古人云:“天生我材必有用”(There must be a use for my talent)。通过描述你生活中的一件事,说明人各有所长,无论才能大小却能成为有用的人。

#### 【精美范文】

There is an old English saying that there must be a use for any talent. I have regarded it as my motto for many years. From my point of view, there is no difference between one person and another with some useful talent, you will make your contributions to this society.

When I was ten years old, there was an old man living at the corner of  $\times \times$  Road. He didn't have the opportunity to study in school, but he learned how to make wood furniture. Every time people went to ask him to solve some problems of furniture, he was willing to help them.

To my surprise, in his spare time, he would make some toys with small pieces of wood. Some of them were sold to the toy store and the others were given to us. The moment I see the lovely toys made by this old man, I would remember the happy childhood.

From this old man, we can see whatever kind of talent. The most important factor is your confidence. If you believe that there must be a use for your talent, you will succeed.

Today I was requested by our teacher to be in charge of the wall newspaper in my class. I decide to accept this task and I'll try my best to complete it.

First of all, the chief role of wall newspaper is to provide information to all my classmates. So I plan to write the latest news and some interesting stories on it. Secondly, the wall newspaper is a good media for our study such as English grammars and learning skills. Then how to design the wall newspaper is very important too. Good designing attracts more people. Oh, there is one thing I almost forget, I will report some affairs which happened around us.

In a word, the wall newspaper should be interesting, helpful and meaningful.

It is a pleasure to learn knowledge. But look at this boy and you will understand better "Too much work makes Jack a dull boy". He has to go to so many training classes besides his school classes. Life is no fun at all for him. Holidays and weekends have become dull work-days. He is too tired and he can't learn these lessons well with no interest. In my opinion, spare-time training courses are a waste of time for many students. They might do better when they show interest in what they are learning. Please don't force these students to do what they are not willing to, and when learning is fun, surely they will do better than we expect!

Dear Mr Xu,

I hope you are well now. No one will love you any less if you do not wear such expensive clothes. You are such a clever boy and always work hard at study. I'm sure you will have a promising future. Sometimes some people judge a person by the clothes he wears, but time will soon prove they are wrong. Knowledge is beauty. It lasts longer and seems much nicer than the clothes one wears. Who cares what Albert Einstein and Marie Curie were wearing when they won Nobbel Prize? In my opinion, clothes are part of life, not all. Please don't think too much of it, will you?

All the best!

阅读下面两则短讯,谈谈你对网吧(Internet Bar)现象的看法。(不必把短讯译成英文。)

- 北京市关闭了许多网吧,但仍有学生周末一早乘车去郊区上网。
- 辽宁省锦州市 6000 余名学生举行集体签名仪式,保证远离网吧。

【精美范文】

Internet Bars are popular today, especially among young people, for the net opens large windows to the outside world. But when people spend too much of their time in these bars, there come problems. Some kids are so lost playing games in the bars that they forget the time to go back home, and their health is harmed. To avoid checks by the police, the managers sometimes shut the doors and close many people in the small room. When there is fire or other danger, people can not find way out. I suggest Internet Bars be under strict supervision and young kids be guided to surf the web. Only in this way can Internet Bars be well used by people.

Dear Jeff,

I'm Li Hua from Beijing Hongxing Middle School. I'm very happy to learn that you're going to stay

with my family while you're in Beijing.

While you are here, we'll provide you with a room of your own with a bed, a desk, a couple of chairs and a TV. You'll also have your own bathroom. Our school is quite close to our home, so we could go to school together by bike. At noon we'll eat at the school dining hall. I'm sure you'll like the delicious Chinese food there, and enjoy talking with friends over lunch. Classes in our school usually finish at 4 in the afternoon. You can then join other students in playing ball games or swimming. It'll be a lot of fun.

If you have any questions or requests, please let me know. We'll try our best to make your stay here in Bijing a pleasant experience.

Best wishes,

## 第二节:开放作文

We can see in the picture a little boy standing in front of a mirror. He's letting his imagination fly. What he sees in the mirror is not his physical self but what he will be like in twenty years. Although he is small and short now, he believes he will grow up to be a tall and strong young man like Yao Ming, who he admires. I think this picture tries to tell us that we should always look into the future with hope and confidence.
