

TRANSPLANTATION of the LIVER

Busuttil and Klintmalm

SECOND EDITION

Second Edition

Transplantation of the Liver

Ronald W. Busuttil, MD, PhD

Professor and Chief

Division of Liver and Pancreas Transplantation

Dumont Chair in Transplantation Surgery

David Geffen School of Medicine at UCLA

Los Angeles, California

Goran K. Klintmalm, MD, PhD

Chairman and Chief, Baylor Regional Transplant Institute

Director, Transplantation Services;

Director, Dallas Liver Transplant Program

Baylor University Medical Center

Dallas, Texas

Notice

Knowledge and best practice in this field are constantly changing. As new research and experience broaden our knowledge, changes in practice, treatment, and drug therapy may become necessary or appropriate. Readers are advised to check the most current information provided (i) on procedures featured or (ii) by the manufacturer of each product to be administered, to verify the recommended dose or formula, the method and duration of administration, and contraindications. It is the responsibility of the practitioner, relying on his or her own experience and knowledge of the patient, to make diagnoses, to determine dosages and the best treatment for each individual patient, and to take all appropriate safety precautions. To the fullest extent of the law, neither the Publisher nor the Editors assume any liability for any injury and/or damage to persons or property arising out of or related to any use of the material contained in this book.

Contributors

Anantharaju Abhinandana, MD

Gastroenterologist, Shoals Hospital,
Muscle Shoals, Alabama
*Unusual Indications for Liver
Transplantation*

Kareem Abu-Elmagd, MD, PhD

Professor of Surgery, University of
Pittsburgh School of Medicine;
Director of Intestinal Transplant Services,
Thomas E. Starzl Transplantation
Institute, University of Pittsburgh
Medical Center, Pittsburgh, Pennsylvania
*Cell Migration, Chimerism, and Graft
Acceptance, With Particular Reference to
the Liver*

Estella M. Alonso, MD

Associate Professor of Pediatrics,
Northwestern University Feinberg School
of Medicine; Director of Liver
Transplantation, Department of
Pediatrics, Division of Gastroenterology,
Hepatology and Nutrition, Children's
Memorial Hospital, Chicago, Illinois
*General Criteria for Pediatric
Transplantation*

Maria H. Alonso, MD

Assistant Professor of Surgery, University
of Cincinnati College of Medicine;
Pediatric Surgeon, Cincinnati Children's
Hospital Medical Center, Cincinnati, Ohio
*Transplantation for Hepatic Malignancy in
Children*

Edwin C. Amos III, MD

Associate Clinical Professor of Neurology,
David Geffen School of Medicine at
UCLA, Los Angeles; Attending
Neurologist, St. John's Hospital and
Health Center, and Santa Monica UCLA
Medical Center, Santa Monica,
California
*Postoperative Neurological Disorders and
Prognosis*

Paula Andreani, MD

Surgeon, Hôpital Paul Brousse, Villejuif,
France
Split-Liver Transplantation for Two Adults

Nancy L. Ascher, MD, PhD

Professor and Chair of Surgery,
Department of Surgery, University of
California, San Francisco School of
Medicine, San Francisco, California
Rejection After Transplantation

Daniel Azoulay, MD

Professor of Surgery, Université Paris-Sud;
Hôpital Paul Brousse, Villejuif, France
*Split-Liver Transplantation for
Two Adults*

Lars Bäckman, MD, PhD

Associate Professor, Karolinska Institute,
Stockholm; Director of Liver
Transplantation, Department of
Transplantation and Liver Surgery,
Sahlgrenska University Hospital,
Gothenburg, Sweden
*Liver Organ Allocation: The European
Models*

William F. Balistreri, MD

Dorothy M. M. Kersten Professor of
Pediatrics, University of Cincinnati
College of Medicine; Director, Division
of Gastroenterology, Hepatology, and
Nutrition; and Medical Director,
Pediatric Liver Care Center,
Cincinnati Children's Hospital Medical
Center, Cincinnati, Ohio
*Transplantation for Cholestatic Liver
Disease in the Pediatric Patient*

Mehdi Baluch, MD

Fellow in Gastroenterology, Loyola
University Medical Center, Maywood,
Illinois
*Unusual Indications for Liver
Transplantation*

Thomas M. Beebe, BSN, RN

Database Manager, Israel Penn
International Transplant Tumor Registry;
Department of Surgery, Division of
Transplantation, University of Cincinnati
College of Medicine, Cincinnati, Ohio
Transplant-Related Malignancies

Steven H. Belle, PhD, MScHyg

Associate Professor, Departments of
Epidemiology and Biostatistics,
University of Pittsburgh Graduate School
of Public Health, Pittsburgh,
Pennsylvania
*U.S. Trends in Liver Transplantation,
1988 to 2001*

Marina Berenguer, MD

Staff, Hospital Universitario La Fe,
Valencia, Spain
Hepatitis C and Liver Transplantation

Andres Besedovsky, MD

Clinical Research Scholar, Siragusa
Transplantation Center, Children's
Memorial Hospital, Chicago, Illinois
*General Criteria for Pediatric
Transplantation*

Jorge A. Bezerra, MD

Associate Professor of Pediatrics, University
of Cincinnati College of Medicine;
Director, Biliary Atresia Center, and
Associate Director, NIH-Digestive
Research Development Center, Cincinnati
Children's Hospital Medical Center,
Cincinnati, Ohio
*Transplantation for Cholestatic Liver
Disease in the Pediatric Patient*

Henri Bismuth, MD

Professor, Université Paris-Sud; Hôpital
Paul Brousse, Villejuif, France
Split-Liver Transplantation for Two Adults

Kevin E. Bove, MD

Professor of Pathology and Pediatrics,
University of Cincinnati College of
Medicine; Staff Pathologist, Cincinnati
Children's Hospital Medical Center,
Cincinnati, Ohio
*Transplantation for Hepatic Malignancy in
Children*

Lynda Brady, MD

Assistant Professor of Pediatrics,
The University of Chicago Stritch School
of Medicine, Chicago, Illinois
Transplantation for Biliary Atresia

John Brems, MD

Associate Professor of Surgery, Loyola
University Medical School; Surgical
Director, Abdominal Transplantation,
Loyola University Medical Center,
Maywood, Illinois
*Unusual Indications for Liver
Transplantation*

