|                                                             |        |
|-------------------------------------------------------------|--------|
| Tanzania: System of Education .....                         | (9-1)  |
| 1. Background .....                                         | (9-1)  |
| 2. Goals of Education and Education for Self-reliance ..... | (9-2)  |
| 3. Structure and Growth of Formal Education .....           | (9-3)  |
| 4. Administration and Finance .....                         | (9-4)  |
| 5. Curricula and Teaching Materials .....                   | (9-4)  |
| 6. Evaluation and Certification .....                       | (9-5)  |
| 7. Supply of Teachers .....                                 | (9-5)  |
| 8. Future Problems and Prospects .....                      | (9-6)  |
| Teacher-centered and Learner-centered Instruction .....     | (9-6)  |
| 1. Philosophy and Theory of Dewey .....                     | (9-7)  |
| 2. Pedagogy of the Oppressed .....                          | (9-8)  |
| 3. Convivial Tools and Manipulative Institutions .....      | (9-10) |
| 4. Learner-centered Education .....                         | (9-12) |
| 5. Group Processes and Learning Theory .....                | (9-13) |
| 6. Causality, Attribution, Motivation .....                 | (9-14) |
| 7. Basic Human Needs and Motivation .....                   | (9-14) |
| Teacher Education: Concepts .....                           | (9-16) |
| 1. Historical Perspective .....                             | (9-16) |
| 2. Normative View .....                                     | (9-18) |
| 3. Applied Education .....                                  | (9-21) |
| 4. General Versus Competency-based Teacher Education .....  | (9-22) |
| 5. Inservice Education .....                                | (9-22) |
| 6. Conclusion .....                                         | (9-23) |
| Teacher Expectations and Instruction .....                  | (9-23) |
| 1. The General Teacher Expectancy Cycle .....               | (9-24) |
| 2. Teacher Expectancy—Potential Sources of Input .....      | (9-24) |
| 3. The Instructional Environment—Teacher Output .....       | (9-27) |
| 4. Learners' Self-expectation—Pupil Output .....            | (9-29) |
| Teacher Personality and Instruction .....                   | (9-33) |
| 1. Meanings of the Term Teacher Personality .....           | (9-33) |
| 2. Measures of Personality .....                            | (9-33) |
| 3. Teacher Effectiveness Criteria .....                     | (9-34) |

|                                                                      |        |
|----------------------------------------------------------------------|--------|
| 4. Criterion-of-effectiveness Model .....                            | (9-34) |
| 5. Theoretical Underpinning of Research .....                        | (9-36) |
| 6. Assessing Teachers' Attitudes .....                               | (9-36) |
| 7. Summary .....                                                     | (9-37) |
| Teacher Recyclage .....                                              | (9-38) |
| 1. Dissemination of Information .....                                | (9-39) |
| 2. Sensitization Action .....                                        | (9-39) |
| 3. Cooperative Work .....                                            | (9-39) |
| Teacher Roles .....                                                  | (9-40) |
| 1. Concepts of Teacher Role .....                                    | (9-40) |
| 2. The Behavioral Role of the Teacher .....                          | (9-41) |
| 3. The Social Position of the Teacher .....                          | (9-44) |
| 4. The Expected Role of the Teacher .....                            | (9-46) |
| Teacher Sex and Instruction .....                                    | (9-50) |
| 1. Classroom Interaction .....                                       | (9-51) |
| 2. Student Learning Outcomes .....                                   | (9-52) |
| 3. Conclusion .....                                                  | (9-52) |
| Teacher Supply and Demand: Planning .....                            | (9-54) |
| 1. Factors Apparently Facilitating Teacher Planning .....            | (9-54) |
| 2. Constituents of Teacher Demand .....                              | (9-54) |
| 3. The Search for Balanced Development of the Teaching Force .....   | (9-55) |
| 4. Measures of Adjustment .....                                      | (9-55) |
| Teacher Supply, Economics of .....                                   | (9-56) |
| 1. The Basic Model of Occupational Choice .....                      | (9-56) |
| 2. Applications to the Teaching Profession .....                     | (9-59) |
| Teachers as Researchers .....                                        | (9-61) |
| Teachers' Centres .....                                              | (9-65) |
| Teachers' Epistemologies .....                                       | (9-68) |
| 1. Research by Philosophers .....                                    | (9-68) |
| 2. Exploratory Research .....                                        | (9-69) |
| 3. Implications of Teachers' Epistemologies .....                    | (9-70) |
| Teacher's Guide .....                                                | (9-71) |
| 1. Status of the Teacher's Guide .....                               | (9-71) |
| 2. Evaluative Studies of Guides .....                                | (9-72) |
| 3. Utilization of Guides .....                                       | (9-72) |
| 4. Opportunities for Research .....                                  | (9-73) |
| Teachers' Implicit Theories of Teaching .....                        | (9-74) |
| 1. Teaching as an Enterprise .....                                   | (9-74) |
| 2. Teaching as an Act .....                                          | (9-75) |
| 3. Planning Teaching .....                                           | (9-75) |
| 4. Interaction in Teaching .....                                     | (9-76) |
| 5. The Educational Institution and Teachers' Implicit Theories ..... | (9-77) |
| 6. Perceived Influences on Teaching .....                            | (9-77) |
| 7. Perceived Constraints on Teaching .....                           | (9-78) |

