Preface 前言

Top Clubs III has collected the most representative club works of the famous design companies to introduce the design trend for the community clubs, recreation clubs and sales centers. We've carefully interpreted every project from the style, design idea, structure and materials, and each club is presented with selective professional drawings and high-resolution photographs to well introduce every detail and key point. With clear and brief descriptions, abundant photographs and drawings, professional composition and artistic binding, it will be a great platform for sharing and learning excellent designs.

《顶级会所Ⅲ》取材自全国各地的知名设计公司,辑录了其最具代表性的顶级会所案例。全书内容主要涉及社区会所、休闲娱乐会所及售楼中心等方面。本书主要从会所的设计风格、设计理念、结构特色、材料选择等方面入手,并且每个案例均配备了精心挑选的设计技术图纸以及实景图,全方位地展示出案例的设计细节和设计要点。本书的设计说明文字简明扼要、图片丰富、排版专业、装帧精美,旨在为优秀的设计师及相关人士提供一个学习和交流的平台。

Furnishings/Materials 软装 / 材料 Teak Floor, Chinese Fir Ceiling, Lauan, Marble, Mirror, Silver Foil Ceiling

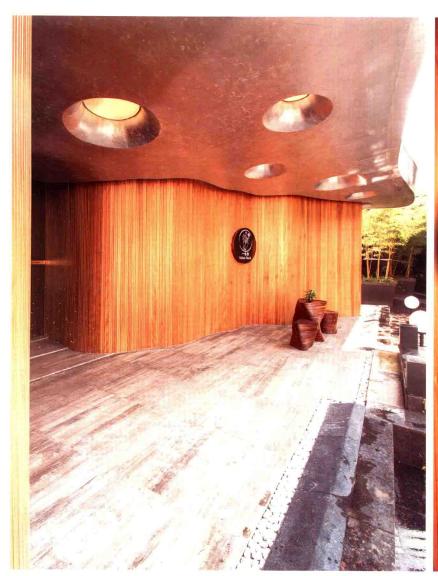

柚木地板、杉木天花、柳安木、大理石、镜子、 银箔天花

One Taste Holistic Health Club is located in this piece of heaven on earth between Hangzhou city's Chenghuang Temple and the West Lake. Caring for the society's wellbeing, One Taste wishes for the development of spiritual enlightenment, the project pioneers an open forum for reunification, as well as a journey back to hearts. This is where avant garde architect Tsung-Jen Lin, incorporates western holism with eastern serenity to create a plane of Zen for spiritual awakening.

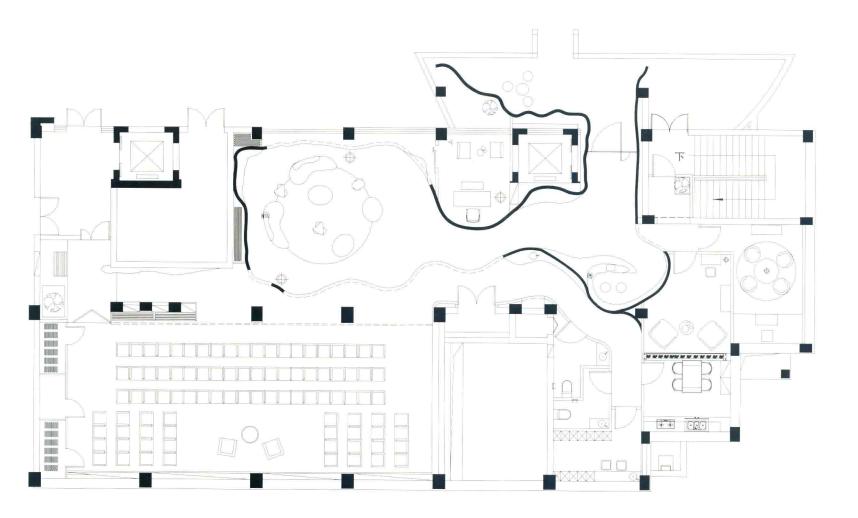

Amidst this ethereal intertwining of wind and water, Lin composes an air of fluidity within One Taste, focusing on the form of the lake water by using ripples as the main design concept. "People often experience nature's beauty from afar, generally from their comfort zones. A subtle separation can create the needed safety, and from a place of peace, they can then enjoy and ponder the wonders and beauties of nature." Lin says. His concept is portrayed through snaking lauan timber, flowing across One Taste that has shrewdly defined the sense of the public and the private. It gives the space a multi-leveled layering effect, achieving the feel of wind gliding over water. The rhythmic lines bring people from reality into dreamland, and through their inner projection, it makes the great effect of a sense of freedom.

