摘要

《河北经济社会发展报告（2017）》是河北省社会科学院深入贯彻落实党的十八大，十八届三中、四中、五中、六中全会精神，紧紧围绕河北省委八届五次、六次、十二次全会和省第九次党代会要求，从宏观形势分析入手，就河北经济社会发展的热点和难点问题进行研究的年度报告。全书主要包括总报告、经济篇、社会篇、案例篇四个部分，就河北省经济社会发展过程中出现的、社会各界高度关注的京津冀协同发展、新型城镇化建设、奥运经济、法治政府建设、社会主义核心价值观建设等问题展开了深入研究。在深层分析2016年河北经济社会运行态势的基础上，就2017年的发展形势进行了预测，为建设“经济强省，美丽河北”战略目标提出了对策建议。全书注重研究的前瞻性、原创性、实用性和可操作性，力求提出的发展思路、对策建议能够为各级党委政府决策提供参考，为社会各界提供有价值的信息资讯。

当前，世界经济正面临周期性、结构性不利因素的多重挑战，增速放缓将是近几年典型性经济特征与主流趋势，同时，国内经济发展也步入了动能转换以及供给侧结构性改革的深化阶段。党的十八届三中、四中、五中、六中全会对我国继续释放改革红利、坚持依法治国、全面建成小康社会做出了一系列重大战略部署。面对经济增长趋缓、产能过剩、需求乏力等诸多困难和压力，河北省委、省政府认真贯彻落实党中央的战略部署，在努力抓好稳增长、调结构、治污染、抓改革、惠民生等各项工作的基础上，围绕供给侧结构性改革，不断创新宏观调控方式，注重经济增长的内在质量和均衡发展，使全省经济运行呈现继2015年以来平稳跟进的良好态势。

本书两篇总报告，分别对河北省经济和社会形势进行了整体性分析与预

测。《动能转换 变中求进—2016~2017年河北省经济形势分析及预测》指出：总体上看，全省经济运行稳中有升的基本面没有改变，但受外部环境持续恶化及各领域分化加剧的深度影响，宏观经济形势整体上虽稳中有升并好于预期，但稳中向好的根基并不牢固，呈现稳中趋缓、稳中带忧、稳中有难的特征。报告预测河北省2017年经济运行合理区间为6.5%~7%，指出了河北今后发展的新方向、新坐标和新思路。《2016~2017年河北省社会形势分析与预测》指出：2016年，河北经济发展虽然放缓，但社会发展领域呈现一些具有时代意义的改革创新事件，如城乡医保并轨和大病医疗兜底救助，坝上地区生态文明试验区和国家休闲度假示范区建设，以人为核心的绿色城镇建设，京津冀三地“区域共建”的制度化道路等，这些重大社会政策和实践行动，有力地推进了社会发展，改善了人民生活，也为2017年乃至更长时间“经济强省、美丽河北”建设奠定了政策和制度基础。

经济篇，主要针对京津冀产业转移与分工协作、河北省民营企业实施“互联网+”以及新型城镇化建设等重点问题展开了系统性研究，指出未来河北发展的思路 and 方向。在“十三五”开局之年的新形势下，河北省要建设“经济强省、美丽河北”，必须认真贯彻落实习近平总书记对河北提出的“四个加快、六个扎实”总体要求，扎实推进京津冀协同发展，积极适应经济发展新常态，不断深化供给侧结构性改革，大力推进全省在转型过程中的动力结构大调整、大转换，只有这样全省经济发展方能快速进入一个新起点、新境界和新高度。同时，本书对冬奥会背景下张家口泛旅游产业整合与融合、石家庄现代商贸物流中心城市建设等问题给予了重点关注。

社会篇，围绕全面建成小康社会和加快建设“经济强省、美丽河北”两大目标，深入分析了河北省法治政府建设、“放管服”改革与政府职能转变、事业单位去行政化及法人治理结构改革、创新创业等社会热点问题，相关理论和建议为营造和谐稳定的社会氛围提供了理论支撑。同时，本书还对河北省战略性新兴产业人才开发和养老服务人才培养等进行了分析并提出了相应的对策建议。此外，还特别关注了社会主义核心价值观在河北的实践，提出了把爱国主义教育基地建设成培育和践行社会主义核心价值观的重要阵

地的对策举措。

案例篇，重点对乡村特色文化旅游发展和“互联网+”时代下法院官方微信公众利用情况进行了案例剖析，以期从剖析中获得经验借鉴。在创意开发乡村特色资源、发展乡村特色文化旅游中，通过对馆陶特色小镇的创意开发现状与初期发展成效进行分析，提出了其创意开发思路与做法、对河北发展乡村特色文化旅游的重要启示与借鉴。在“互联网+”时代，通过对河北省11家中级人民法院的官方微信进行调查，提出了建设与完善法院官方微信的有效对策。“理论”和“实践”有机结合的“案例”提供了思考样板，在促进发展和提供具体咨询方面发挥了独特作用。

