoal Infections

Kathleen A. Kennedy, MD, MPH

Professor, Pediatrics, Division of Neonatal-Perinatal Medicine, University of Texas Medical School at Houston, Houston, Texas Practicing Evidence-Based Neonatal-Perinatal Medicine

Peter C. Kouretas, MD, PhD

Associate Professor, Surgery and Pediatrics, Case Western Reserve University; Chief, Division of Pediatric Cardiothoracic Surgery, Rainbow Babies and Children's Hospital, Cleveland, Ohio Principles of Medical and Surgical Management of the Neonate

Oleg Kovalenko, MD

Assistant Professor of Pediatrics, Pediatric Cardiology, Director, Pediatric Electrophysiology, Women and Children's Hospital of Buffalo, State University of New York at Buffalo, Buffalo, New York Disorders of Cardiac Rhythm and Conduction in Newborns

Catherine Larson-Nath, MD

Instructor of Pediatrics, Pediatric Gastroenterology, Medical College of Wisconsin, Milwaukee, Wisconsin Disorders of Digestion in the Neonate

Noam Lazebnik, MD

Professor, OBGYN and Radiology, Associate Professor, Genetics, Case Western Reserve University School of Medicine; Senior Physician, Obstetrics, Gynecology, and Maternal Fetal Medicine, University Hospitals Case Medical Center, Cleveland, Ohio Perinatal Imaging

Hanmin Lee, MD

Michael R. Harrison Endowed Chair and Professor, Surgery, Pediatrics, Ob-Gyn and Reproductive Health Services, Chief, Division of Pediatric Surgery, Director, Fetal Treatment Center, Surgeon-in-Chief, University of California—San Francisco Benioff Children's Hospital; Vice-Chair, Department of Surgery, University of California—San Francisco School of Medicine, San Francisco, California Surgical Treatment of the Fetus

Henry C. Lee, MD

Assistant Professor, Pediatrics, Division of Neonatal and Developmental Medicine, Stanford University School of Medicine, Lucile Packard Children's Hospital at Stanford; Director of Research, California Perinatal Quality Care Collaborative, Stanford, California Evaluating and Improving the Quality and Safety of Neonatal Intensive Care

Liisa Lehtonen, MD, PhD

Professor, Pediatrics, Turku University; Head, Division of Neonatology, Department of Pediatrics, Turku University Hospital, Turku, Finland Assessment and Optimization of Neurobehavioral Development in Preterm Infants

Ethan G. Leonard, MD

Associate Professor, Pediatrics, Pediatric Infectious Diseases and Rheumatology, Case Western Reserve University School of Medicine; Chief Medical Officer and Vice Chair for Quality, University Hospitals Rainbow Babies and Children's Hospital, Cleveland, Ohio

Postnatal Bacterial Infections

Tom Lissauer, MB, BChir, FRCPCH

Honorary Consultant Neonatologist, Imperial College Healthcare Trust; Consultant Paediatric Programme Director in Global Health, Imperial College London, London, Great Britain Physical Examination of the Newborn

Raymond W. Liu, MD

Assistant Professor, Pediatric Orthopaedic Surgery, Case Western Reserve University School of Medicine, Rainbow Babies and Children's Hospitals, Cleveland, Ohio

Musculoskeletal Disorders in Neonates

Suzanne M. Lopez, MD

Associate Professor, Pediatrics, Division of Neonatology, Director, Neonatal Perinatal Medicine Fellowship Program, University of Texas Health Science Center at Houston, Houston, Texas Practicing Evidence-Based Neonatal-Perinatal Medicine

Timothy E. Lotze, MD

Associate Professor, Pediatrics and Neurology, Section of Child Neurology, Texas Children's Hospital, Baylor College of Medicine, Houston, Texas Hypotonia and Neuromuscular Disease in the Neonate

Naomi L. C. Luban, MD, FAAP

Professor, Pediatrics and Pathology, Division of Laboratory Medicine, Department of Pediatrics, George Washington University School of Medicine and Health Sciences; Attending Hematologist, Director of Transfusion Medicine, Chair of IRB, Children's National Medical Center, Washington, DC Blood Component Therapy for the Neonate