Robert S. Brown, Jr., MD, MPH

Associate Professor of Clinical Medicine
and Pediatrics, Columbia University
College of Physicians and Surgeons;
Chief, Center for Liver Disease and
Transplantation, New York-Presbyterian
Hospital, New York, New York
*Current Indications, Contraindications,
Delisting Criteria, and Timing for Liver
Transplantation*

Joseph F. Buell, MD, FACS

Director, Israel Penn International
Transplant Tumor Registry, Division of
Transplantation; Assistant Professor of
Surgery, Department of Surgery, Division
of Transplantation, University of
Cincinnati College of Medicine,
Cincinnati, Ohio
Transplant-Related Malignancies

Ronald W. Busuttil, MD, PhD

Professor and Chief, Division of Liver
and Pancreas Transplantation and
Dumont Chair in Transplantation Surgery,
David Geffen School of Medicine at
UCLA, Los Angeles, California
*Management of Portal Hypertensive
Hemorrhage in the Era of Liver
Transplantation; The Recipient
Hepatectomy and Grafting; Liver
Transplantation and Situs Inversus;
Retransplantation; Ischemia-Reperfusion
Injury of the Liver*

José Cañón, MD

Medical Staff, Organizacion Nacional de
Transplantes, Madrid, Spain
*Liver Organ Allocation: The European
Models*

Ian C. Carmody, MD, FRCS(C)

Clinical Instructor, Department of Liver
and Pancreas Transplantation,
David Geffen School of Medicine at
UCLA, Los Angeles, California
*Treatment of Acute and Chronic Rejection;
Arterial Complications After Liver
Transplantation*

J. Michael Cecka, PhD

Professor and Director of Clinical Research,
Department of Pathology and Laboratory
Medicine, David Geffen School of
Medicine at UCLA, Los Angeles, California
*ABO, Tissue Typing, and Cross-match
Incompatibility in Liver Transplantation*

Ravi S. Chari, MD

Surgical Oncologist, Vanderbilt University
Medical Center, Nashville, Tennessee
Extracorporeal Xenogeneic Liver Support

Michael R. Charlton, MD

Associate Professor of Medicine, William J.
Von Liebig Transplant Center, Mayo
Clinic College of Medicine, Rochester,
Minnesota
*Late Complications of Liver Transplantation
and Recurrence of Disease*

Pauline W. Chen, MD

Assistant Professor, Division of Liver and
Pancreas Transplantation, David Geffen
School of Medicine at UCLA; Surgeon,
Dumont-UCLA Liver Cancer Center and
Dumont-UCLA Transplant Center,
Los Angeles, California
Treatment of Acute and Chronic Rejection

Wing S. Cheung, MD, MBA

Staff, Harvard Medical School; Research
Fellow and Resident in General Surgery,
Massachusetts General Hospital, Boston,
Massachusetts
Development of Bioartificial Liver

Srinath Chinnakotla, MBBS, MCh

Attending Transplant Surgeon, Baylor
University Medical Center, Dallas, Texas
*Induction and Maintenance of
Immunosuppression*

Byung-Ho Choe, MD, PhD

Associate Professor, Section of
Gastroenterology, Department of Pediatrics,
Kyungpook National University School of
Medicine, Daegu, Republic of Korea
*Transplantation for Cholestatic Liver
Disease in the Pediatric Patient*

Pierre-Alain Clavien, MD, PhD

Chairman, Department of Visceral and
Transplantation Surgery, University of
Zurich Faculty of Medicine; Chairman,
Department of Visceral and
Transplantation Surgery, Cantonal
Hospital of Zurich, Zurich, Switzerland
Principles of Liver Preservation

Steven D. Colquhoun, MD

Associate Professor, Department of Surgery,
David Geffen School of Medicine at
UCLA; Director of Liver Transplantation,
Cedars-Sinai Medical Center, Los Angeles,
California
*Graft Failure: Etiology, Recognition, and
Treatment*

A. Benedict Cosimi, MD

Claude E. Welch Professor of Surgery,
Harvard Medical School; Chief,
Transplantation Unit, Massachusetts
General Hospital, Boston, Massachusetts
New Approaches in Immunosuppression

Terianne Cowling, BA

Research Associate, Baylor University
Medical Center, Dallas, Texas
*Long-Term Functional Recovery and Quality
of Life: Childhood, Adulthood,
Employment, Pregnancy, and Family
Planning*

Jeffrey S. Crippin, MD

Professor of Medicine and Medical Director
of Liver Transplantation, Washington
University in St. Louis School of
Medicine, St. Louis, Missouri
Transplantation for Sclerosing Cholangitis

David C. Cronin II, MD, PhD, FACS

Associate Professor and Director, Liver
Transplantation, Department of Surgery,
Yale University School of Medicine,
New Haven, Connecticut
*Ethics of Living Donor Liver
Transplantation*

Natividad Cuende, MD, PhD

Medical Staff, Organizacion Nacional de
Transplantes, Madrid, Spain
*Liver Organ Allocation: The European
Models*

Timothy J. Davern II, MD

Associate Professor of Medicine, University
of California, San Francisco, School of
Medicine; Attending Hepatologist, UCSF
Medical Center, San Francisco, California
*Molecular and Cellular Basis of Hepatic
Failure*

Gary L. Davis, MD

Director, Division of Hepatology, Baylor
University Medical Center; Medical
Director, Liver Transplantation, Baylor
Regional Transplant Institute, Dallas, Texas
Natural History of Hepatitis C

Jean de Ville de Goyet, MD, PhD, FRCS

Professor of Surgery, Université Catholique de Louvain; Director of Abdominal Transplant and Pediatric Surgery Department, St. Luc University Hospital, Brussels, Belgium

Split-Liver Transplantation for the Pediatric and Adult Recipient

Massimo Del Gaudio, MD

Professor, Université Paris-Sud; Hôpital Paul Brousse, Villejuif, France

Split-Liver Transplantation for Two Adults

Anthony J. Demetris, MD

Professor of Pathology, University of Pittsburgh School of Medicine; Director, Division of Transplantation Pathology, Thomas E. Starzl Transplantation Institute, University of Pittsburgh Medical Center, Pittsburgh, Pennsylvania

Histological Patterns of Rejection and Other Causes of Liver Dysfunction; Cell Migration, Chimerism, and Graft Acceptance, With Particular Reference to the Liver

