少年学画的时候，乐趣只在画画本身，仿佛天下只此一件大事。

美院毕业至今经历了一些事情，让我进入了视而不见的世俗生活。经历的多了，便逐渐学会关心人，尊重生活，体验每个平淡的生命在缓慢的时光流程中的喜悦和沉重。

人生的无常际遇，世界的混乱和宁静，现实中的味道让我有了冲动，然后是这些不成熟的作品。

### Notes from the Author

I can still remember my early days of learning to paint as a boy when painting seemed to be the greatest joy and the utmost important matter in the world.

I experienced a lot after graduation from the Academy of Fine Arts and began to shift my attention from the romance of arts to the reality of life. Meanwhile, I learned to take care of others, to love life and to taste every joy and tear a man has to experience as time goes by.

Thanks to the indefiniteness of life, the chaos and tranquility of the world as well as the taste of reality, which interacted to inspire me, these works came into being as a result.
