序 言

在纪念三八国际妇女节一百周年之际，喜闻宁波“红颜墨痕”展，又为甬上艺坛增添了一道清新、亮丽的风景。

上世纪以来，人们每年都能看到宁波女书法家的作品展览，这些书界姐妹泼墨挥毫，风采不让须眉。她们来自各个阶层，有女局长、女教师、女企业家、女职员等，她们审美情趣有别，反映到书法作品上，也就呈现出多种面目：或温秀端庄，雍容大度；或天真妩媚，楚楚动人；或性情豁达，俊秀飘逸；或才思幽远，纤纤文气游于纸上。

中国书法艺术是一枝卓立于世界民族文化之林的艺术奇葩，有着深厚的历史积淀与人文意义。爱好书法，是女性智慧的选择，学习书法艺术是一种精神上的享受，这是一个人修书，书修人的过程，愿女书家善于汲取先人之长，不断剖析自己，不断攀登艺术高峰。继续为宁波的文化繁荣贡献一份力量。

Foreword

On the occasion of the centennial of International Women's Day, an exhibition on calligraphy has been given by Ningbo Municipal Women's Calligraphers' Association .I have heard of this with much delight and I hold that the exhibition is bound to add much freshness and brightness to the local landscape of arts.

Since last century , the exhibition like this one has been arranged every year. Women calligraphers of the city are able to rival their men counterparts in the liberal use of ink .Coming from all walks of life, the exhibitors are amateurs (department directors of the municipal government 、 educators、 entrepreneurs、 white-collars, etc) .They offer a variety of aesthetic tastes, so different stylistic traits are presented in their brushwork: some are gentle and dignified or poised and magnanimous . Some are delicate and charming or naturally graceful .Others are daring and vigorous, and still others are profound and imaginative Their womanly creativeness shows forth in their scrolls.

Chinese penmanship, an exquisite works of art in the world forestry of culture , is highly regarded for its historic value and profundity of humanitarianism. To take up calligraphy as a hobby is a wise choice for women . Practicing the art of fine handwriting , a source of incalculable pleasure , is , indeed, a process of practicing in itself refining the person who practices it. May the women calligraphers of Ningbo be good at drawing on the strong points of their senior masters and keep on studying the anatomy of their own brushwork and go on scaling their new heights of art.

They are expected to continue to do their share in adding to the cultural flourish of the city.