Niraj M. Desai, MD

Assistant Professor of Surgery, Washington University in St. Louis School of Medicine; Staff Surgeon, Barnes-Jewish Hospital and St. Louis Children's Hospital, St. Louis, Missouri

Portal Vein Thrombosis and Other Venous Anomalies in Liver Transplantation

Sonu Dhillon, MD

Fellow in Gastroenterology, Loyola University Medical Center, Maywood, Illinois

Unusual Indications for Liver Transplantation

E. Roland Dickson, MD

Mary Lowell Leary Professor of Medicine, Mayo Clinic College of Medicine; Consultant, Mayo Clinic and Foundation, Rochester, Minnesota

Liver Transplantation for Primary Biliary Cirrhosis

Vivek Dixit, PhD

Professor of Medicine, Department of Medicine, Division of Digestive Diseases, David Geffen School of Medicine at UCLA, Los Angeles, California

Hepatocyte Transplantation in Liver Disease

Bijan Eghtesad, MD

Associate Professor of Surgery, University of Pittsburgh School of Medicine, Pittsburgh, Pennsylvania

Cell Migration, Chimerism, and Graft Acceptance, With Particular Reference to the Liver

Karan Emerick, MD

Assistant Professor of Pediatrics, Northwestern University Feinberg School of Medicine; Attending Physician, Division of Gastroenterology, Hepatology, and Nutrition, Department of Pediatrics, Children's Memorial Hospital, Chicago, Illinois

General Criteria for Pediatric Transplantation

Jean C. Emond, MD

Thomas S. Zimmer Professor of Surgery, Columbia University College of Physicians and Surgeons; Vice Chairman of Transplantation and Chief of Transplantation, Center for Liver Disease and Transplantation, New York-Presbyterian Hospital, New York, New York

Surgical Anatomy of the Liver; Outcomes of Living Donor Liver Transplantation; Postoperative Care of Pediatric Liver Transplant Recipients

Carlos O. Esquivel, MD, PhD

Arnold and Barbara Silverman Professor of Pediatric Transplantation, Professor of Surgery, and Associate Director, Institute on Immunity, Transplantation, and Infection, Stanford University School of Medicine; Chief, Division of Transplantation, and Director of Liver and Intestinal Transplantation, Stanford Hospital & Clinics, and Lucile Salter Packard Children's Hospital, Stanford University Medical Center, Palo Alto, California

Results: Survival and Quality of Life After Orthotopic Liver Transplantation in Children

Idris V. R. Evans, MSc

Professor, Department of Epidemiology, University of Pittsburgh Graduate School of Public Health, Pittsburgh, Pennsylvania

U.S. Trends in Liver Transplantation, 1988 to 2001

Douglas G. Farmer, MD

Associate Professor of Surgery, David Geffen School of Medicine at UCLA; Director, Intestinal Transplantation Center, UCLA Medical Center, Los Angeles, California

Liver Transplantation and Situs Inversus

Scott A. Fink, MD, MPH

Clinical Fellow, Harvard Medical School; Clinical Fellow, Division of Gastroenterology, Brigham and Women's Hospital, Boston, Massachusetts

Current Indications, Contraindications, Delisting Criteria, and Timing for Liver Transplantation

Sander S. Florman, MD

Assistant Professor of Surgery and Pediatrics and Associate Residency Program Director, Tulane University School of Medicine; Director of Liver Transplantation, Tulane University Hospital and Clinic, New Orleans, Louisiana

Adult Living Donor Hepatectomy and Recipient Operation

Constantino Fondevila, MD, PhD

Assistant Researcher, Division of Liver and Pancreas Transplantation, David Geffen School of Medicine at UCLA, Los Angeles, California; Transplant Surgeon, Liver Unit, Digestive Disease Institute University of Barcelona Hospital Clinic, Barcelona, Spain

Donor Selection and Management; Ischemia-Reperfusion Injury of the Liver

Paulo Fontes, MD

Assistant Professor of Surgery, University of Pittsburgh School of Medicine; Co-Director, Liver Transplantation, Thomas E. Starzl Transplantation Institute, University of Pittsburgh Medical Center, Pittsburgh, Pennsylvania

Cell Migration, Chimerism, and Graft Acceptance, With Particular Reference to the Liver

John L. R. Forsythe, MBBS, MD, FRCS(Ed), FRCS(Eng)

Senior Lecturer, University of Edinburgh Faculty of Medicine, Edinburgh; Consultant Transplant Surgeon and Clinical Director, Royal Infirmary of Edinburgh, Edinburgh, Scotland

Liver Organ Allocation: The European Models

Ira J. Fox, MD

Charles W. McLaughlin Professor of Surgery, University of Nebraska College of Medicine, Omaha, Nebraska

Xenotransplantation and the Liver

Richard B. Freeman, Jr., MD

Professor of Surgery, Tufts University School of Medicine; Surgeon, Division of Transplant Surgery, Tufts-New England Medical Center, Boston, Massachusetts

Liver Allocation: The U.S. Model

J. Mark Fulmer, MD

Staff Radiologist, Baylor University Medical Center; President, American Radiology Associates, P.A., Dallas, Texas

Transplantation for Primary Hepatic Malignancy; Transplantation for Budd-Chiari Syndrome

John J. Fung, MD, PhD

Professor of Surgery, Department of General Surgery, Cleveland Clinic Foundation, Cleveland, Ohio

History of Liver and Multivisceral Transplantation; Cell Migration, Chimerism, and Graft Acceptance, With Particular Reference to the Liver

Sunil K. Geevarghese, MD

Division of Surgical Oncology, Division of Hepatobiliary Surgery and Liver Transplantation, Vanderbilt Transplant Center and Vanderbilt-Ingram Cancer Center, Vanderbilt University School of Medicine, Nashville, Tennessee

Management of Portal Hypertensive Hemorrhage in the Era of Liver Transplantation

Magdalene M. George, PhD

Research Associate, St. Luke's Medical Center, Milwaukee, Wisconsin

Unusual Indications for Liver Transplantation

Till Gerling, MD, PhD

Medical Staff, Eurotransplant International Foundation, Leiden, The Netherlands

Liver Organ Allocation: The European Models

Rafik M. Ghobrial, MD, PhD

Professor of Surgery, Division of Liver and Pancreas Transplantation, David Geffen School of Medicine at UCLA, Los Angeles, California