By utilizing natural materials such as solid wood and stone, with the reflections of silver foil, Lin believes in capturing the essence of natural beauty not just the aesthetics. The use of materials in One Taste places a strong focus on simplicity to ensure the feel of the materials' original charm and warmth. Different languages about esthetics out of eastern and western culture are integrated in the design, forming the free and forward style, portraying the eastern and western temperament.

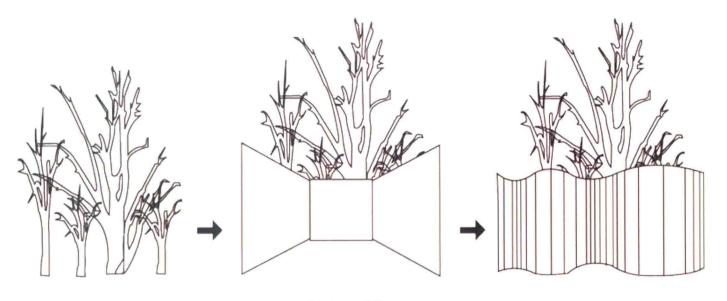

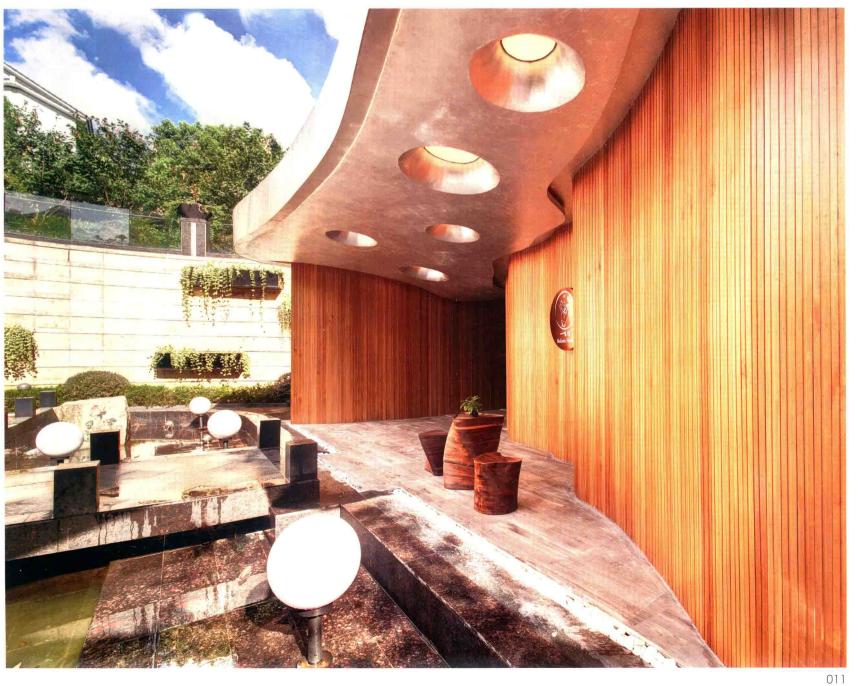

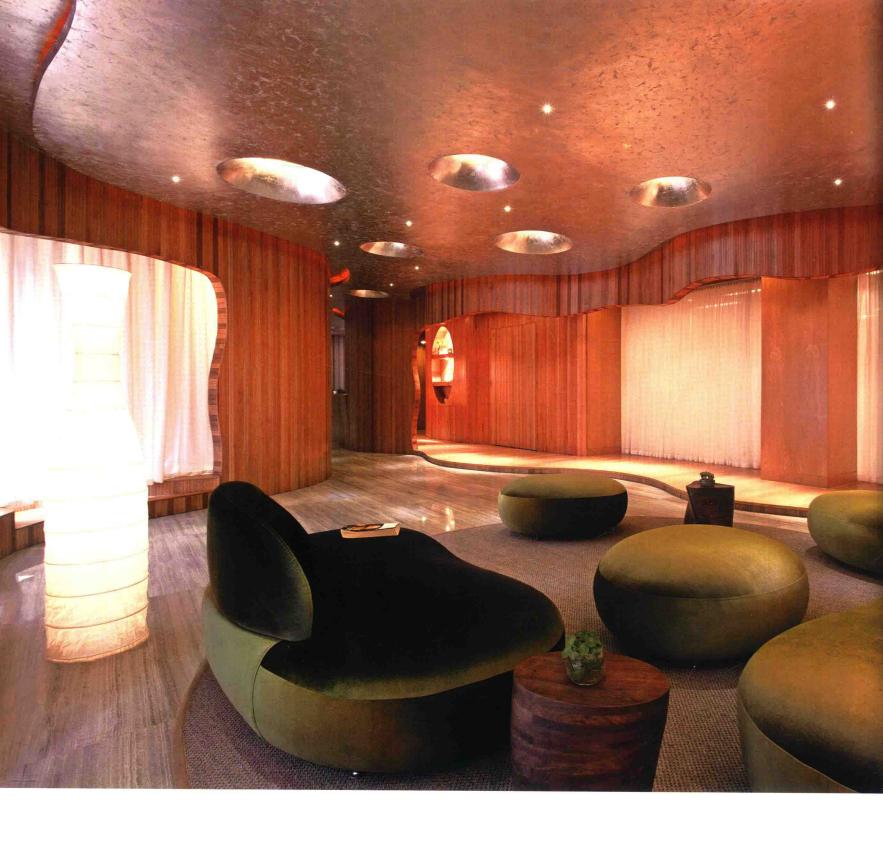

Floor Plan 平面图

The layout is configured through the use of flexible thresholds, i.e. curtains and movable mirrors, to create an open environment that can be utilized freely as well as closed for exclusive workshops. The light that reflects inwards derives from the sunlit courtyard outside; it dances around the atmosphere, spreading light and shadow throughout One