Lori Luchtman-Jones, MD

Hematologist, Center for Cancer and Blood Disorders, Children's National Medical Center; Associate Professor, Pediatrics, George Washington University Medical School, Washington, DC Hematologic and Oncologic Problems in the Fetus and Neonate

Everett F. Magann, MD

Professor, Obstetrics and Gynecology, University of Arkansas for the Medical Sciences, Little Rock, Arkansas

Immune and Nonimmume Hydrops Fetalis; Amniotic Fluid Volume

Akhil Maheshwari, MD

Professor, Pediatrics and Molecular Medicine, Pamela and Leslie Muma Chair in Neonatology, Chief, Division of Neonatology, Assistant Dean, Graduate Medical Education, University of South Florida Health Morsani College of Medicine, Tampa, Florida Developmental Immunology

Henry H. Mangurten, MD

Professor, Pediatrics, Rosalind Franklin University of Medicine and Science, The Chicago Medical School, North Chicago, Illinois; Chairman Emeritus, Pediatrics, Director, Pediatric Palliative Care, Pediatrics, Advocate Children's Hospital, Park Ridge, Illinois; Medical Director, Pediatrics, Journey Care for Children, Barrington, Illinois Birth Injuries

Paolo Manzoni, MD

Associate Professor of Pediatrics and Neonatology, Neonatology and NICU, S. Anna Hospital, Torino, Italy Perinatal Fungal and Protozoal Infections

Kara Beth Markham, MD

Associate Professor, Obstetrics, Gynecology, and Maternal Fetal Medicine, Ohio State University, Columbus, Ohio

Obstetric Management of Pregnancy

Gilbert I. Martin, MD, FAAP

Clinical Professor of Pediatrics, Pediatrics and Neonatology, Loma Linda University Medical Center, Loma Linda, California; Clinical Professor of Pediatrics, Pediatrics and Neonatology, University of California (Irvine), Irvine, California; Director Emeritus, Neonatology, Citrus Valley Medical Center, West Covina, California Coding and Reimbursement: Principles and Practices

Claudia Martinez-Rios, MD

Visiting Assistant Professor, Pediatric Radiology, Case Western Reserve University School of Medicine; Pediatric Radiologist, Rainbow Babies and Children's Hospital, Cleveland, Ohio Diagnostic Imaging of the Neonate

Matthew J. Maughan, PharmD

Director of Pharmacy Operations, Pharmacy, Sidra Medical and Research Center, Doha, Qatar Enhancing Safe Prescribing in the Neonatal Intensive Care Unit

Jacquelyn D. McClary, PharmD, BCPS

Clinical Pharmacist Specialist, Neonatal Intensive Care Unit, Rainbow Babies and Children's Hospital, Cleveland, Ohio

Principles of Drug Use in the Fetus and Neonate; Principles of Drug Use During Lactation; Therapeutic Agents

Olachi J. Mezu-Ndubuisi, MD, OD

Assistant Professor, Pediatrics and Ophthalmology, Department of Pediatrics, Department of Ophthalmology and Visual Sciences, University of Wisconsin School of Medicine and Public Health, Madison, Wisconsin Developmental Immunology

Geoffrey Miller, MA, MB, BCh, MPhil, MD, FRCP, FRACP

Professor, Departments of Pediatrics and Neurology, Yale University School of Medicine; Co-Director, Pediatric MDA Clinic, Yale–New Haven Hospital, New Haven, Connecticut Hypotonia and Neuromuscular Disease in the Neonate

Anna L. Mitchell, MD, PhD

Assistant Professor, Genetics and Pediatrics, Center for Human Genetics, Case Western Reserve University, Cleveland, Ohio

Congenital Anomalies; Genetic and Environmental Contributions to Congenital Heart Disease

Richard Molteni, MD, FAAP

Emeritus Professor of Pediatrics, University of Washington School of Medicine, Seattle, Washington; Intermittent Consultant, Joint Commission Resources and Joint Commission International, Oakbrook, Illinois

Coding and Reimbursement: Principles and Practices

Sandra M. Mooney, PhD

Associate Professor, Pediatrics, Division of Neonatology, University of Maryland School of Medicine, Baltimore, Maryland Adverse Exposures to the Fetus

Colin J. Morley, MD, FRCPCH, FRACP

Retired Professor, Neonatal Medicine, Royal Women's Hospital, Melbourne, Victoria, Australia Role of Positive Pressure Ventilation in Neonatal Resuscitation

