Contributors

BENJAMIN L. AARON, M.D.

Chief, Cardiothoracic Surgery; Professor of Surgery, Department of Surgery, George Washington University Medical Center, Washington, D.C.

Invited comment: Late sequelae of thoracic injuries

JEAN ABITBOL, M.D.

Ancien Chef de Clinique Assistant des Hopitaux de Paris, Head of E.N.T., Head and Neck Surgery Department, Multi Laser Platform, Stell Hospital, Paris, France

Invited comment: Airway trauma: tracheobronchial trauma

WILLIAM ANDREWS, M.D., F.R.C.P.(C)

Clinical Fellow, Program in Critical Care, The University of Western Ontario, London, Ontario, Canada

Invited comment: Myocardial contusion

PAUL G. BARASH, M.D.

Professor and Chairman, Department of Anesthesiology, Yale University School of Medicine, New Haven, Connecticut

Monitoring for thoracic surgery

HEINRICH D. BECKER, M.D.

Internist, Internal Medicine/Pneumology, Department for Internal Medicine, Oncology and Endoscopy, Chest Hospital, LVA-Baden, Heidelberg, Federal Republic of Germany

Invited comment: Tracheobronchial aspiration

WILLIAM H. BELL, III, M.D.

Vascular Fellow, Department of Surgery, Tulane University School of Medicine, New Orleans, Louisiana

Invited comment: Barotrauma

DANIEL BENCHIMOL, M.D.

Chef de clinique a la Faculté, Department of Abdominal and Thoracic Surgery, University of Nice-Sophia-Antipolis, Nice, France

Invited comment: Esophageal injuries

AUGUSTIN BESSON, M.D., F.A.C.S., F.C.C.P.

Spécialiste FMH en chirurgie, Privat-docent et Agrégé à la Faculté de Médecine, de l'Université de Lausanne, Médecin-adjoint au Service de chirurgie du Centre hospitalier universitaire vaudois, Lausanne, Switzerland

Emergency room organization and equipment: a concept

Invited comment: Diaphragmatic injuries

FREDERIC BONBLED, M.D.

Maitre de conférences invite charge de l'enseignement de la médecine légale, Département de Médecine légale, Université Catholique de Louvain, Brussels, Belgium

Invited comment: Acute thoracic compression syndrome—"traumatic asphyxia"

H. BRICARD, M.D.

Professeur d'Anesthésie-Reanimation Chirurgicale, Département d'Anesthésie-Reanimation Chirurgicale, Centre hospitalo-universitaire de Caen, Caen, France

Invited comment: Airway trauma: tracheobronchial trauma

BO BRISMAR, M.D.

Associate Professor, Department of Surgery, Karolinska Institute, Huddinge University Hospital, Huddinge, Sweden

The case of war or civil catastrophe

JOHN H. CALHOON, M.D.

Assistant Professor and Chief, Pediatric Cardiac Surgery, Department of Surgery, University of Texas Health Science Center at San Antonio, San Antonio, Texas

Tracheobronchial aspiration

MAURICE CARA, M.D.

Professor of Anesthesiology, Department of Anesthesiology, Hopital Necker, Paris, France

Invited comment: Structural and organizational criteria for the accident and emergency department: the house officer

C. GENE CAYTEN, M.D., M.P.H.

Professor of Surgery and Community and Preventive Medicine, Department of Surgery and Department of Community and Preventive Medicine, New York Medical College, Valhalla, New York

Prevention of chest trauma

RENÉ CHIOLÉRO, M.D., Dr. méd.

Privat-docent, à la Faculté de Médecine de l'Université de Lausanne, Médecines Soins intensifs, Service d'anesthésiologie du Centre hospitalier, universitaire vaudois, Lausanne, Switzerland

Invited comment: Heart and pericardium injuries

WILLIAM A. COOK, M.D.

Private Practice, North Andover, Massachusetts

Air embolism in thoracic trauma

LOUIS COURAUD, M.D.