Donor Selection and Management; Outcome Predictors in Liver Transplantation

Antoinette S. Gomes, MD

Professor, Radiological Sciences and Medicine, David Geffen School of Medicine at UCLA; Physician, Cardiovascular and Interventional Radiology, UCLA Medical Center, Los Angeles, California

Radiologic Evaluation in the Liver Transplant Patient

Thomas A. Gonwa, MD, FACP

Professor of Medicine, Mayo Clinic College of Medicine, Rochester, Minnesota; Medical Director, Kidney/Pancreas Transplantation, and Director, Division of Transplant Medicine, Department of Transplantation Mayo Clinic Jacksonville and St. Luke's Hospital, Jacksonville, Florida

Pretransplantation Evaluation: Pulmonary, Cardiac, and Renal

Sherilyn A. Gordon, MD

Assistant Professor of Surgery, Division of Liver and Pancreas Transplantation, David Geffen School of Medicine at UCLA; Dumont-UCLA Transplant Center, Los Angeles, California

Surgical Anatomy of the Liver; Arterial Complications After Liver Transplantation

Michael D. Green, MD, MPH

Professor of Pediatrics and Surgery, University of Pittsburgh School of Medicine; Staff, Children's Hospital of Pittsburgh, Pittsburgh, Pennsylvania

Pretransplantation Infectious Disease Screening for Liver Transplantation: Candidates and Donors

Raza Hamdani, MD

Staff Hepatologist, St. Luke's Medical Center, Milwaukee, Wisconsin

Unusual Indications for Liver Transplantation

Michael J. Hanaway, MD

Director of Pancreas Transplantation, Department of Surgery, University of Cincinnati College of Medicine, Cincinnati, Ohio

Transplant-Related Malignancies

Rick Harrison, MD

Professor of Clinical Pediatrics, David Geffen School of Medicine at UCLA; Co-Director, Pediatric Intensive Care Unit, Mattel Children's Hospital, Los Angeles, California

Postoperative Intensive Care Management in Children

Jeanette Hasse, PhD, RD, FADA, CNSD

Transplant Nutrition Specialist, Transplant Services, Baylor University Medical Center, Dallas, Texas

Nutritional Aspects of Adult Liver Transplantation

Paul H. Hayashi, MD

Transplant Hepatology Fellow, University of Colorado Health Sciences Center, Denver, Colorado

Donor and Recipient Evaluation and Selection for Adult-to-Adult Right Hepatic Lobe Liver Transplantation

Martin Hertl, MD

Assistant Professor of Surgery, Harvard Medical School; Surgical Director, Liver Transplantation, Massachusetts General Hospital, Boston, Massachusetts

New Approaches in Immunosuppression

Jonathan R. Hiatt, MD

Professor of Surgery and Director of Surgical Education, Division of Liver and Pancreas Transplantation, David Geffen School of Medicine at UCLA, Los Angeles, California

Influence of Liver Transplantation on Liver Surgery; Management of Portal Hypertensive Hemorrhage in the Era of Liver Transplantation

Ryutaro Hirose, MD, FACS

Assistant Professor in Residence, Division of Transplantation, Department of Surgery, University of California, San Francisco, School of Medicine, San Francisco, California

Novel Immunosuppressive Agents

Garrett M. Hisatake, MD

Surgeon, Department of Transplantation, California Pacific Medical Center, San Francisco, California

Influence of Liver Transplantation on Liver Surgery

Curtis D. Holt, PharmD

Associate Clinical Professor, Department of Surgery, David Geffen School of Medicine at UCLA, Los Angeles; Associate Clinical Professor, University of California, San Francisco, School of Pharmacy, San Francisco, California

Infections After Liver Transplantation

Yukihiro Inomata, MD

Professor and Director, Kumamoto University Faculty of Medicine and Pharmaceutical Sciences, Department of Pediatric Surgery, Kumamoto, Japan
Living Related Liver Transplantation in Pediatric Recipients

Sheila Jowsey, MD

Assistant Professor, Mayo Clinic College of Medicine; Consultant, Saint Mary's Hospital and Rochester Methodist Hospital, Rochester, Minnesota
Psychosocial Assessment of Adult Liver Transplant Recipients

Oded Jurim, MD

Staff, Hadassah University Medical Center, Hebrew University of Jerusalem, Jerusalem, Israel
Retransplantation

Igal Kam, MD

Professor, Division of Transplant Surgery, University of Colorado School of Medicine; Chief, Liver Transplantation, University of Colorado Health Sciences Center, Denver, Colorado
Donor and Recipient Evaluation and Selection for Adult-to-Adult Right Hepatic Lobe Liver Transplantation

Tomoaki Kato, MD

Associate Professor of Surgery, University of Miami College of Medicine, Miami, Florida
Transplantation of the Liver with Digestive Organs

Cesar A. Keller, MD, FCCP

Professor of Medicine, Mayo Clinic College of Medicine, Rochester, Minnesota; Medical Director, Heart-Lung and Lung Transplant Program, Transplant Center, Mayo Clinic, Jacksonville, Florida
Pretransplantation Evaluation: Pulmonary, Cardiac, and Renal

W. Ray Kim, MD, MBA

Associate Professor of Medicine, Mayo Clinic College of Medicine; Consultant, Mayo Clinic, Rochester, Minnesota
Liver Transplantation for Primary Biliary Cirrhosis

Cindy J. Kin, BA

Medical Student, Columbia University College of Physicians and Surgeons, New York, New York
Outcomes of Living Donor Liver Transplantation

Goran B. Klintmalm, MD, PhD

Chairman and Chief, Baylor Regional Transplant Institute; Director, Transplantation Services; Director, Dallas Liver Transplant Program, Baylor University Medical Center, Dallas, Texas
Transplantation for Primary Hepatic Malignancy; Transplantation for Budd-Chiari Syndrome; The Recipient Hepatectomy and Grafting; Combined Liver-Kidney Transplantation; Postoperative Intensive Care Unit Management: Adult Liver Transplant Recipients; Postoperative Management Beyond the Intensive Care Unit: Adults; Induction and Maintenance of Immunosuppression; Outcome Predictors in Liver Transplantation; Long-Term Functional Recovery and Quality of Life: Childhood, Adulthood, Employment, Pregnancy, and Family Planning

Gregg Kunder, BS, BSN, CCTC

Transplant Coordinator, The Pfleger Liver Institute and Dumont-UCLA Transplant Center, UCLA Medical Center, Los Angeles, California
Role of the Posttransplant Coordinator

