# The City in Profile

# 总序┃从细节中捕捉城市灵魂

您即将开启的是:

改革开放以来特别是近几年来,长春市委、市政府全面落实科学发展观、坚持立党为公、执政为民的精彩画面! 展示的是广大城市建设者们智慧和汗水的结晶!

展映的是广大市民群众期盼已久的碧水蓝天、森林围城、绿树映城、林水穿城的美好家园!

每一幢建筑,都是一个凝固的音符,每一条街道,都是一首抒情长诗,每一个广场,都是一幅精编的心结,每一座雕塑,都是 一部工笔神话。当这一切映入你的眼帘时,一定会开启你记忆之门,将你带回或近或远的从前。老长春的拼图,新长春的画卷, 在你脑海中交替浮现,在这种切换中,你会发现长春跃迁的路径,感受这座快速成长的现代都市所迸发出的生机和活力。

长春,从城市发展史看,不古老,也不年轻,但却是一座典型的中国北方城市。两百多年来,长春以流经的伊通河为依托,不 断地向四周拓展,逐渐形成了吉林省的政治、经济、文化中心。从城市形态看,今日的长春,街路笔直宽敞、建筑错落有致、绿 地遍布城区,已经形成"疏朗、通透、大气、开放"的城市个性。

一座城市的发展,无论处在什么时期,都有传统和规律可循。在构建和谐社会的时代背景下,长春坚持以人为本、全面协调可 持续发展的理念,在历史与未来、保护与开发、效率与速度的选择上,更加科学和理性。于是,长春人在前进中修正着理想目 标,规划着建设具有北方特色生态城市的美好未来,为长春人民创造优美、整洁、宁静、和谐的生活环境。

一幅图片,记录的不只是一个场景,而是一个永远也讲不完的故事。不是吗?那辆老式的有轨电车,仿佛在寂寞中讲述着长春 公交事业 70 余年的风霜雪雨,净月潭那片郁郁葱葱的森林,展示着这座城市强大的生命力,充满现代气息的新机场,是长春城 市升级的一个标志,文化广场上空色彩斑斓的风筝和自由翱翔的白鸽,则是长春人快乐生活的写照……许许多多这样的场景,给 了这座城市以鲜活的生命和缤纷的色彩,而这些也正是这座城市的魅力所在。

这本画册试图用多维的视角表达长春的内涵,让人们从影像中看到长春的过去、现在和将来,透过不同风格的建筑和都市文化, 去领悟一座城市开放和包容的情怀,在安静和激情中捕捉这座城市的灵魂。

这,就是《城市封面》!

长春市市长 一起女育

# Foreword I Drive the City Life into Corner

A panorama of cityscape is to be unfolded before you.

Portraitures of urban construction, the contemporary achievement especially since opening and reform are to be unfolded before you.

Unfolded before you is the works of the City Commission of the Communist Party of China and the Municipal Government in line with the decisions to implement the scientific concept of development, to work for the public and to exercise power for the people.

Unfolded before you is the outcome of the city builders' toils and wisdoms.

Unfolded before you is the homestead of the city citizens.

The City in Profiles is a compendium of innovative projects by photographers around the city through different periods of history that demonstrate the power of design to improve lives. The City in Profile is an indispensable memoir for city architects engaged in the search for sustainable development. It is also a call to action to anyone committed to building a better world. Pictured within its pages is a Changchun of powerful dreams and fast-changing realities: streets, buildings, squares, sculptures are keys to unlock your library of faded memory.

Changchun is neither as an ancient city as Xi'an nor an avant garde city as Shanghai but is featured by its matchless northeastern style. Radiating from the Yitong River as its source, the city has formed an overall layout of integrating opponents of ecosystem, matrix buildings and landmark architectures which are characterizing the openness and inclusiveness.

A city's growth follows the guidelines of the State Council and the Communist Party of China. In accordance with the calls for building a harmonious society, the city maintains a concept of sustainable development. Scientific spirit and rationalism are stressed to balance between reserving history and developing efficiently for the city's future.

A photo is not only a record of a scene behind which a story is taking place. The trolley bus witnesses drastic change of city traffic. The forest in Jingyue Lake stands for the liveliness of the city. The newly built airport may usher in more opportunities. The colorful kites and doves hovering over the Cultural Square always remind passersby the joy of life.

The City in Profile is intended to interpret the city from the pictorial representations of Changchun. As profiling the city, a complex of openness and tolerance is hopefully sought amidst architectures and streets.

Zhu Yejing, Chief Executive of Changchun