Professeur of Thoracic Surgery and Chief Surgeon, Department of Thoracic Surgery, Bordeaux II University, Xavier-Arnoz Hospital, Pessac, France

Invited comment: Tracheal reconstruction with personal techniques

L.J. COURBIL, M.D.

Professeur, Service de Santé des Armées, Lyon, France

War wounds of the chest

JACQUES M. CUILLERET, M.D.

Professor of Surgery, Department of General Surgery, University of Saint-Etienne, Jarez, France

Invited comment: Penetrating wounds

DENIS DESAULNIERS, M.D., F.R.C.S.(C)

Clinical Professor, Department of Surgery, Laval University, Sainte-Foy, Quebec, Canada

Late sequelae of thoracic injuries

JEAN DESLAURIERS, M.D., F.R.C.S.(C)

Associate Professor of Surgery, Laval University and Head of Thoracic Surgical Division, Centre de Pneumologie de l'Hopital Laval, Hopital Laval, Sainte-Foy, Quebec, Canada

Late sequelae of thoracic injuries

STEVEN M. EBERLY, M.D.

Chief Radiology Resident, Department of Radiology, Tulane University School of Medicine, New Orleans, Louisiana

Radiology of mediastinal injuries

ANTON EIJGELAAR, M.D.

Professor, Doctor, Department of Thoraxcentrum, University of Groningen, Groningen, The Netherlands

Intrathoracic gas collections

BEN EISEMAN, M.D.

Professor of Surgery (Emeritus), University of Colorado Health Science Center, Denver, Colorado

Invited comment: Causes of early death in thoracic trauma

AXEL ESSINGER, M.D.

Associate Professor of Radiology, Department of Diagnostic Radiology, University of Lausanne, Lausanne, Switzerland

Radiologic assessment

TIMOTHY C. FABIAN, M.D.

Associate Professor of Surgery and Anesthesiology, Director of Trauma, Department of Surgery, University of Tennessee, Memphis, Tennessee

Myocardial contusion

H. STORM FLOTEN, M.D.

Assistant Professor of Surgery, Oregon Health Science University; Chief, Division of Cardiopulmonary Surgery, Portland Veterans Administration Hospital, Portland, Oregon

Penetrating wounds

MICHAEL L. FOREMAN, M.D.

Associate Attending, Department of Surgery, Baylor University Medical Center, Dallas, Texas

Laparotomy

M. FOZARD, D.M.A., M.B.I.M.

Chief Ambulance Officer, Humberside Ambulance Service, Anlaby, North Humberside, England

Invited comment: Emergency medical services—the flying ambulance

BRIAN L. GANZEL, M.D.

Assistant Professor of Surgery, Division of Thoracic and Cardiovascular Surgery, Department of Surgery, University of Louisville, Louisville, Kentucky

Diaphragmatic injuries

ANGEL GARCIA-ZARZA, M.D.

Thoracic Surgeon, Thoracic Surgery Service, La Fe University Hospital, Valencia, Spain

Controversial aspects of surgical fixation for traumatic flail chest

NÖEL GENTON, M.D.

Professor of Paediatric Surgery, Department of Paediatric Surgery, Centre hospitalier universitaire vaudois, Lausanne, Switzerland

Particularities of thoracic trauma in children

MATHIEU GIELEN, M.D., Ph.D.

Consultant Anaesthetist, General Surgery, Department of Anesthesiology, University of Nymegen, Nymegen, The Netherlands

Management of pain associated with thoracic cage injuries

D. DAVID GLASS, M.D.

Professor of Surgery (Anesthesiology) and Medicine, Department of Anesthesiology, Dartmouth Medical School, Hanover, New Hampshire

Thoracic injuries: ventilation

WERNER GLINZ, M.D.

Professor of Surgery, Klinik für Unfallchirurgie, Department Chirurgie, Universitätsspital, Zurich, Switzerland

Causes of early death in thoracic trauma

Intrathoracic fluid effusions

Acute thoracic compression syndrome—"traumatic asphyxia"

PETER GOLDSTRAW, M.B., F.R.C.S.