Jerzy W. Kupiec-Weglinski, MD, PhD

Professor of Surgery and Pathology, David Geffen School of Medicine at UCLA; Director, Dumont-UCLA Transplantation Research Laboratories, Los Angeles, California
Ischemia-Reperfusion Injury of the Liver

Chi Lai, MD

Transplant Pathology Fellow, University of Pittsburgh Medical Center, Pittsburgh, Pennsylvania
Histological Patterns of Rejection and Other Causes of Liver Dysfunction

John Lake, MD

Professor of Medicine and Surgery, University of Minnesota Medical School—Minneapolis; Director, Division of Gastroenterology, Hepatology and Nutrition; Director, Liver Transplantation Program, Fairview-University Medical Center, Minneapolis, Minnesota
Hepatitis C and Liver Transplantation

Charles R. Lassman, MD, PhD

Associate Professor of Pathology and Laboratory Medicine, David Geffen School of Medicine at UCLA; Chief, Hepatobiliary Pathology, Chief, Renal Pathology, and Associate Chief, Autopsy Pathology, UCLA Medical Center, Los Angeles, California
Pathology of Recurrence of Non-Neoplastic Disease After Liver Transplantation

Susan M. Lerner, MD

Assistant Professor of Surgery and Director, Surgery Clerkship, Penn State University College of Medicine; Surgical Director, Liver Transplantation, Penn State Milton S. Hershey Medical Center, Hershey, Pennsylvania
Retransplantation

Marlon F. Levy, MD

Assistant Director and Transplant Surgeon, Baylor University Medical Center, Dallas, Texas; Surgical Director of Transplantation, Baylor All Saints Medical Center, Fort Worth, Texas
Long-Term Functional Recovery and Quality of Life: Childhood, Adulthood, Employment, Pregnancy, and Family Planning; Extracorporeal Xenogeneic Liver Support

S. David Li, MD

Staff, Immanuel St. Joseph's-Mayo Health System, Mankato, Minnesota
Unusual Indications for Liver Transplantation

Piyaporn Limanond, MD

Instructor, Department of Radiology, Mahidol University Faculty of Medicine; Radiologist, Siriraj Hospital, Bangkok, Thailand
Imaging Techniques in Living Donor Transplantation

Gerald S. Lipshutz, MD, MS

Assistant Professor of Surgery, Division of Liver and Pancreas Transplantation, David Geffen School of Medicine at UCLA, Los Angeles, California
Rejection After Transplantation

Steven J. Lobritto, MD

Associate Professor of Medicine and Pediatrics, Columbia University College of Physicians and Surgeons; Pediatric Medical Director, New York-Presbyterian Hospital, New York, New York
Postoperative Care of Pediatric Liver Transplant Recipients

David S. K. Lu, MD

Professor of Radiology, David Geffen School of Medicine at UCLA; Director, Computed Tomography, and Chief, Cross Sectional Interventional Service, UCLA Medical Center, Los Angeles, California
Imaging Techniques in Living Donor Transplantation

Zhengbin Lu, MD, PhD

Hepatic and Gastric Pathologist, Ameripath, Inc., Indianapolis, Indiana
Histological Patterns of Rejection and Other Causes of Liver Dysfunction

Michael R. Lucey, MD, FRCPI

Professor of Medicine, Department of Medicine, University of Wisconsin Medical School; Chief, Section of Gastroenterology and Hepatology, University Hospital and Clinic, Madison, Wisconsin
Liver Transplantation for Alcoholic Liver Disease

Martin L. Mai, MD

Assistant Professor of Medicine, Mayo Clinic College of Medicine, Rochester, Minnesota; Consultant, Department of Transplantation, Mayo Clinic, Jacksonville, Florida
Pretransplantation Evaluation: Pulmonary, Cardiac, and Renal

Cosme Y. Manzarbeitia, MD, FACS

Chairman, Division of Transplantation, and Director, Liver Transplantation and Hepatobiliary Surgery Program, Department of Surgery, Albert Einstein Medical Center, Philadelphia, Pennsylvania
Non-Heart-Beating Donor Liver Transplantation

Amadeo Marcos, MD

Professor of Surgery, University of Pittsburgh School of Medicine; Clinical Director of Transplantation, Thomas E. Starzl Transplantation Institute, University of Pittsburgh Medical Center, Pittsburgh, Pennsylvania
History of Liver and Multivisceral Transplantation; Cell Migration, Chimerism, and Graft Acceptance, with Particular Reference to the Liver

Victor J. Marder, MD

Professor of Clinical Medicine, David Geffen School of Medicine at UCLA; Director, Vascular Medicine Program, Orthopaedic Hospital, Los Angeles, California

Liver Transplantation for Hematological Disorders

Carlos Margarit, MD, PhD

Professor of Surgery, Universidad Autonoma de Barcelona; Director, Liver Transplantation Unit, Hospital Vall Hebron, Barcelona, Spain

Liver Organ Allocation: The European Models; Auxiliary Liver Transplantation

James Markmann, MD, PhD

Associate Professor of Surgery, University of Pennsylvania School of Medicine; Surgeon, University of Pennsylvania Hospital, Philadelphia, Pennsylvania

Retransplantation

Suzanne V. McDiarmid, MD

Professor of Pediatrics and Surgery, David Geffen School of Medicine at UCLA; Director, Pediatric Liver Transplantation, ULCA Medical Center, Los Angeles, California

Liver Transplantation for Metabolic Disease; Special Considerations for Pediatric Immunosuppression After Liver Transplantation

K. V. Narayanan Menon, MD

Assistant Professor of Medicine, William J. Von Liebig Transplant Center, Mayo Medical School, Rochester, Minnesota

Late Complications of Liver Transplantation and Recurrence of Disease

William C. Meyers, MD

Professor of Surgery, Duke University School of Medicine; Associate Director, Endosurgical Center, Duke University Medical Center, Durham, North Carolina

Extracorporeal Xenogeneic Liver Support

Marian G. Michaels, MD, MPH

Associate Professor of Pediatrics and Surgery, University of Pittsburgh School of Medicine; Staff, Children's Hospital of Pittsburgh, Pittsburgh, Pennsylvania

Pretransplantation Infectious Disease Screening for Liver Transplantation: Candidates and Donors

