WAR! OAHU BOMBED BY JAPANESE PLANES

(Associated Press by Transpacific Telephone)
SAN FRANCISCO, Dec. 7.—President Roosevelt announced this morning that Japanese planes had attacked Manila and Pearl Harbor.

SIX KNOWN DEAD, 21 INJURED, AT EMERGENCY HOSPITAL

Attack Made On Island's Defense Areas

BY UNITED PRESS
WASHINGTON, Dec. 7.—Text of a White House announcement detailing the attack on the Hawaiian Islands is:

"The Japanese attacked Pearl Harbor from their air and naval and military activities on the island of Oahu, principal American base in the Hawaiian Islands."

Oahu was attacked at 7:55 this morning by Japanese planes.

The Rising Sun, emblem of Japan, was seen in the sky.

Many other waves of bombers streamed through the clouded morning sky from the northwest and flung their missiles on a city making its peaceful Sabbath calm.

According to an unconfirmed report received at the governor's office, the Japanese had attacked Oahu reached inland some about two small airplane carriers.

From the report there at the governor's office after an attempt had been made to land the USS Lexington, or that it had been sunk.

CITY IN PERIL

While it is stated the city was in an uproar, Honolulu fell in many parts of the city, and in defense area the defenders of the islands were in quick action.

Long intelligence officers at Ft. Shafter reported officially shortly after 9 a. m. that if the bombardment by an enemy had begun any and every had taken immediate action in defense.

"This is under a sporadic air raid," the command said.

"Orders are ordered to stay off the streets and follow police."

CIVILIANS ORDERED OFF STREETS

The army has ordered that all civilians stay off the streets and highways and not use telephones.

Evidence that the Japanese attack has resulted some hits was shown by three billowing pillars of smoke in the Pearl Harbor and Hickam field areas.

All very personnel and civilian defense workers, with the exception of women, have been ordered to duty at Pearl Harbor.

The Pearl Harbor highway was immediately closed to all traffic.

A trickling stream of injured people began pouring into the city emergency hospital a few minutes after the bombardment started.

Thousands of telephone calls almost swamped the Mutual Telephone Co., which had extra operators on duty.

At The Star-Bulletin office the phone calls deluged the single operator and it was impossible for this newspaper, for sometime, to handle the flood of calls. Here also an emergency quarter was called.

HOURLY OF ATTACK 7:55 A. M.

An official army report from department headquarters, made public shortly before 11, said that the first attack was at 7:55 a. m.

Witnesses said they saw at least 50 airplanes over Pearl Harbor.

The attack centered in the Pearl Harbor. Army authorities said:

"The rising sun was seen on the wing tips of the airplanes."

Although martial law has not been declared officially, the city of Honolulu was operating under M-Day conditions.

It is reliably reported that many objectives under attack were Wheeler Field, Hickam Field, Kaneohe bay and naval air station and Pearl Harbor.

Some enemy planes were reported shot down.

The body of the pilot was seen in a plane burning at Wheeler.

Oahu appeared to be taking calmly after the first upsurge of action.

ANTI-AIRCRAFT GUNS IN ACTION

First indication of the raid came shortly before 8 this morning when anti-aircraft guns around Pearl Harbor began sending up a thousand barrages.

At the same time a vast cloud of black smoke arose from the naval base and also from Hickam field where flames could be seen.

SOME NEAR GOVERNOR'S MANSION
Shortly before 9:30 a bomb fell near Washington Place, the residence of the governor, Governor Flanders and Secretary Charles M. Hille were there.

It was reported that the bomb killed an unidentified Chinese man across the street in front of the Schuman Carington Co., where windows were broken.

C. E. Daniels, a welder, found a fragment of shell or bomb at South and Queen St., which he brought into the City Hall. This fragment weighed about a pound.

At 10:05 a. m. today Governor Flanders telephoned to The Star-Bulletin announcing he has declared a state of emergency for the entire territory.

"He announced that Edward L. Dwyer, executive secretary of the major disaster council, has been appointed director under the M-Day law's provisions."

Governor Flanders urged all residents of Honolulu to remain off the street, and the people of the territory to remain calm.

Mr. Dwyer reported that all major disaster council wardens and medical units were on duty within a half hour of the time the alarm was given.

Workers employed at Pearl Harbor were ordered at 10:10 a. m. not to report at Pearl Harbor.

The mayor's major disaster council was in session at the city hall at about 10:30 this morning.

At least two Japanese planes were reported at Honolulu department headquarters to have been shot down.

One of the planes was shot down at Ft. Mcintosh and the other back of the We-

Hundreds See City Bombed

Hundreds of Honolulu residents saw the city of Pearl Harbor being bombed from the air.

For all over Pearl Harbor the white day was pale.

Clouds of black smoke were seen from the naval base and also from Hickam field where flames could be seen.

At the same time a vast cloud of black smoke arose from the naval base and also from Hickam field where flames could be seen.