Department of Thoracic Surgery, Brompton Hospital, London, England

Invited comment: Physiotherapy in the posttraumatic period

ERICH GRAEDEL, M.D.

Professor of Cardiothoracic Surgery, Department of Surgery, Division of Cardiothoracic Surgery, University of Basel, Basel, Switzerland

Invited comment: Thoracic vascular injury

LAMAN A. GRAY, Jr., M.D.

Professor of Surgery, Director, Division of Thoracic and Cardiovascular Surgery, Department of Surgery, University of Louisville School of Medicine, Louisville, Kentucky

Diaphragmatic injuries

HERMES C. GRILLO, M.D.

Professor of Surgery, Harvard Medical School; Chief of General Thoracic Surgery, Massachusetts General Hospital, Boston, Massachusetts

Airway trauma: laryngotracheal trauma

FREDERICK L. GROVER, M.D.

Professor, Department of Surgery, Division of Cardiothoracic Surgery, The University of Texas Health Science Center at San Antonio; Chief, Cardiothoracic Surgery Service, Audie Murphy Veterans Administration Hospital, San Antonio, Texas

Tracheobronchial aspiration

PATRICK J. GULLANE, M.D., F.R.C.S.(C), F.A.C.S.

Associate Professor, Department of Otolaryngology, University of Toronto, Toronto General Hospital, Toronto, Ontario, Canada

Tracheotomy and cricothyroidotomy

WILLIAM D. HARDIN, JR., M.D.

Assistant Professor of Surgery and Pediatrics, Department of Surgery, Tulane University School of Medicine, New Orleans, Louisiana

Epidemiology according to age

P. KENT HARMAN, M.D.

Assistant Clinical Professor of Surgery, Division of Cardiopulmonary Surgery, The Oregon Health Sciences University, Portland, Oregon; Chief, Cardiac Surgery, Bend Memorial Clinic, Bend, Oregon

Penetrating wounds

MARCEL A.W.M. HASENBOS, M.D., Ph.D.

Consultant, Thoracic Surgery, Department of Anesthesiology, Academic Hospital Nymegen, Nymegen, The Netherlands

Management of pain associated with thoracic cage injuries

F.M.J. HEYSTRATEN, M.D.

Staff Radiologist, Department of Radiology, Catholic University of Nymegen, Nymegen, The Netherlands

Invited comment: Radiology of mediastinal injuries

WILLIAM R. HIX, M.D.

Professor of Surgery, Division of Cardiothoracic Surgery, The George Washington University Medical Center, Washington, D.C.

Invited comment: Late sequelae of thoracic injuries

K. JEYASINGAM, ChM., F.R.C.S.

Consultant Thoracic Surgeon, Fenchay Hospital; Honorary Clinical Lecturer, Department of Surgery, University of Bristol, Bristol, England

Invited comment: Surgical indications in trauma

RONALD C. JONES, M.D.

Chairman, Department of Surgery, Baylor University Medical Center, Dallas, Texas

Laparotomy

PHILIPPE JOURDAN, M.D.

Neurochirurgien des Hopitaux des Armees, Service de Neurochirurgie, Hopital d'Instruction des Armees, Toulon, France

War wounds of the chest

MORRIS D. KERSTEIN, M.D.

Professor and Chairman, Department of Surgery, Hahnemann University School of Medicine, Philadelphia, Pennsylvania

Invited comment: The case of war or civil catastrophe

PAUL KESZLER, M.D., Dr. Sc., F.C.C.P.

Professor, Department of General and Thoracic Surgery, Semmelweis University Medical School, Bajcsy Zsilinszky Hospital, Budapest, Hungary

Invited comment: Iatrogenic chest injuries

Ancien infirmier-chef de Service, Centre des Urgences, Centre hospitalier universitaire vaudois, Lausanne, Switzerland

Emergency room organization and equipment: a concept

We would like to dedicate this volume to the
residents, registrars, and fellows who are at the front line
in management of trauma victims at all hours of the day and night.
Their dedication and thoughtful care of the patients according to established
and newly evolving concepts have made possible the experience, and through this,
the principles described in this book.