Stuart C. Morrison, MB, ChB, FRCP

Professor, Radiology, Cleveland Clinic Lerner College of Medicine of Case Western Reserve University, Cleveland Clinic Children's, Cleveland, Ohio Perinatal Imaging

Anil Narang, MD, FIAP, FAMS, FNNF

Former Senior Professor and Head, Pediatrics and Neonatology, Advanced Pediatrics Centre, Postgraduate Institute of Medical Education and Research, Chandigarh, India Perinatal and Neonatal Care in Developing Countries

Vivek Narendran, MD, MBA

Professor, Pediatrics, University of Cincinnati; Attending Neonatologist, Cincinnati Children's Hospital Medical Center, Cincinnati, Ohio The Skin of the Neonate

Mary L. Nock, MD

Associate Professor, Pediatrics, Case Western Reserve University School of Medicine; Director, Neonatal-Perinatal Medicine Fellowship Program, Co-Director, Neonatal Intensive Care Unit, Rainbow Babies and Children's Hospital, Cleveland, Ohio Tables of Normal Values

Faruk H. Örge, MD, FAAO, FAAP

William R. and Margaret E. Althans Chair and Professor, Director, Center for Pediatric Ophthalmology and Adult Strabismus, Rainbow Babies and Children's Hospital; Vice Chair of Clinical Affairs, Department of Ophthalmology and Visual Sciences, University Hospitals Eye Institute; Fellowship Program Director and Associate Professor, Case Western Reserve University School of Medicine, Cleveland, Ohio

Examination and Common Problems of the Neonatal Eye

Todd D. Otteson, MD, MPH

Division Chief, Pediatric Otolaryngology, Case Medical Center, University Hospitals Rainbow Babies and Children's Hospital; Associate Professor, Otolaryngology, Pediatrics, Case Western Reserve University School of Medicine, Cleveland, Ohio Upper Airway Lesions in the Neonate

Louise Owen, MBChB, MRCPCH, FRACP, MD

Neonatologist, Newborn Research, Royal Women's Hospital, Melbourne, Victoria, Australia Role of Positive Pressure Ventilation in Neonatal Resuscitation

Elaine Marie Pages-Arroyo, MD

Obstetric Anesthesia Fellow, Department of Anesthesia, Brigham and Women's Hospital, Boston, Massachusetts Anesthesia for Labor and Delivery

Aditi S. Parikh, MD

Clinical Assistant Professor, Genetics and Pediatrics, Case Western Reserve University School of Medicine; Clinical Geneticist, Center for Human Genetics, University Hospitals Case Medical Center, Cleveland, Ohio

Congenital Anomalies

Robert L. Parry, MD, FACS

Associate Professor, Surgery, Northeast Ohio Medical University, Rootstown, Ohio; Director, Division of Pediatric Surgery, Akron Children's Hospital, Akron, Ohio

Development of the Neonatal Gastrointestinal Tract; Selected Gastrointestinal Anomalies in the Neonate

Mary Elaine Patrinos, MD

Assistant Professor, Pediatrics, Medical Director, Neonatal Nurse Practitioner Program, Division of Neonatology, University Hospitals Rainbow Babies and Children's Hospital, Cleveland, Ohio Neonatal Apnea and the Foundation of Respiratory Control

Allison H. Payne, MD, MS

Assistant Professor, Pediatrics, Department of Pediatrics, Division of Neonatology, Case Western Reserve University School of Medicine; Attending Neonatologist, Rainbow Babies and Children's Hospital, Cleveland, Ohio Early Childhood Neurodevelopmental Outcomes of High-Risk Neonates

Stephen A. Pearlman, MD, MSHOS

Attending Neonatologist, Neonatology, Christiana Care Health Center, Newark, Delaware; Clinical Professor and Fellowship Director, Neonatology, Jefferson Medical College, Philadelphia, Pennsylvania Coding and Reimbursement: Principles and Practices

Sharon Perlman, MD

Associate Professor, Pediatrics, Morsani College Of Medicine, University of South Florida; Pediatric Nephrologist, All Children's Hospital, St. Petersburg, Florida

