It also contains 8 appendices of major statistical data of forest industry enterprises in the key state-owned forest areas of the Northeast region and Inner Mongolia, forestry working stations and rural forest farms, major forest disasters, afforestation in counties, main forestry statistical indicators over years, import and export of primary forest products (2007 – 2016), import and export of wild fauna and flora and forestry in major countries of the world.

In the yearbook, Inner Mongolia Group, Jilin Group, Changbai Mountain Group, Longjiang Group and Daxinganling refer to Inner Mongolia Forest Industry Group, Jilin Forest Industry Group, Changbai Mountain Forest Industry Group, Longjiang Forest Industry Group and Daxinganling Forestry Group.

The yearbook (in case there are no specific notes) does not include the data of Hong Kong Special Administrative Region, Macao Special Administrative Region and Taiwan Province.
