The Companies Behind BIOTECH USA

BIOTECH USA is produced by Conference Management Corporation (CMC) in cooperation with Online. Conference Management Corporation, a leader in trade show management since 1976, currently produces and manages 39 shows in more than 18 industries.

Online International is a specialist in conferences and exhibitions concerned with the business implications and applications of leading edge technology.

BUSINESS FORUM

CONTENTS

Business Forum

Regulatory & Patent Seminar

Towards Understanding The U.S. Biotechnology Regulatory Framework	Edward L. Korwek Law Firm of Hogan & Hartson	1
---	---	---

The Regulatory Environment

Regulatory Framework: Pro's And Con's Of Conducting Biotechnology Activities Abroad	Cynthia A. Lewis Beveridge & Diamond, P.C.	10
---	---	----

Agricultural Biotechnology Regulations - An Overview	Edgar Butts Regutech International Inc.	17
---	--	----

Latest Developments In Biotechnology Patents & Trade Law

Biotechnology Patent Litigation	Robert H. Benson Leydig, Voit & Mayer	22
---------------------------------	--	----

Novelty And Inventive Step (Non-Obviousness) Of Inventions Relating To Proteins And DNA Sequences Under The EPC And German Patent Law	Dr. Volker Vossius Vossius & Partners	27
---	--	----

Biotechnology Patenting In The United States Patent Office Or... Don't Let The Chemists Ruin Your Day	Richard L. Neeley Leydig, Voit & Mayer	32
--	---	----

Competition Or Collaboration?

Technology Transfer In Biotech: Will The Payback Come From Patents Or From Knowhow?	William H. Duffey Monsanto Company, U.S.A.	38
---	---	----

New Ventures In Biotechnology: Research And Formation Techniques

Venture Capital And The Environment For New Biotechnology Start-Ups	Brook H. Byers Kleiner Perkins Caufield & Byers	50
Biotechnology Companies - Current Legal Issues	Thomas E. Sparks, Jr. Pillsbury, Madison & Sutro	57
An Entrepreneur's View Of The Start-Up Process	Howard C. Birndorf Gen-Probe Incorporated	61
Founding New Ventures As An Academic Researcher	Ivor Royston University of California, San Diego	66

Vertical Integration

Vertical Integration - Is It The Right Answer	G. Steven Burrill Arthur Young	67
Vertical Integration	Steven C. Mendell XOMA Corporation	73

Industry Surveys

U.S. Biotechnology - Results Of Surveys On The Industry, Company Founders, And States Support	Mark D. Dibner North Carolina Biotechnology Center	78
---	--	----

Bioproduct Engineering

Lipid Derivatives For Industry

Unsaturated Lipids	Saul Neidleman Cetus Corporation	84
--------------------	-------------------------------------	----

Using Bioengineering To Make Established Products In New Ways

(R) - Glycidyl Butyrate: Evolution Of A Laboratory Procedure To An Industrial Process	Alan E. Walts Genzyme Corporation, U.S.A.	91
---	--	----

Peroxidase Catalysis In Organic Media	Jonathan S. Dordick University of Iowa	99
--	---	----

Processing The Special Properties Of Biological Molecules

Ion Selective Electrodes - Criteria For Commerical Production	John A.R. Kater Ionetics Inc.	110
---	----------------------------------	-----

Fiber Optic Sensors In Clinical Application	Douglas R. Hansmann Cardiovascular Devices, Inc.	116
Biosensing With Molecular Devices: Novel Concept And Applications	Dr. Jonathan Briggs Molecular Devices Corp.	125
Advances In Downstream Processing Monoclonal Antibodies		
Purification Of Monoclonal Antibodies: A New Approach	Michael A. Boss OROS Systems, Inc.	130
Scalability Of Mammalian Cell Culture Bioreactors Utilizing Ceramic Matrices	Gordon G. Pugh Charles River Biotechnical Svcs., Inc., USA	140
Improved Yields Of Monoclonal Antibodies In Flexible Plastic Containers	William Kolanko Baxter Healthcare Corporation Fenwal Division	151

Environmental Clean-Up

Microbial Management of Waste

Genetic Engineering Approaches To The Problems Of Toxic Chemical Pollution	Ananda Chakrabarty University of Illinois	163
Genetic And Cell-Free Studies Of PCB Biodegradation In <u>Pseudomonas Putida</u> LB400	Frank J. Mondello General Electric Company	171