Diabetes Mellitus During Pregnancy

Brenda B. Poindexter, MD, MS

Professor, Pediatrics, Section of Neonatal-Perinatal Medicine, Indiana University School of Medicine, Riley Hospital for Children at Indiana University Health, Indianapolis, Indiana

Nutrient Requirements and Provision of Nutritional Support in the Premature Neonate

Richard Polin, MD

William T. Speck Professor of Pediatrics, Department of Pediatrics, Columbia University College of Physicians and Surgeons; Director, Division of Neonatology, Morgan Stanley Children's Hospital, New York, New York

Chorioamnionitis

Preetha A. Prazad, MD

Attending Neonatologist, Director, NICU Developmental Follow-Up Clinic, Advocate Children's Hospital, Park Ridge, Illinois Birth Injuries

Jochen Profit, MD, MPH

Assistant Professor, Pediatrics, Division of Neonatal and Perinatal Medicine; Director, Perinatal Health Systems Research, Perinatal Epidemiology and Health Outcomes Research Unit, Stanford University, Palo Alto, California

Evaluating and Improving the Quality and Safety of Neonatal Intensive Care

Bhagya L. Puppala, MD

Assistant Professor of Pediatrics, Rosalind Franklin University of Medicine and Science, The Chicago Medical School, North Chicago, Illinois; Adjunct Professor of Pediatrics, Midwestern University, Downer's Grove, Illinois; Director, Neonatal Perinatal Medicine–Fellowship, Director, Neonatal Perinatal Medicine Research, Advocate Children's Hospital, Park Ridge, Illinois Birth Injuries

Tonse N. K. Raju, MD, DCH

Chief, Pregnancy and Perinatology Branch, Eunice Kennedy Shriver National Institute of Child Health and Human Development, National Institutes of Health, Bethesda, Maryland Growth of Neonatal-Perinatal Medicine: A Historical

Perspective

Ashwin Ramachandrappa, MBBS, MPH

Neonatologist, Pedeatrix Medical Group; Attending Neonatologist, Phoenix Children's Hospital, Phoenix, Arizona

The Late Preterm Infant

Tara M. Randis, MD

Assistant Professor, Pediatrics, Columbia University Medical Center; Assistant Attending Physician, Division of Neonatology, New York Presbyterian Morgan Stanley Children's Hospital, New York, New York

Chorioamnionitis

Raymond W. Redline, MD

Professor, Pathology and Reproductive Biology, Case Western Reserve University, Cleveland, Ohio Placental Pathology

Orna Flidel Rimon, MD

Director of Neonatology, Kaplan Medical Center, Rehovot, Israel Post-Term Pregnancy

Shenandoah Robinson, MD, FAAP, FACS

Associate Professor, Neurosurgery and Neurology, Boston Children's Hospital, Harvard Medical School, Boston, Massachusetts

Disorders in Head Shape and Size; Myelomeningocele and Related Neural Tube Defects

Susan R. Rose, MD, Med

Professor, Pediatric Endocrinology, Cincinnati Children's Hospital Medical Center, University of Cincinnati, Cincinnati, Ohio Thyroid Disorders in the Neonate

Miriam Said, MD

Assistant Professor, Pediatrics, George Washington University School of Medicine and Health Sciences; Attending Physician, Division of Neonatology, Children's National Health System, Washington, DC Blood Component Therapy for the Neonate

Mark S. Scher, MD

Professor, Pediatrics and Neurology, Case Western Reserve University; Chief, Division of Pediatric Neurology, Pediatrics, Case Medical Center, Cleveland, Ohio Seizures in Neonates

Eric S. Shinwell, MD

Professor, Neonatology, Ziv Medical Center, Tsfat, Bar-Ilan University, Tel Aviv, Israel Diabetes Mellitus During Pregnancy; Obstetric Management of Multiple Gestation and Birth

Eric Sibley, MD, PhD

Associate Professor of Pediatrics (Gastroenterology), Member, The Child Health Research Institute, Assistant Dean for Academic Advising, Stanford University School of Medicine, Palo Alto, California Neonatal Jaundice and Liver Diseases

Sunil K. Sinha MD, PhD, FRCP, FRCPCH

Professor, Pediatrics and Neonatal Medicine, James Cook University Hospital, University of Durham, Middlesbrough, Great Britain Assisted Ventilation and Its Complication

