推薦序 Foreword

何肖琼 Louisa Ho

隨着年齡增長，我開始萌生退出江湖的想法。在事業最高峰時，我已開始將自己的知識和經驗傳授於給下一代，讓畢生心血得以流傳下去，讓這一行業有接班人。

教人是要拿出真心誠意，一個稱職的教師，從不會因為怕學生比自己強，而故意隱藏一些重要訣竅。在我多年的教學生涯裏，出色的弟子很多，而Bobby（曾智波）便是其中一人，從學院畢業到出來社會工作，他都以做到最好為目的。

我一直勉勵學生們，作為青年的烘焙工作者，除了要做好自己本份的工作，更要努力充實自己，多閱讀有用的書籍，多參與與工作有關的活動，如果經濟許可，還要多到國外觀摩，留心世界的趨勢，勤於創作，不怕失敗，要緊記失敗乃成功之母，只要努力便會有好成績。Bobby擁有所以上的優點，所以我建議他嘗試寫作。

這本書無論內容，還是糕餅的款式，都充滿年輕的氣息，予人新穎的感覺。Bobby介紹酒店中常見的糕點：有精緻又美味的蛋糕、有誘人而可口的甜點、有令人難以抗拒的朱古力……琳瑯滿目，讓人垂涎不已。

我誠意向大家推薦這本書。

As time goes by and I am getting older and older, I have had an idea to retire. At the peak of my career, I have begun to impart my knowledge to the next generation so as to train professionals in the field of bakery.

Sincerity is an important element in teaching. As a dedicated teacher, I have never hidden any secret of success intentionally due to the reason that I am afraid of my students' performances will be better than me.

I always remind my students that as a young baker, it is important for them to enrich their own knowledge via reading and participation in job-related activities except working hard. If possible, they should participate in overseas bakery events and pay attention on global trends so as to gain useful knowledge. Students should work hard to provide creative products and never afraid of failure. Please be reminded that failure is the mother of success. There will be rewards if you work hard. In view of Bobby (Titan) has the above-mentioned merits, it is suggested that he should try to write a book.

Both the contents of this book and the style of selected bakery products are full of fresh feelings and new ideas. Bobby (Titan) has introduced the products which are commonly found in hotels: delicate cakes, delicious confectionery, flavour chocolate, etc. As all of the products are so attractive, every one would like to try.

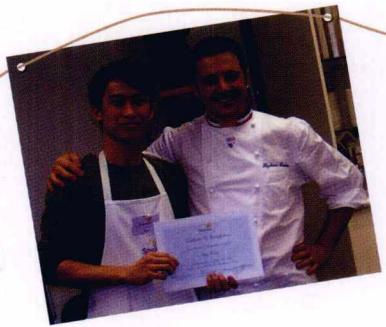

I highly recommend this book to you.

前言

Preface

蛋糕和糖果

，都有着一股令人着迷的魔力，不論是用眼睛看一下、用鼻子嗅一下，又或是用舌頭嚐一下，結果都是讓你不能自拔地迷戀。我認為任何人都有機會成為甜品魔法師，成功與否取決於你的投入程度而已。只有努力學習、不恥下問、多想多看、勇於嘗試，才能熟能生巧，遂而擁有能力去創製甜品，就像變魔法一樣，輕易變出美味獨特的甜品，這便正是甜品魔法師的魅力所在。

這書利用簡單精緻的糕餅，讓大家認識到專業的造餅世界裏各種製作技巧、材料用具，甚至是精巧的裝飾，雖然書中食譜採用專業手法，但讀者仍可在家中自做，做到真正的學以致用。另外提醒大家一下，本書製品只供烘製參考，如果想要做出獨一無二的製品，那就必須多動腦筋、多發揮創意了！

也許下一位甜品魔法師就是你！

Cake and confectionery products possess magical and tempting elements. You will be easily attracted once you see, smell or taste these products. In my opinion, every person can be a dessert magician. Success or not depends on your degree of passion on these products. Working hard, asking questions sincerely, thinking deeply and looking around, try something new are the keys of success. Practise make perfect. Once you possess the skills, you can produce creative desserts. It is just like playing magics. A charming dessert magician is able to produce unique and delicious desserts easily.

Simple and delicate cakes and confectionery products are presented in this book so as to let you know various skills, ingredients, equipment and decorations methods used in the professional bakery world. Although professional skills are adopted in the recipes, readers can still apply the knowledge to make the products at home. Please be reminded that the products shown here are for reference only. If you want to produce an unique product, you have to think about and use your own creative ideas.

You may be the next dessert magician!
