DISCLAIMER

Every effort has been made to ensure that the information contained in this book is complete and accurate. This publication contains some of the opinions and ideas of the author after thirty years of research. It is intended to provide helpful and informative material on the subject addressed in this publication. It is sold with the understanding that the author and publisher are not engaged in rendering medical or any other kind of professional services. The reader should consult with his or her professional for services.

This publication is for informational purposes only and should only be used as a guide for diagnosis or treatment of disease. I have researched alternative medicine for many years through books, articles, seminars, and education.