Charles M. Miller, MD

Associate Professor of Surgery, Cleveland Clinic Lerner College of Medicine, Case Western Reserve University; Director, Liver Transplantation, Department of General Surgery, Cleveland Clinic Foundation, Cleveland, Ohio

Adult Living Donor Hepatectomy and Recipient Operation

J. Michael Millis, MD

Professor of Surgery, The University of Chicago Pritzker School of Medicine; Chief, Section of Transplantation, The University of Chicago Hospitals, Chicago, Illinois

Transplantation for Biliary Atresia

Ayse L. Mindikoglu, MD

Fellow in Gastroenterology, Loyola University Medical Center, Maywood, Illinois

Unusual Indications for Liver Transplantation

Marida Minervini

Staff, University of Pittsburgh Medical Center; Pittsburgh, Pennsylvania

Histological Patterns of Rejection and Other Causes of Liver Dysfunction

Bianca Miranda, MD, PhD

Medical Director, Organizacion Nacional de Trasplantes, Madrid, Spain

Liver Organ Allocation: The European Models

Ernesto P. Molmenti, MD, PhD

Associate Professor of Surgery, Transplantation and General Surgery, Johns Hopkins University School of Medicine; Consultant, Johns Hopkins Hospital, Baltimore, Maryland

Clinical Management of the Necrotic Liver During Transplantation

Ferdinand Mühlbacher, MD

Professor of Surgery, Medical University of Vienna; Staff, Vienna General Hospital, Vienna, Austria

Liver Transplantation for Metastases of the Liver

Noriko Murase, MD

Associate Professor of Surgery, University of Pittsburgh School of Medicine; Surgeon, Thomas E. Starzl Transplantation Institute, University of Pittsburgh Medical Center, Pittsburgh, Pennsylvania
History of Liver and Multivisceral Transplantation; Cell Migration, Chimerism, and Graft Acceptance, with Particular Reference to the Liver

Mike Nalesnik, MD

Professor of Pathology, University of Pittsburgh School of Medicine, Pittsburgh, Pennsylvania
Histological Patterns of Rejection and Other Causes of Liver Dysfunction

Peter Neuhaus, MD

Professor of Surgery, Charité-Universitätsmedizin Berlin, Humboldt Universität zu Berlin; Professor of Surgery and Chief, Department of General, Visceral, and Transplantation Surgery, Campus Virchow Clinic, Berlin, Germany
Technical Problems: Biliary

Jose M. Nieto, DO

Hepatology Fellow, David Geffen School of Medicine at UCLA; Staff, West Los Angeles Veterans Affairs Medical Center, Los Angeles, California
Liver Transplantation for Autoimmune Hepatitis

Nicholas N. Nissen, MD

Assistant Clinical Professor of Surgery, David Geffen School of Medicine at UCLA; Assistant Surgical Director, Multi-Organ Transplant Program, Cedars-Sinai Medical Center, Los Angeles, California
Graft Failure: Etiology, Recognition, and Treatment

Kim M. Olthoff, MD

Associate Professor of Surgery, University of Pennsylvania School of Medicine; Director, Liver Transplantation, Hospital of the University of Pennsylvania and The Children's Hospital of Philadelphia, Philadelphia, Pennsylvania
Portal Vein Thrombosis and Other Venous Anomalies in Liver Transplantation

Jean-Bernard Otte, MD

Professor Emeritus of Surgery, Université Catholique de Couvain; Former Head, Department of Pediatric Surgery, Cliniques Saint-Luc, Brussels, Belgium
Split-Liver Transplantation for the Pediatric and Adult Recipient

Andreas Pascher, MD

Professor of Surgery, Charité-Universitätsmedizin Berlin, Humboldt Universität zu Berlin; Professor of Surgery, Department of General, Visceral, and Transplantation Surgery, Campus Virchow Clinic, Berlin, Germany
Technical Problems: Biliary

Guido G. Persijn, MD, PhD

Medical Director, Eurotransplant International Foundation, Leiden, The Netherlands
Liver Organ Allocation: The European Models

Phuong-Chi T. Pham, MD

Associate Professor of Medicine, David Geffen School of Medicine at UCLA, Los Angeles; Staff, Olive View-UCLA Medical Center, Sylmar, California
Renal Failure in Adult Liver Transplant Recipients

Phuong-Thu T. Pham, MD

Assistant Professor of Medicine, David Geffen School of Medicine at UCLA, Los Angeles, California
Renal Failure in Adult Liver Transplant Recipients

Jeffrey L. Platt, MD

Professor of Surgery, Immunology, and Pediatrics, Mayo Clinic College of Medicine; Director, Transplantation Biology Program, Mayo Clinic, Rochester, Minnesota
Xenotransplantation and the Liver

Jorge Rakela, MD

Professor of Medicine, Mayo Clinic College of Medicine; Chair, Department of Internal Medicine, Mayo Clinic, Scottsdale, Arizona
Monitoring and Care of the Patient Before Liver Transplantation

Steven S. Raman, MD

Radiologist, The Pfleger Liver Institute and Gastrointestinal and Genitourinary Radiology Program, David Geffen School of Medicine at UCLA, Los Angeles, California
Imaging Techniques for Living Donor Transplantation

Michael A. E. Ramsay, MD, FRCA

Clinical Professor, University of Texas
Southwestern Medical School; Chairman,
Department of Anesthesiology, Baylor
University Medical Center at Dallas,
Dallas, Texas

*Anesthesia for Liver
Transplantation*

Henry B. Randall, MD

Attending Transplant Surgeon, Baylor
Regional Transplant Institute, Baylor
University Medical Center; Pediatric
Transplant Surgeon, Children's Medical
Center and University of Texas
Southwestern Medical Center, Dallas,
Texas

*Postoperative Intensive Care Unit
Management: Adult Liver Transplant
Recipients*

Parmjeet Randhawa, MD

Professor of Pathology, University of
Pittsburgh School of Medicine,
Pittsburgh, Pennsylvania

*Histological Patterns of Rejection
and Other Causes of Liver
Dysfunction*

Elaine F. Reed, MS, PhD

Professor of Pathology and Director,
UCLA Immunogenetics Center,
Department of Pathology and Laboratory
Medicine, David Geffen School of
Medicine at UCLA, Los Angeles,
California

