美國俚語大全辭典

新 版

Preface

This bilingual edition of the "Underground dictionary" is mainly intended for the Chinese readers. However, since it includes English definitions, it may be used by foreign readers as well. It contains every word and definition found in the original edition. Moreover, there are many mistakes which are found in the original edition have been corrected by the translator. Besides this, the Chinese editor made other additions to make the dictionary more useful for Chinese readers.

Most of the additions by the Chinese editor are underground slang, but some general slang words are included for the mere reason they are not found in any English dictionary published or sold in Taiwan. Therefore, a few of the additions may seem a bit out of place in a dictionary dealing with underground English, but they are included for the benefit of Chinese readers.

A few errors of the original edition have been corrected, cross reference made more complete, and some thesaurus entries added.

The Chinese translator has gathered new slangs from reliable American sources. Some of the new words and definitions have been provided by American informants both in Taiwan and in the United States of America. They have consulted many books and dictionaries.

The greatest feature of this edition is that it contains not only the definitions given in the original edition but also Chinese equivalents or related words for each slang entry. It would be meaningless to translate a slang dictionary word by word.

American slang words have no exact counterparts in Chinese and vice versa. Some words have near-equivalents with somewhat different connotations. Others have distant equivalents.

These Chinese equivalents, related word and expression are also included in this book.

The Chinese translator would ask pardon for all readers due to the fact that there is no perfect translation in all languages. That a lot of errors will be inevitable.

凡 例

I Abbreviations 略字

Adj = Adjective 形容詞

Adv = Adverb 副詞

Conj = Conjunction 連接詞

Interj = Interjection 感嘆詞

n. = noun 名詞

n. pl = noun plural 名詞，限用複數

prep = Preposition 介系詞，前置詞

Suf = Suffix 接尾語

V = Verb 動詞

麻醉 = 麻醉藥 *na: 'kɔ: tɪk* Narcotic drugs, Narcotic.

犯罪學 = Criminology.

II Symbols 符號

***** = New Word 新字

****** = Rarely used 較罕用

() = Chinese definitions or English definitions.

【 】 = Other definitions 其他定義

= Supplementary explanations of the definition 定義的補充說明。

A

A 麻醉劑【n】 作名詞用，指麻醉劑 1 安非他命 (An Amphetamine) (甦醒劑的一種) 2 泛指迷幻藥劑 (Hallucinogen) LSD (Lysergic Acid Diethylamide) (裂思酸二乙醯胺) 詳見 LSD 條，【主】：A 級麻醉劑。

AB 作名詞用，麻藥之一種，指對膿腫 (An abscess) 發炎之止痛劑。
Abbot 名詞【醫】 1 異戊巴比特魯 Nembutal (又稱 Pentobarbital) 色黃，作抗驚厥，安眠用 2 Abbott 製藥廠廠牌名 Abbott. 【主】巴比特魯酸，異戊巴比特魯 (Barbiturate, Nembutal) (按 Nembutal 是 Abbott 廠製藥商品名稱)。

Abbot* 同 Abbot. 參看 Abbot 條。

A-bomb 名詞，1 麻醉藥乃兩種藥物混合製成之捲煙，通常由大麻 (Marijuana) 及海洛英 (heroin) 或鴉片 (opium) 與特別性大麻 (hashish) 製成。2 原子彈。原子塵 (a cigarette made of a mixture of drugs, usually marijuana and heroin or opium and hashish)。

Acapulco gold 麻醉劑 (一種品質良好的金黃色大麻，產於墨西哥熱帶勝地阿卡普爾科『Acapulco』) 亦稱 Gold, Golden leaf, 【主】大麻，巴拿馬金 (very high quality marijuana grown near Acapulco, a tropical resort town in Mexico)