Lois E. H. Smith, MD, PhD

Professor of Ophthalmology, Department of Ophthalmology, Harvard Medical School, Boston Children's Hospital, Boston, Massachusetts Retinopathy of Prematurity

Christopher S. Snyder, MD, FAAP

Key Bank-Meyer Family Chair, Pediatric Cardiology, Associate Professor, Pediatrics, Case Western Reserve University, Cleveland, Ohio

Genetic and Environmental Contributions to Congenital Heart Disease; Prenatal Diagnosis of Congenital Heart Disease; Congenital Defects of the Cardiovascular System; Cardiovascular Problems of the Neonate; Disorders of Cardiac Rhythm and Conduction in Newborns

Jochen P. Son-Hing, MD, FRCSC

Division of Pediatric Orthopaedics, Rainbow Babies and Children's Hospital; Assistant Professor, Orthopaedics and Pediatrics, Case Western Reserve University, Cleveland, Ohio

Congenital Abnormalities of the Upper and Lower Extremities and Spine

Robin H. Steinhorn, MD

Medical Director, Professor and Chair, Department of Pediatrics, University of California—Davis Children's Hospital, Sacramento, California Pulmonary Vascular Development

David K. Stevenson, MD

Harold K. Faber Professor of Pediatrics, Division of Neonatal and Developmental Medicine, Stanford University, Stanford, California Neonatal Jaundice and Liver Diseases

Eileen K. Stork, MD

Professor of Pediatrics, Case Western Reserve University School of Medicine; Director, Neonatal ECMO Program, Case Medical Center, University Hospitals Rainbow Babies and Children's Hospital, Cleveland, Ohio

Therapy for Cardiorespiratory Failure in the Newborn

John E. Stork, MD

Assistant Professor, Anesthesiology and Pediatrics, Departments of Anesthesiology and Pediatrics, Case Western Reserve University; Director, Comprehensive Pediatric Pain Service; Pediatric Anesthesiologist, Rainbow Babies and Children's Hospital, Cleveland, Ohio

Anesthesia in the Neonate

James Strainic, MD

Director of Pediatric Echo Lab, Rainbow Babies and Children's Hospital; Assistant Professor of Pediatrics, Pediatric Cardiology, Case Western Reserve University, Cleveland, Ohio

Prenatal Diagnosis of Congenital Heart Disease

Ye Sun, PhD

Fellow, Department of Ophthalmology, Harvard Medical School, Boston Children's Hospital, Boston, Massachusetts Retinopathy of Prematurity

Arjan B. te Pas, MD, PhD

Associate Professor, Pediatrics, Neonatal Division, Leiden University Medical Center, Leiden, The Netherlands

Role of Positive Pressure Ventilation in Neonatal Resuscitation

George H. Thompson, MD

Director, Division of Pediatric Orthopedics, Rainbow Babies and Children's Hospital; Professor of Orthopedic Surgery and Pediatrics, Orthopedic Surgery, Case Western Reserve University, Cleveland, Ohio

Musculoskeletal Disorders in Neonates; Bone and Joint Infections in Neonates; Congenital Abnormalities of the Upper and Lower Extremities and Spine

Frances Thomson-Salo, PhD

Honorary Principal Fellow, Department of Psychiatry, University of Melbourne; Associate Researcher, Murdoch Children's Research Institute, Melbourne, Victoria, Australia Care of the Long-Stay Infant and Parents

Dov Tiosano, MD

Associate Professor, Pediatrics, Director, Division of Pediatric Endocrinology, Rambam Health Care Campus, The Bruce Rappaport Faculty of Medicine, Technion–Israel Institute of Technology, Haifa, Israel Disorders of Calcium, Phosphorus, and Magnesium Metabolism in the Neonate

Chani Topf-Olivestone, MD

Department of Pediatrics, Kaplan Medical Center, Rehovot, Israel Diabetes Mellitus During Pregnancy

Andrea N. Trembath, MD, MPH

Assistant Professor, Department of Pediatrics, Case Western Reserve University, Division of Neonatology, Rainbow Babies and Children's Hospital, Cleveland, Ohio

Epidemiology for Neonatologists

Robert Turbow, MD, JD

Attending Neonatologist, Pediatrics, Marian Regional Medical Center; Chief Patient Safety Officer, Administration, Dignity Health, Central Coast Service Area, Santa Maria, California Legal Issues in Neonatal-Perinatal Medicine