|                                                      |         |
|------------------------------------------------------|---------|
| 8. Concluding Summary                                | (9-78)  |
| Teachers' Interactive Decision Making                | (9-80)  |
| 1. A Model of Teachers' Interactive Decision Making  | (9-81)  |
| 2. Research on Teachers' Interactive Decision Making | (9-81)  |
| Teachers' Judgments                                  | (9-84)  |
| 1. Conceptualizations of Teachers' Judgments         | (9-84)  |
| 2. Research Modeling Teachers' Judgments             | (9-87)  |
| 3. Conclusions                                       | (9-88)  |
| Teachers' Organizations                              | (9-89)  |
| 1. Membership                                        | (9-90)  |
| 2. Internal Governance                               | (9-90)  |
| 3. Goals and Activities                              | (9-91)  |
| 4. Effects                                           | (9-91)  |
| Teachers' Planning                                   | (9-92)  |
| 1. Teachers' Instructional Plans                     | (9-92)  |
| 2. Studies of Teachers Planning                      | (9-93)  |
| Teachers' Social Backgrounds                         | (9-96)  |
| 1. The Occupational Prestige of Teaching             | (9-97)  |
| 2. The Social Origins of Teachers                    | (9-100) |
| 3. Factors Influencing the Social Status of Teachers | (9-103) |
| 4. Teaching as a Profession                          | (9-105) |
| Teaching and Graduate Studies: Comparative Education | (9-108) |
| Teaching and Related Activities                      | (9-110) |
| 1. The Generic Concept of Teaching                   | (9-110) |
| 2. Training                                          | (9-112) |
| 3. Conditioning                                      | (9-112) |
| 4. Indoctrination                                    | (9-113) |
| 5. Educative Teaching                                | (9-113) |
| Teaching: Art or Science?                            | (9-114) |
| Teaching Cycles                                      | (9-115) |
| 1. Other Attempts to Describe Teaching Sequences     | (9-116) |
| 2. A Persistent Cycle                                | (9-117) |
| 3. Conclusion                                        | (9-119) |
| Teaching: Definitions                                | (9-120) |
| 1. Descriptive Definition of Teaching                | (9-120) |
| 2. Teaching as Success                               | (9-121) |
| 3. Teaching as Intentional Activity                  | (9-123) |
| 4. Teaching as Normative Behavior                    | (9-123) |
| 5. Toward a Scientific Definition of Teaching        | (9-124) |
| Teaching Effectiveness Research: Synthesis of        | (9-125) |
| 1. Importance of Research synthesis                  | (9-125) |
| 2. State of the Art of Research Synthesis            | (9-126) |
| 3. Tasks Involved in Research Synthesis              | (9-126) |
| 4. Research Synthesis Methods                        | (9-129) |

|                                                                                                               |         |
|---------------------------------------------------------------------------------------------------------------|---------|
| 5. Narrative Approaches .....                                                                                 | (9-129) |
| 6. Vote Counting Methods .....                                                                                | (9-130) |
| 7. Weaknesses of Narrative and vote Counting Methods .....                                                    | (9-131) |
| 8. Combined Significance Test Methods .....                                                                   | (9-133) |
| 9. Weaknesses of Combined Significance Test Methods .....                                                     | (9-133) |
| 10. Effect Magnitude Methods .....                                                                            | (9-134) |
| 11. General Weaknesses of Effect Magnitude Procedures .....                                                   | (9-140) |
| 12. Do Different Research Synthesis Methods Produce Substantially Different<br>Conclusions? .....             | (9-141) |
| Teaching, Effects of .....                                                                                    | (9-143) |
| 1. Effects and Effectiveness .....                                                                            | (9-143) |
| 2. Studying the Effects of Teaching .....                                                                     | (9-143) |
| 3. Findings of Research on Teaching .....                                                                     | (9-146) |
| 4. Crucial Issues and Research Designs .....                                                                  | (9-146) |
| Teaching Experience and Instruction .....                                                                     | (9-148) |
| 1. Experience and Employers .....                                                                             | (9-148) |
| 2. Measurement of Experience .....                                                                            | (9-148) |
| 3. Surveys and their Findings .....                                                                           | (9-149) |
| 4. Experience and Student Achievement / Teacher Effectiveness .....                                           | (9-149) |
| 5. Experience and Attitudes to Innovation, Change, and Minority<br>Groups .....                               | (9-150) |
| 6. Experience and Classroom Management .....                                                                  | (9-150) |
| 7. Experience Outside the Classroom .....                                                                     | (9-151) |
| 8. Transmission of Experience .....                                                                           | (9-151) |
| 9. Summary and Conclusions .....                                                                              | (9-151) |
| Teaching Methods for Adults .....                                                                             | (9-153) |
| 1. Teaching the Child and Teaching the Adult .....                                                            | (9-153) |
