编史修志,是中华民族的优良文化传统。渑 池县继首轮县志出版之后,于世纪之交启动第二 轮志书编纂工作。1998年底召开了动员大会, 2000年正式组建编纂班子,开始了大规模修志活 动。在省市史志部门的精心指导下,全县各级各 单位通力协作,史志编辑人员艰辛笔耕,埋头修 志,历经寒暑,数易其稿,终于编纂出这部厚重 的志书。县志编纂,坚持了党委领导、政府主持、 专家修志、众手成志的格局,是渑池县社会主义 文化建设的系统工程。县志的出版,是渑池县三 个文明建设的重大成果,功在当代,泽被千秋。

渑池是中州古县、历史名城,自秦置县以来,经过2000多年沧桑巨变。仰韶村是仰韶文化的首次发现地,是华夏民族心目中的圣地;渑池为交通要道、战略要地,陇海铁路、洛三高速公路、310国道和南阎国防公路贯穿县境;渑池是农业大县,通过完善农村双层承包经营机制,走旱作农业之路,发展经济作物,取得了农业生产的大发展;渑池工业生产成就巨大,全省瞩目,在县委、县政府"工业强县"战略的指引下,形成以县营工业为支柱的经济发展格局,通过工业立县、项目建设、扶贫开发等项工作,全县经济结构得以调整,经济总量大幅提升,摘掉了省财政补贴县、国家级贫困县的帽子,财政收入进入全省前列,实现了由农业县向工业县的转变,县域经济迅速崛起,经济综合实力迈入河南省前20名行列。今天的渑池,正围绕工业经济、农村工作、非公有制经济、城乡建设、招商引资和旅游开发等工作重点,确保"政治清明,干群和谐,经济发展,社会稳定",实现"二次创业"、经济腾飞目标,向全省经济强县迈进。

Preface

Compiling annals is a good Chinese tradition. After the first Annals of Mianchi county, at the meeting of the two centuries, Mianchi started to compile another annals. At the end of 1998, a mobilization meeting about compiling compiling annals was held and in 2000 a team to compile annals was formed to start work. Under the careful guidance of the principal and municipal annals organs, with the cooperation of other units, the whole compiling team worked hard to write and make changes. After several years and many changes, Mianchi Annals (1986—2000) was finally completed. It shows the compiling pattern of the Party Committee's leadership, the government's direction, and the specialists' compiling with others' help, so it is a systematic project of our socialistic cultural construction in Mianchi county. The publication of the county annals is a great achievement showing our great three—civilization construction. It will benefit our grandsons.

Mianchi is an ancient county and a famous cultural city in central China. Since it was set up as a county in the Qin Danasty, Mianchi has gone through 2000 years of great changes. The Yangshao village in Mianchi county is a worldfamous place where Yangshao Culture was first discovered, thus it is a sacred place in the eyes of Chinese people. With Luoshan Freeway, Highway310 and Nanyan Highway running through it, Mianchi is a vital communication line and a strategic point; Mianchi was an agricultural county in history. By improving the system of the double contracting and managing in the countryside, going the way of non-irrigated land farming and developing economic crops, agriculture in Mianchi has been greatly developed. Meanwhile, industry in Mianchi has also made rapid progress, which draws much attention in He'nan Province. With the strategy of to be a county with strong industry and guided by the county Party Committee and the government, the industry pattern has been formed which has the county-owned enterprises as a pillar. Through industry, project construction and the poverty alleviation and development, the economic structure of Mianchi got adjusted and economy increased greatly. As a result, Mianchi removed the title of a county with financial subsidies and a national poor county because its revenue ranks the front in He'nan Province. Mianchi changed from an agricultural county to an industrial county and its economy grew rapidly, resulting it entering the first 20 powerful counties of He'nan Province according to its comprehensive strength. The present Mianchi is focusing on industry, the countryside work, non-public sector of economy, building up the city and villages, attracting investment and tourism development. It tries to ensure honest politics, harmonious relationship between cadres and the masses, economic development and social stability. Mianchi has done pioneering work twice and achieved its goal that economy grows fast. Mianchi aims at being a national county with powerful economy.

This book of The Annals of Mianchi County is a simple and rigorous reference book, which describes Mianchi's nature, society, history and its present situation. It reflects the great changes of the past 15 years since the reform and opening—outside, and it provides an overall look at the whole situation of Mianchi and opens a window through which the world gets to know Mianchi and Mianchi goes into the world. As an authoritative reference book and an important carrier of the local history and culture, The Annals of Mianchi County tries to give full play to three functions of recording history, reference and education. It provides precious information and mental food for people to build new Mianchi. Learning from history, we can get experience or lessons, which help us to improve our county's economy. Learning from annals, we can get encouraged or inspired so that we have confidence to go a broad way to develop with Mianchi characteristic. The publication of The Annals of Mianchi County has an important practical significance and profound historic significance for us to set up scientific ideas of development and push our social civilization forward. Before its publication, I write this preface on behalf of the local annals compiling committee.