Taste. The holistic health club wittily makes space for all activities that benefits mind and soul, meditation, taichi and yoga followed by strolling through the gardens and enjoying tea on the courtyard, reaching for a balance between the ideals of east and west.

位于杭州吴山城隍阁与西湖这片山水交界处的一味坊,是一个富有思想的心灵会所。会 所从关怀社会的角度,给人以心灵的启迪,创造一个共同成长的开放式平台。在新锐设计师 林琮然的设计之下,一味坊成为灵性觉醒的场所,将西方的灵动与东方的宁静融为一体,书 写前卫自然的喜悦禅境。

设计师以优美的水纹线作为主设计概念,形成一味坊极为灵动的形象,那是一种轻柔自然的水流感。林琮然说:"人们感受自然中最美好的景色,往往都存在着距离,必须用一种软性分界让心情稳定,而安静下来的景就会与人产生共鸣,如同品一味茶、体会一湖水。"所以在空间中放入蜿蜒的柳安木条,巧妙界定出公共、私密的区域,构成多层次的空间变化,如同风掠过水面形成的涟漪。自由的曲线将人的视野由真实带入幻境,再经由内心的投影,获得动静间的自如。

设计师认为唯有真实的事物才会达到特别的美感,不单纯追求表面的漂亮,内涵与气质才是空间最重要的支撑。所以一味坊运用了实木、石材、银箔等原生的材料,强调以质朴来呈现原材料应有的温度与触感,让材料展现出原始韵味,犹如女子脂粉未施,那白净素颜的美,在深具内涵的纯净中尽现。将东、西方文化对美的不同理解融入设计中,形成前卫写意的风格,刻画东方神情与西方韵味。

布局上以自由平面与弹性隔间相结合,布幔与可移动镜面在有限的空间内相互搭配,空间中综合多种区分动线的形式依据业主的需要开放或封闭,灵活应用。此外,一味坊有效地利用下沉广场的光线,创造出富有光线变化的环境,空间明暗层次蔓延开来。会所内外虚实交织的动线,把广场、花园、庭院与冥想、咨询、瑜伽、打坐、太极串成一段内心沉淀的旅程,各种活动巧妙贯穿其中,在东、西方学理间达到平衡。