Jon E. Tyson, MD, MPH

Michelle Bain Distinguished Professor, Department of Pediatrics, University of Texas Health Science Center at Houston Medical School, Houston, Texas Practicing Evidence-Based Neonatal-Perinatal Medicine

Maximo Vento, MD, PhD

Professor, Division of Neonatology, University and Polytechnic Hospital La Fe, Neonatal Research Group, Health Research Institute La Fe, Valencia, Spain Oxygen Therapy in Neonatal Resuscitation

Dharmapuri Vidyasagar, MD, FAAP, FCCM

Professor Emeritus, Pediatrics, Division of Neonatology, University of Illinois of Chicago, Chicago, Illinois Perinatal and Neonatal Care in Developing Countries

Beth A. Vogt, MD

Associate Professor, Pediatrics, Division of Pediatric Nephrology, Case Western Reserve University; Physician, Pediatric Nephrology, Rainbow Babies and Children's Hospital, Case Medical Center, Cleveland, Ohio

The Kidney and Urinary Tract of the Neonate

Betty Vohr, MD

Director of Neonatal Follow-Up, Neonatology, Women and Infants Hospital; Professor, Pediatrics, Alpert Medical School of Brown University, Providence, Rhode Island

Hearing Loss in the Newborn Infant

Kelly C. Wade, MD, PhD, MSCE

Associate Professor, Clinical Pediatrics, Perelman School of Medicine, University of Pennsylvania, Children's Hospital of Philadelphia Newborn Care, Pennsylvania Hospital, Philadelphia, Pennsylvania Pharmacokinetics in Neonatal Medicine

Michele C. Walsh, MD, MSE

Professor, Pediatrics, Case Western Reserve University School of Medicine; William and Lois Briggs Chair in Neonatology, Chief, Division of Neonatology, Rainbow Babies and Children's Hospital, Cleveland, Ohio

Epidemiology for Neonatologists; The Organization of Perinatal Services; Design Considerations of the Intensive Care Nursery; Bronchopulmonary Dysplasia in the Neonate

Jennifer A. Wambach, MD, MS

Assistant Professor, Pediatrics, Washington University School of Medicine, St. Louis, Missouri Respiratory Distress Syndrome in the Neonate

Michiko Watanabe, PhD

Professor, Pediatrics, Case Western Reserve University School of Medicine, Cleveland, Ohio Cardiac Embryology

Dayna M. Weinert, MD

Director, Pediatric Radiology, Rainbow Babies and Children's Hospital, University Hospitals of Cleveland Case Medical Center, Cleveland, Ohio Diagnostic Imaging of the Neonate

Diane Katherine Wherrett, MD, FRCPC

Associate Professor, Pediatrics, Hospital for Sick Children; Associate Professor, Pediatrics, University of Toronto, Toronto, Ontario, Canada Disorders of Sex Development

Robert D. White, MD

Director, Regional Newborn Program, Memorial Hospital; Medical Director, Pediatrix Medical Group; Adjunct Professor, Psychology, University of Notre Dame; Clinical Assistant Professor, Pediatrics, Indiana University School of Medicine, South Bend, Indiana The Sensory Environment of the Intensive Care Nursery; Design Considerations of the Intensive Care Nursery

Jamie Wikenheiser, PhD

Assistant Professor, Anatomy and Neurobiology,
Director of Gross Anatomy, Director of Surgical
Anatomy, University of California—Irvine School of
Medicine, Irvine, California
Cardiac Embryology

Deanne E. Wilson-Costello, MD

Professor, Pediatrics, Rainbow Babies and Children's Hospital, Cleveland, Ohio Early Childhood Neurodevelopmental Outcomes of High-Risk Neonates

Ronald J. Wong, MD

Senior Research Scientist, Pediatrics, Stanford University School of Medicine, Stanford, California Neonatal Jaundice and Liver Diseases

Myra Wyckoff, MD

Associate Professor, Pediatrics, University of Texas Southwestern Medical Center; Director, Newborn Resuscitation Services, Parkland Health and Hospital Systems, Dallas, Texas