*ABO, Tissue Typing, and Cross-match
Incompatibility in Liver
Transplantation*

David J. Reich, MD, FACS

Associate Director, Liver Transplantation
and Hepatobiliary Surgery Program,
Albert Einstein Medical Center;
Associate Professor of Surgery,
Jefferson Medical College,
Thomas Jefferson University,
Philadelphia, Pennsylvania

*Non-Heart-Beating Donor Liver
Transplantation*

Paulo R. Reichert, MD

Professor of Surgery, Department of
Anatomy, Universidade de Passo Fundo,
Passo Fundo, Brazil

Surgical Anatomy of the Liver

John F. Renz, MD, PhD

Assistant Professor of Surgery, Columbia
University College of Physicians and
Surgeons; Center for Liver Disease
and Transplantation, New York,
New York

*Surgical Anatomy of the Liver; The Donor
Operation; Outcomes of Living Donor
Liver Transplantation*

Stephen M. Riordan, MD, FRACP, FRCP

Associate Professor, Department of
Medicine, The University of New South
Wales Faculty of Medicine;
Director, Gastrointestinal and
Liver Unit, The Prince of Wales Hospital,
Sydney, New South Wales,
Australia

*Transplantation for Fulminant Hepatic
Failure*

John P. Roberts, MD

Professor of Surgery, University of
California, San Francisco, School of
Medicine; Chief, Division of
Transplantation UCSF Comprehensive
Cancer Center, San Francisco,
California

Rejection After Transplantation

Bruno Roche, MD

Universite Paris-Sud; Hospital Staff, Hôpital
Paul Brousse, Centre Hepato-Biliaire,
Villejuif, France

*Transplantation for Viral Hepatitis
A and B*

Susanne Rasoul Rockenschaub, MD

Staff, Vienna General Hospital, Vienna,
Austria

*Liver Transplantation for Metastases of the
Liver*

Xavier Rogiers, MD

Professor of Surgery, University of
Hamburg Medical School; Director of
Klinik und Poliklinik, Universitäts
Klinikum Hamburg-Eppendorf, Hamburg,
Germany

*Split-Liver Transplantation for the Pediatric
and Adult Recipient*

L. S. Rothenberg, JD

Associate Professor of Clinical Medicine,
David Geffen School of Medicine at
UCLA; Ethicist, UCLA Healthcare,
Los Angeles, California

*Ethical Decisions in Liver
Transplantation*

Steven M. Rudich, MD

Associate Professor of Surgery, University of Cincinnati College of Medicine;
 Director of Liver Transplant Services,
 Division of Transplantation,
 University of Cincinnati University
 Hospital, Cincinnati, Ohio
Transplant-Related Malignancies

Frederick C. Ryckman, MD

Professor of Surgery, University of Cincinnati College of Medicine;
 Surgical Director, Liver Transplantation,
 Cincinnati Children's Hospital Medical
 Center, Cincinnati, Ohio
Transplantation for Hepatic Malignancy in Children

Sammy Saab, MD, MPH

Assistant Professor of Medicine and
 Surgery, David Geffen School of
 Medicine at UCLA, Los Angeles,
 California
Liver Transplantation for Autoimmune Hepatitis

Bob H. Saggi, MD

Assistant Professor of Surgery, University of Texas Medical School at Houston,
 Houston, Texas
Outcomes of Living Donor Liver Transplantation

Didier Samuel, MD, PhD

Professor of Hepatology, Université Paris-Sud; Hospital Staff, Hôpital Paul Brousse, Centre Hepato-Biliaire, Villejuif, France
Transplantation for Viral Hepatitis A and B

Edmund Q. Sanchez, MD, FACS

Attending Transplant Surgeon and
 Fellowship Director, Baylor Regional
 Transplant Institute, Baylor University
 Medical Center, Dallas, Texas
Combined Liver-Kidney Transplantation; Postoperative Management Beyond the Intensive Care Unit: Adults

Randolph Schaffer III, MD

Surgical Director, Living Donor Organ
 Transplant Program, Scripps Clinic/
 Green Hospital, La Jolla,
 California
Transplantation for Biliary Atresia

Paul J. Scheel, Jr., MD

Associate Professor of Medicine and
 Vice Chairman, Department of Medicine,
 Johns Hopkins University School of
 Medicine; Director, Division of
 Nephrology, Johns Hopkins Hospital,
 Baltimore, Maryland
Clinical Management of the Necrotic Liver During Transplantation

Terry Schneekloth, MD

Assistant Professor, Mayo Clinic College of Medicine; Director of Addiction Services, Mayo Clinic, Rochester, Minnesota
Psychosocial Assessment of Adult Liver Transplant Recipients

Dawn Sears, MD

Assistant Professor, Texas A&M University Health Science Center College of Medicine, College Station, Texas; Staff Physician, Scott & White Memorial Hospital, Temple, Texas
Natural History of Hepatitis C

Nazia Selzner, MD, PhD

Research Fellow, Department of Visceral Surgery and Transplantation, University Hospital of Zurich, Zurich, Switzerland
Principles of Liver Preservation

Abraham Shaked, MD, PhD

Professor of Surgery, University of Pennsylvania School of Medicine;
 Chief, Division of Transplantation
 Surgery, Director, PENN Transplant
 Center, Philadelphia,
 Pennsylvania
Genetic Modulation in Transplantation

Pratima Sharma, MD

Medical Director, Emory Transplant Center, Atlanta, Georgia
Monitoring and Care of the Patient Before Liver Transplantation

Mark Siegler, MD

Professor of Medicine and Director, MacLean Center for Clinical Medical Ethics, The University of Chicago Pritzker School of Medicine, Chicago, Illinois
Ethics of Living Donor Liver Transplantation

Thomas E. Starzl, MD, PhD

Professor of Surgery, University of Pittsburgh School of Medicine; Staff, University of Pittsburgh Medical Center, Pittsburgh, Pennsylvania

History of Liver and Multivisceral Transplantation; Cell Migration, Chimerism, and Graft Acceptance, with Particular Reference to the Liver

Marvin J. Stone, MD, MACP

Chief of Oncology and Director, Baylor Charles A. Sammons Cancer Center, Baylor University Medical Center, Dallas, Texas

Transplantation for Primary Hepatic Malignancy; Transplantation for Budd–Chiari Syndrome

Steven M. Strasberg, MD, FRCS(C), FACS

Professor of Surgery, Washington University in St. Louis; Head, Section of Hepatobiliary–Pancreatic Surgery, Barnes–Jewish Hospital, St. Louis, Missouri