Microbial Solids Biodegradation Under Aerobic Thermophilic Conditions - A Recent Advance In Sewage Sludge Treatment	C. Anthony Mason California Institute of Technology	182
Destruction Of Hazardous Chemicals By Fungus	Hou-min Chang North Carolina State University	190
Biorecovery Of Strategic Materials		
Microbes As Aids In Metal Recovery: Applications To Strategic Metals	Henry L. Ehrlich Rensselaer Polytechnic Institute	199
Designed Metal-Binding Proteins	David S. Holmes General Electric Company	208
New Applications Of Biotechnology In Mineral Processing And Extractive Metallurgy	James A. Doncheck Bio-Technical Resources, Inc. David L. Thompson Hazen Research, Inc.	216

Healthcare, Diagnostics & Drugs

Recombinant Vaccines

Genetic Engineering Approaches Toward A Malaria Vaccine	Philip J. Barr Chiron Corporation, U.S.A.	222
Toward A Vaccine Against Hepatitis B	D. Eugene Wampler Merck Sharp & Dohme Research Laboratories	230

Adjuvant Genes For Infectious Virus Recombinant Vaccines: Use Of Lymphokines As Adjuvants	Tilahun Yilma University of California, Davis	238
 Oncogenes For Cancer Diagnostics		
Proto-Oncogenes And Human Malignancies: A Brief Overview	Dennis J. Slamon University of California - Los Angeles	247
Detection Of RAS Gene Mutations In Human Leukemias And Myelodysplasia Using The Polymerase Chain Reaction	Frank McCormick Cetus Corporation	254
 New Developments In Drug Therapy		
Liposome Technology: Clinical Highlights	Daniel Mufson Liposome Technology, Inc.	263
Transdermal Delivery System Approach To Drug Therapy	Gary W. Cleary Cygnus Research Corporation	269
Progress In Immunomodulators	A. Arthur Gottlieb Imreg, Inc.	281
 Monoclonal Antibodies for Detecting Drug Abuse		
The Use Of Monoclonal Antibodies In Solid Phase <u>Elisa</u> For Drugs Of Abuse	Herbert Platt Genetic Diagnostics Corporation	286

Antibodies To Cannabinoids	Carol C. Whisnant Research Triangle Institute	288
The Case For Polyclonals In Testing For Drugs Of Abuse	Jay E. Gorsky Syva Company	294
Chemical Recognition Studies-- Tools And Applications		
Kinetic Analysis Of Binding And Catalysis In Dihydrofolate Reductase Mutants	Carol Ann Fierke Duke University	295
Studies On A Methotrexate- Resistant Dihydrofolate Reductase	Peter T. Lansbury Rockefeller University	303

Food & Agriculture

Biotechniques For Rapid Quality Assurance

Immunoassays For Measuring Beneficial And Adverse Changes In Food Proteins	David L. Brandon USDA Agricultural Research Service	308
Detection Of <u>Salmonella</u> And <u>Listeria</u> By Monoclonal Antibody Based Enzyme Immunoassays	Barbara J. Robison Organon Teknika Corp.	318

Novel Bioprocesses In The Food Industry

Application Of Recombinant DNA Technology In Food Industry	Shau-Ping Lei INGENE Inc.	324
---	------------------------------	-----

Application For Recombinant DNA Technology To Strain Improvement In <u>Aspergillus</u>	W. Dirk Sikkema The InFerGene Company	330
Genetic Engineering Of Plants - An Analysis Of Important Factors In Gene Transfer	Pamela Dunsmuir Advanced Genetic Sciences	337
Development & Regulation Of Plant Genes		
Genetic Engineering Of EPSP Synthase For Chloroplast Delivery And Tolerance To The Herbicide Glyphosate	Luca Comai Calgene Inc.	338
Expression Of Seed Storage Protein Genes: A Developmental Perspective	Martha L. Crouch Indiana University	341
Use Of The Luciferase Gene As An Indicator Of Plant Gene Reactions	Gail Baughman University of California, San Diego	344
Plant Biotechnology At The Cellular Level		
InVitro Potential Of Opium Poppy For Secondary Metabolite Production	Craig L. Nessler Texas A&M University	351
Stability Of Plant Genes In The Cell Culture Process	E.T. Bingham University of Wisconsin, Madison	358

**The Business Of Agricultural
Biotechnology**

The Role Of Micropropagation In Commercialization Of Plant Biotechnology	Irwin Y.E. Chu Twyford Plant Labs.	365
Herbicide - Resistant Crops: Who Would Benefit And How?	Juliet A. Zavon Arthur D. Little, Inc.	369
USDA Regulation Of Agricultural Biotechnology, A Summary	Stephen R. Poe U.S. Department of Agriculture	371