Chest Compression, Medications, and Special Problems in Neonatal Resuscitation

Arthur B. Zinn, MD, PhD

Associate Professor, Genetics and Pediatrics, Case Western Reserve University; Attending Physician, Center for Human Genetics, University Hospitals Case Medical Center, Cleveland, Ohio Inborn Errors of Metabolism

Preface

The foundation for successful outcomes in neonatal-perinatal medicine has been the ability to apply knowledge of the fundamental pathophysiology of the various neonatal disorders to safe interventions. Molecular, biologic, and technologic advances have facilitated the diagnosis, monitoring, and therapy of these complex disorders. Advances at the bench have been translated to the bedside, and survival statistics reveal slow but steady improvements. Nonetheless, although the survival rates may give reason to rejoice, the high early morbidity and persistent neurodevelopmental problems remain cause for concern. Such problems include bronchopulmonary dysplasia, nosocomial infections, necrotizing enterocolitis, hypoxicischemic encephalopathy, cerebral palsy, and the inability to sustain the intrauterine rate of growth when infants are born prematurely. These problems need to be solved in addition to the complex, ever-expanding genetic disorders and birth defects that now loom as the major problems in the neonatal intensive care unit and as the leading causes of neonatal mortality.

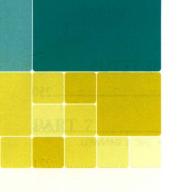

The field of neonatal-perinatal medicine has transitioned from anecdotal medicine to evidence-based medicine. The problem is that evidence-based medicine predicts outcomes for groups but not individuals. The next frontier, individualized or personalized medicine, requires application of the human genome project to the individual patient. That frontier is rapidly approaching with the acquisition and application of new knowledge and technology. The translation of bench research to bedside innovation is proceeding smoothly, as is the understanding of the underlying mechanisms of many disorders. Advances in genetics have provided insight into the etiology of many disorders, and many previously mysterious diseases can now be attributed to single gene defects or mitochondrial disorders accompanied by cellular energy failure. We have addressed and incorporated these advances into the body of the text.

Presenting the current status of the field of neonatalperinatal medicine, even in a two-volume textbook, has become extremely challenging. It is a tribute to the contributors to *Neonatal-Perinatal Medicine* that this text has reached its tenth edition. With the combination of print and electronic journals, the effort to stay current in a single subspecialty remains a daunting task. To facilitate this, Elsevier, our publisher, has migrated the existing Web-based Student Consult and Expert Consult platforms to a new platform hosted by Inkling.com. Inkling is a pioneer in interactive cloud publishing and reimaging of books, including medical texts. The combination of an extensive library of expert content with their ability to truly bring that content alive paves an exciting path forward for the distribution of medical knowledge. Owners of the book will enjoy easy searches, a consistent structure, rich media, social and community features, and seamless electronic access from any device.

For this tenth edition, we have added several new sections and authors, notably expanding our international contributors and hence providing a truly global perspective. Many sections have been completely reorganized, and a large number of chapters have been rewritten or updated. Our accomplished authors and careful editing continue to focus on the biologic basis of developmental disorders and the evidence basis for their management.

This book would not exist without the remarkable clinical and intellectual environment that constitutes Rainbow Babies and Children's Hospital in Cleveland. On a daily basis, we gain knowledge from our faculty colleagues and fellows and wisdom from our nursing staff, who are so committed to their young patients. Once again, we have been blessed with an in-house editor, Bonnie Siner, to whom we cannot adequately express our thanks. She is the glue behind the binding in the book and has worked tirelessly with Elsevier staff members to bring this project to fruition. Elsevier has once again provided the resources to accomplish this mammoth task.

Richard J. Martin Avroy A. Fanaroff Michele C. Walsh

Contents

VOLUME 1

PART 1

PART 2

The field of Neonatal-Perinatal Medicine		
1	Growth Of Neonatal-Perinatal Medicine: A Historical Perspective	
2	Epidemiology for Neonatologists	16
3	The Organization of Perinatal Services. MICHELE C. WALSH • AVROY A. FANAROFF	20
4	Medical Ethics in Neonatal Care	24
5	Legal Issues in Neonatal-Perinatal Medicine	41
6	Evaluating and Improving the Quality and Safety of Neonatal Intensive Care	59
7	Simulation in Neonatal-Perinatal Medicine	89
8	Coding and Reimbursement: Principles and Practices	98