Principles of Liver Preservation

Thomas B. Strouse, MD

Assistant Clinical Professor of Psychiatry, David Geffen School of Medicine at UCLA; Director, Psychosocial Services and Cancer Pain Management Service, Cedars–Sinai Medical Center, Los Angeles, California

Neuropsychiatric Outcomes in Liver Transplant Recipients

Jayant A. Talwalkar, MD, MPH

Assistant Professor of Medicine, Mayo Clinic College of Medicine; Consultant, Mayo Clinic, Rochester, Minnesota

Liver Transplantation for Primary Biliary Cirrhosis

Koichi Tanaka, MD

Professor and Director, Transplantation and Immunology, Kyoto University Faculty of Medicine, Kyoto, Japan

Living Related Liver Transplantation in Pediatric Recipients

William D. Tap, MD

Hematology–Oncology Fellow, David Geffen School of Medicine at UCLA, Los Angeles, California
Liver Transplantation for Hematological Disorders

Mark J. Thomas, MD

Assistant Professor of Surgery, Division of Transplantation, University of Cincinnati College of Medicine, Cincinnati, Ohio

Transplant-Related Malignancies

Gregory M. Tiao, MD

Assistant Professor of Surgery, University of Cincinnati College of Medicine; Attending Surgeon, Pediatric and Transplant Surgery, Cincinnati Children's Hospital Medical Center, Cincinnati, Ohio
Transplantation for Hepatic Malignancy in Children

James F. Trotter, MD

Associate Professor, Division of Gastroenterology/Hepatology, University of Colorado School of Medicine, Denver, Colorado

Donor and Recipient Evaluation and Selection for Adult-to-Adult Right Hepatic Lobe Liver Transplantation

Massimo Trucco, MD

Professor of Pediatric Immunology, University of Pittsburgh School of Medicine; Staff, Children's Hospital of Pittsburgh, Pittsburgh, Pennsylvania
Cell Migration, Chimerism, and Graft Acceptance, with Particular Reference to the Liver

Andreas G. Tzakis, MD

Professor of Surgery, University of Miami School of Medicine, Miami, Florida

Transplantation of the Liver with Digestive Organs

Joseph P. Vacanti, MD

Johns Homans Professor of Surgery, Harvard Medical School; Surgeon in Chief, Massachusetts General Hospital for Children; Chief of Pediatric Transplantation, Massachusetts General Hospital, Boston, Massachusetts

Development of Bioartificial Liver

David H. van Thiel, MD

Medical Director of Liver Transplantation
and Director of Hepatology, St. Luke's
Medical Center; Gastroenterologist,
Abdominal Transplant and Liver Disease
Clinic, Milwaukee, Wisconsin
*Unusual Indications for Liver
Transplantation*

Hugo E. Vargas, MD

Associate Professor of Medicine, Mayo
Clinic College of Medicine; Consultant,
Mayo Clinic, Scottsdale, and Mayo Clinic
Hospital, Phoenix, Arizona
*Monitoring and Care of the Patient Before
Liver Transplantation*

Flavio Vincenti, MD

Professor of Clinical Medicine, Department
of Surgery, University of California,
San Francisco, School of Medicine,
San Francisco, California
Novel Immunosuppressive Agents

Robert M. Weinrieb, MD

Associate Professor of Psychiatry,
University of Pennsylvania School of
Medicine, Philadelphia, Pennsylvania
*Liver Transplantation for Alcoholic
Liver Disease*

Peter F. Whittington, MD

Professor of Pediatrics and Transplantation,
Northwestern University Feinberg School
of Medicine; Division Chief, Pediatric
Gastroenterology, Hepatology and
Nutrition, and Director, Siragusa
Transplantation Center, Children's
Memorial Hospital, Chicago, Illinois
*General Criteria for Pediatric
Transplantation*

Kelly Wicker, RN, BSN

Program Manager, Liver/Kidney/Pancreas
Transplantation, Baylor University
Medical Center, Dallas, Texas
*Clinical Nurse Coordinator: Nursing Focus
on Care of Patients with End-Stage
Liver Disease*

Alan H. Wilkinson, MD

Professor of Medicine, David Geffen School
of Medicine at UCLA; Medical Director,
Kidney and Pancreas Transplantation,
UCLA Medical Center, Los Angeles,
California
*Renal Failure in Adult Liver Transplant
Recipients*

**Roger Williams, MD, CBE, FRCP, FRCS,
FRCPE, FRACP, FMedSci, FRCPI(Hon),
FACP(Hon)**

Professor, University College London;
Director, The Institute of Hepatology,
London, England
Transplantation for Fulminant Hepatic Failure

Drew J. Winston, MD

Associate Clinical Professor of Medicine,
David Geffen School of Medicine at
UCLA; Physician, UCLA Medical Center,
Los Angeles, California
Infections after Liver Transplantation

E. Steve Woodle, MD

Professor of Surgery and Director, Division of
Transplantation, University of Cincinnati
College of Medicine; Chairman, Board of
Directors, Israel Penn International
Transplant Tumor Registry, Cincinnati, Ohio
Transplant-Related Malignancies

Tong Wu, MD, PhD

Assistant Professor of Pathology, University
of Pittsburgh School of Medicine,
Pittsburgh, Pennsylvania
*Histological Patterns of Rejection and Other
Causes of Liver Dysfunction*

Hal F. Yee, Jr., MD, PhD,

Professor of Medicine, University of
California, San Francisco, School of
Medicine; Chief, Gastroenterology and
Hepatology, San Francisco General
Hospital, San Francisco, California
*Molecular and Cellular Basis of Hepatic
Failure*

Heidi Yeh, MD

Instructor of Surgery, University of
Pennsylvania School of Medicine,
Philadelphia, Pennsylvania
Genetic Modulation in Transplantation

Hasan Yersiz, MD

Assistant Professor of Surgery, David
Geffen School of Medicine at UCLA,
Los Angeles, California
The Donor Operation

Daniel S. Yip, MD

Assistant Professor of Medicine,
Mayo Clinic College of Medicine,
Rochester, Minnesota; Medical Director,
Heart Failure and Transplantation,
Mayo Clinic Jacksonville/St. Luke's
Hospital, Jacksonville, Florida
*Pretransplantation Evaluation: Pulmonary,
Cardiac, and Renal*
