第二节 7种题型应对策略

英语专业四级考试的作文写作题目一般可以归为以下7类，针对不同的类型应采用相应的策略应对。

1. 优缺点论述

这类题要求写出某件事情或事物的优/缺点或一个主要的优/缺点。所以，动笔之前一定要先进行“头脑风暴”。你可以从记下的想法中选出一一点来写。要确保你选的这一点是主要点，而不是次要点。文章的主体部分应该着力描述优/缺点或一个主要的优/缺点。如真题：We see advertisements on television every day. Some people think that TV advertising brings us benefits, but others don't think so. What is your opinion? **A Major Advantage/Disadvantage of Advertising on Television**

2. 观点论证类

这类题要求写出你的观点或想法。所以只要是你的观点，无论有多么与众不同都没有关系，关键是要用强有力的理由来支持你的观点。如真题：The Students' Union of your university is planning to hold an arts festival next semester, and they are inviting students to contribute their ideas and suggestions as to how it should be organized or what should be included. **My Idea of a University Arts Festival**

3. 是非讨论类

无论你是持赞成还是反对的观点，只要能用充分的论据和例子来支持你的观点就可以。如真题：Nowadays the Internet has become part of people's life, and millions of young people have made friends online. **Is It Wise to Make Friends Online?**

4. 对比选择类

两者之中你可以任选其一，只要能用充分的论据支持你的观点就可以。如真题：Recently a Beijing information company did a survey of student life among more than 700 students in Beijing, Guangzhou, Xi'an, Chengdu, Shanghai, Wuhan, Nanjing and Shenyang. The results have shown that 67 percent of students think that saving money is a good habit while the rest believe that using tomorrow's money today is better. What do you think? **Saving Money or Using Tomorrow's Money**

5. 重要性论述

这类题要求论述某件事情或事物的重要性，所以你要确保你所写的都是很重要、也是最主要的几点。这也是你要先进行“头脑风暴”的原因。进行“头脑风暴”时，你会列出几个要点，然后从中选出最重要的一点来写。如真题：People in modern society live under a lot of pressure, from education, career, or family. So it is

important for them to keep a good mood under whatever circumstances. **The Importance of Keeping a Good Mood**

6. 解决问题类

这类题要求给出解决某个问题的一种方法或者最好的方法。这就意味着你需要先进行“头脑风暴”，选择你认为最好的方法。然后用三条理由来支持你的观点。如真题：Nowadays people are becoming increasingly aware of the importance of health. And they have different ways to stay healthy. For example, some exercise every day, others try to keep a balanced diet. What do you think is the best way to stay healthy?
The Best Way to Stay Healthy

7. 比较对比类

根据题目要求，你要把一个事物和另一个事物进行对比。也就是说，你应该指出二者的不同之处。如真题：Every college student would agree that life in college is not the same as it was in middle school. Now, you have been asked by the Students' Union to write a passage entitled: **The Main Difference Between My College Life and My Middle School Life**

第三节 一定要背的精彩作文范文

● 优缺点论述

1. 电子词典

题目

Many students today use electronic dictionaries instead of printed dictionaries. Some people say that this is a good thing while others disagree. What is one major advantage or disadvantage of electronic dictionaries?

精彩范文

One Major Advantage of Electronic Dictionaries

Electronic dictionaries are becoming more and more popular among students nowadays. As a result, they may eventually **render** printed dictionaries **obsolete**¹. Undeniably electronic dictionaries contain a number of merits in comparison to their printed counterparts and therefore, I would like to suggest one major advantage of electronic dictionaries.

because they are light and portable.

总之，虽然纸质词典在语言学习中仍然有用，但是因为电子词典轻便、可携带，显然更能满足人们学习语言的需求。

2. 私立学校

题目

Private schools have multiplied in China over the past two decades. Some people think that this is a good thing while others think it is not so good. What are the advantages or disadvantages of private schools?

精彩范文

The Advantages of Private Schools

The past two decades have witnessed the thriving of private schools in China. Nowadays, learning institutions are no longer run solely by the state. Personally, I believe that the merits of private schools outweigh their demerits¹.

A threshold advantage of private schools is that they have more freedom compared to their public counterparts **in terms of²** choosing curriculum. Therefore, students are more likely to receive an education **catering to³** their individual aptitudes. Furthermore, previously all schools, whether primary, high school or university, were operated by the state and this kind of uniformity has adversely affected diversity. Students are taught the same subjects **regardless of⁴** their own inclinations. However, this trend may be altered by the birth and development of private schools which are equipped with ample resources. New buildings, the latest multimedia technology, larger campuses and well-paid teaching staff all **contribute to⁵** a better teaching and studying environment. In addition, for students who fail to **be enrolled in⁶** any public school or university, private schools are seen to be **an alternative solution⁷** which enables students to **pursue their study⁸**. This results in increased places for students and also more jobs available for teachers. Another factor is smaller class sizes and more individual contact with teachers.

In the final analysis, on balance⁹ I hold the stance that the introduction of private schools is advantageous both to students and to the development of education as a whole. (235 words)

闪光表达

1. the merits of ... outweigh one's demerits
……利大于弊

2. in terms of
在……方面

3. cater to 满足, 迎合 (需要)
 4. regardless of 不管; 不顾
 5. contribute to 促成
 6. be enrolled in 入学; 注册; 加入

7. an alternative solution 另外一种解决方法
 8. pursue one's study 继续学业
 9. on balance 总的来看

实用拓展句

- The development of private schools is in accordance with societal progress.
私立学校的发展合乎社会的进步。
- Private schools are superior to public schools in a number of respects, the main one being ...
私立学校在很多方面优于公立学校, 最主要的一个方面是……
- Private schools are gaining more and more impetus in recent years due to market demand in a freer economy.

没考上大学的学生不再被迫放弃他们的学业; 他们可以上私立大学。
- The increased availability of more university places for students can only be applauded.

3. 网上求职

题目

It is common for students to attend job fairs, send their resumes to companies or look for job adverts in newspapers but now more and more students are turning to the Internet in their search for a job. What is one major advantage or disadvantage of hunting for jobs on the Internet?

精彩范文

The Internet Makes Job Hunting More Efficient

The rapid development of the Internet gives rise to¹ the phenomenon of applying for jobs online. It is commonplace to submit one's resume and recommendation letters via the Internet and a large number of graduates are employed via online tests. I would like

to focus on one major advantage which is that job hunting becomes more efficient when it is done online.

One of the pronounced advantages of online job hunting is that it is more efficient since potential candidates do not have to travel to other cities where the job is. The rise of online interviews provides even more convenience both for the employees and the employers. Furthermore, graduates can **get access to**² considerably more information online since there are a number of websites **dedicated to**³ job hunting. The Internet has **rendered** the whole process **more effective and efficient**⁴. Graduates can select several categories and **narrow down**⁵ their options. **In a way**⁶, the Internet serves as a gigantic database and matches graduates with their potential employers. However, it is undeniable that an online interview can only reflect some aspects of a candidate. I believe that in order to **gauge a person's potential and aptitude**⁷ a face-to-face interview is imperative.

In conclusion, the efficiency and effectiveness of the Internet for jobseekers is a huge advantage which is reflected in the growing number of positions available online.
