

[美]凯瑟琳·格雷厄姆 著
关 键 吉基旺 译

An extraordinarily frank, honest, and generous book by one of America's most famous and admired women—a book that is, as its title suggests, both personal and history.

It is the story of Graham's parents: the multi-millionaire father who left private business and government service to buy and restore the down-and-out Washington *Post*; the aggressive, overpowering, self-absorbed mother.

It is the story of the *Post*'s struggle to succeed—told from the inside.

It is the story of Phil Graham—Kay's brilliant, charismatic husband, whose plunge into manic depression and eventual suicide is recounted movingly and charitably.

And best of all, it's Kay Graham herself—the contradictions of her privileged yet lonely childhood; the tragic drama of her marriage; and the challenges of her life.

江苏人民出版社

great newspaper and company—a woman famous (and feared) in her own right.

Graham's book is populated with a cast of fascinating characters, from 50 years of presidents (and their wives) to Edward Steichen, Thomas Mann, Felix Frankfurter, Warren Buffet (her long-time adviser and protector), Robert McNamara, George Schultz (her favorite tennis partner), and of course the legendary names of the *Post*: Woodward and Bernstein, and her editor/partner, Ben Bradlee. She writes of the dramatic moments of her stewardship of the *Post*—the Pentagon

Papers, Watergate, the pressmen's strike—with acuity, humor, and good judgment. Her book is about learning to grow up, about moving and growing up about Washington, and about a woman liberated both by circumstance and by her own formidable strength.
