序言

Foreword

在党的改革开放方针指引下，中国人民银行自1984年为庆祝中华人民共和国成立三十五周年发行第一套流通纪念币始，迄今共发行了16套26枚。

流通纪念币，顾名思义，它既有一般货币的流通职能，又有纪念历史伟人，庆贺重大节日和社会活动之双重属性及意义。我国的流通纪念币，设计主题鲜明，艺术风格多样，雕刻技艺精湛，铸造质量上乘，且限量发行，具有较高艺术水准和收藏价值。因而它一经面世，便受到海内外收藏界人士和广大人民群众的喜悦。

各界人士在收藏鉴赏、交换和研究流通纪念币时，希望能提供一套翔实的基本资料及图样。为此，我们编辑了《中国流通纪念币》图录，谨献给为流通纪念币铸造发行而辛勤耕耘的金融工作者，献给海内外集币爱好者。

中国人民银行副行长童增银先生在百忙中题写了书名，使本书增辉，一些专家、友人也给予了热情帮助，在此表示真诚的谢意。在编辑本书过程中，我们查阅、考证、参考了一些有关资料，但由于编者水平有限，不妥之处，肯请方家、读者赐教。

沈家驹

一九九三年三月

Under the guidance of the Party's reform and opening up policy, the People's Bank of China started to issue the first sets of commemorative coins in 1984 to commemorate the 35th anniversary of the founding of the People's Republic of China. Since then the total number of the coins circulated has so far reached 16 sets and 26 coins.

The commemorative coins in circulation, as the term suggests, have not only the same functions as other coins do, but also the dual properties and significance in playing the role of commemorating great historical personages and celebrating important festivals and major social activities. Thanks to the distinct theme designs, diversified artistic styles, exquisite carving technique excellent minting quality and limited mintage, China's commemorative coins are well regarded as attaining comparatively high artistic standard and deserving collection worthiness. Consequently, as soon as they make their appearance, they are well received by both the majority of coin collectors and the public at home and abroad.

While collecting, appreciating, swapping and studying the commemorative coins in circulation, people who are interested in this field do wish to be provided with a complete set of genuine and fundamental information as well as related diagrams. In view of this, "China's Commemorative Coins in Circulation" Pictorial has been compiled to meet the requirement of those financial personages who have been working hard for the minting and the distribution of the commemorative coins and of those coin collectors both at home and abroad.

To add splendour to the Pictorial, it is a privilege to have asked Mr. Tong Zhenyin, Vice President of the People's Bank of China, to inscribe the title upon the book coverfelt. Thanks are hereby extended to some specialists and friends for their enthusiastic assistance. In the course of compilation, we have consulted, referred to and made textual research into some related data; nevertheless, owing to our limited compiling experience, instructive criticism will be highly appreciated should there be any inappropriateness in the book.
