PREFACE 前言

Interior design is a discipline grows up accompanied by the development of modern architecture, which is the combination of science and art. The product quality is closely related to the cultural awareness of interior designers, the real design is not to imitate but to create. So the designers should not only have the comprehensive profession knowledge and enterprising attitude, but also possess the skillful techniques to put the design ideas into the product and transfer the nonobjective concepts into visual signals, convey the designers' ideas through different techniques and skills.

As the product of science and art, the design works are full of aesthetic feeling. The good works express the life idea and experience of designers in various aspects, whatever in plane layout, spatial organization, building material, decorative technique, decorative color or interior furnishing. For the purpose to convey the design essence, our photographer tries to seize the design feeling and tell the story about design works through the specialized pictures, which could lead designers to do further thinking on design and seek the better balance and breakthrough in various design elements. We hope these works could publicize the design power and raise readers' special inspiration. As the publisher, we will feel comforted if this could be true.

室内设计是伴随着现代建筑的发展而逐渐成长起来的一门学科，它是科学与艺术相结合的产物。而其中室内设计师的文化修养与其作品的质量是密切相关的，真正的设计不是模仿而是创造，这就要求设计师一方面要有较全面的专业知识和不断进取的态度，另一方面要掌握熟练的技能与表现技巧，这样才能使设计思维驰骋于科学与美学，抽象与具体的世界之中，从而把抽象的东西转化为可视的形象符号，通过各种造型的手法和技巧传达设计者的设计思想，实现艺术思维与设计表达的目的。

作为科学与艺术的产物，设计作品充满了美感。好的室内设计作品从平面布置、空间组织形式、室内建筑材料、装饰手法、装饰色彩、室内陈设等方面，都渗透了设计者对生活的关注和感悟。我们的摄影师本着传达设计精髓的目的，用自己的专业镜头在光影里捕捉设计感触，试图用摄影作品诉说设计物语，从而引发设计师对设计做更进一步的思考，在各种设计元素中寻求到更好的平衡和突破。我们期望通过摄影师的专业镜头，张扬出设计的力量和疆界，并引发读者独特的感悟。作为出版者，做到这一点，就已倍感欣慰。

A Future Perfect is hiding in the depth of Huashan Road, the green LOGO gives the customers a clean and fresh feeling when they push the iron door open, the restaurant presents the atmosphere of "greatest genius often lies concealed".

The restaurants is divided into three parts, which is located in the private space of Old House Hotel, and the other part is in the open space of transparent glass house and the leisure space of natural open-air garden. Every space has different atmosphere and feeling, sitting on the classic purple couch by the window, the customers could see the activities in glass house and the beautiful scenes of garden through the fan shaped French windows. The tables and chairs in glass house all adopt the modern white color, make the whole space very transparent and next to the nature as much as possible. The urbanite would like to have a rest and enjoy a light afternoon in this private and natural place.

A Future Perfect餐厅隐匿于华山路弄堂深处，推开微启的铁门，苹果绿与小人LOGO组合出蓦然的新鲜，清新明快的餐厅式酒吧概念在此付诸实施，不过选址依然颇具“大隐隐于市”的意味。

餐厅分为三个部分：位于老时光酒店的老洋房中相对隐私的空间、位于通透的玻璃房的开放空间、露天花园亲近自然的休憩空间。每个空间有不同的氛围和情调，老洋房里摆放古典绛紫色沙发椅，临窗而坐，可以透过扇形的落地窗看到玻璃房里的动静和花园里的一抹绿意。玻璃房里的桌椅都采用极具现代感的白色，使得整个空间非常通透，尽可能地接近自然。花园式餐厅的亮点，都市中的人们，常常在午后于此休憩，给心灵一次自然的呼吸。