2017年是执行“十三五”规划的第二年，是全面建设小康社会的关键年，也是推进供给侧结构性改革的深化年。同时，河北省正处于爬坡过坎、转型升级的紧要关头，既面临全国“三期叠加”的普遍矛盾，又面临河北独有的产能过剩、大气污染严重、过度依赖资源的特殊矛盾，更处于京津冀协同发展深度推进的关键时期。河北省社会科学院作为省委、省政府的“思想库”“智囊团”，将紧紧贴近省委、省政府中心工作，围绕“十三五”时期河北省经济社会发展主要目标，针对全省经济社会发展全局性、战略性、前瞻性问题的提出“新思想、新观点、新思路、新对策”，为建设“经济强省、美丽河北”打好全省经济社会翻身仗，为推动哲学社会科学事业繁荣发展做出新的更大的贡献。

Abstract

Economic and Social Development Report of Hebei (2017) is a yearly report completed by Hebei Academy of Social Sciences by carrying out the spirits of the CPC 18th National Congress, the Third Plenary Session, the Fourth Plenary Session, the Fifth Plenary Session and the Sixth Plenary Session of the CPC 18th Central Committee, closely following requirements of the Fifth Plenary Session, the Sixth Plenary Session and the Twelfth Plenary Session of the CPC Eighth Hebei Provincial Committee and the CPC Ninth Provincial Congress, starting from the macro-situation analysis, and proceeding to make studies of hot and difficult issues in Hebei's economic and social development. This book falls into the four parts of General Reports, Economic Reports, Social Reports, and Reports of Case Studies, and makes deep studies of Beijing-Tianjin-Hebei collaborative development, the new urbanization, the Olympic Economy, the building of governments under the rule of law, the socialism core-values building and the like—all of them are hot issues in the process of Hebei's economic and social development, and receive much public attention. Based on an in-depth analysis of Hebei's economic and social operation situations in 2016, it forecasts the development situations in 2017, and puts forward proposals for building “An Economically Strong Province, and a Beautiful Hebei” as the strategic goal. This book lays stress on these studies being forward-looking, original, practicable, and workable, in order for its development ideas, and proposals to be able to serve as references for decision-making at all levels of CPC committees and governments, and valuable information for other organizations concerned.

At present, the global economy is facing multiple-challenges of cyclic and structural unfavorable factors, economic growth slowing-down will be typical economic features and main-stream trend in next few years, and meanwhile, China's economic development has also entered the phase of kinetic energy

conversion and supply-side reforms deepening. At the Third Plenary Session, the Fourth Plenary Session, the Fifth Plenary Session and the Sixth Plenary Session of the CPC 18th Central Committee, a series of significant strategic arrangements were made for continuing to release bonus of reform, managing state affairs under the rule of law and achieving comprehensive moderate prosperity in China. Facing many difficulties and pressures of economic growth slowing-down, production overcapacity, weak demand, etc., the CPC Hebei Provincial Committee and Hebei Provincial Government, firmly carrying out strategic arrangements of the CPC Central Committee and based on efforts in stabilizing growth, adjusting structures, removing pollution, making reforms, benefiting the people's livelihood and so on, have been innovating modes of macro-regulation and laying stress on inherent quality of economic growth and balanced development centering around supply-side structural reforms, and resultantly the provincial economic operation has been keeping the good situation of steady follow-up since last year.

The two General Reports of this book is respectively an overall analysis and forecast of Hebei's economic and social situations. "Kinetic Energy Conversion & Seeking Advancement in Changes—An Analysis and Forecast of Hebei's Economic Situation (2016 – 2017)" points out that: On the whole, the steady and for-the-better basic situation of Hebei's economic operation remains unchanged, but the steady and for-the-better macroeconomic situation has an insecure foundation, and is characterized by tending to slow down with uncertainties and difficulties amid the steady though being steady and for the better and better than expected on the whole because of the deepened influences of going-down inertia of external environment and aggravated differentiation in different fields. The Reports forecast that Hebei's economic growth in 2017 may have a reasonable range of 6.5% – 7%, and put forward new orientations, co-ordinates and approaches of Hebei's future development. An Analysis and Forecast of Hebei's Social Situation (2016 – 2017) points out that: In 2016, Hebei's economic growth is slowing down, but some significant events of reform and innovation emerged in the field of social development—urban/rural medical insurance integration and supplementary medical relief for medical treatment of serious diseases, initiation of Pilot Eco-civilization Zone and National Leisure & Resort Demonstration Zone on the

Bashang area, initiation of human-centered green towns, initiation of institutionalized paths of Beijing-Tianjin-Hebei “Regional Co-building”, etc. — these significant social policies and practices have vigorously boosted the social development and improved the people’s livelihood, and also laid policy and institutional foundations for building “An Economically Strong Province, and a Beautiful Hebei” in 2017 and even a longer period.

Economic Reports focus on systematic studies of such key issues as Beijing-Tianjin-Hebei industrial transfer & division/cooperation, application of “Internet + ” in private enterprises in Hebei Province and advancement of the new urbanization, and put forward approaches and orientations of Hebei’s future development. In the new situation of the beginning year of “Thirteenth Five-Year Plan” and guided by the goal of building “An Economically Strong Province, and a Beautiful Hebei”, Hebei Province must well carry out the overall requirement of “four ‘accelerate’, six ‘solid’ ” made by President Xi Jinping for Hebei, solidly advance Beijing-Tianjin-Hebei collaborative development, vigorously adapt to the “New Normal” of economic development, constantly deepen supply-side reforms, and greatly push forward big adjustment and conversion of motive power structures in the process of Hebei’s transformation so that Hebei’s economic development can quickly reach a new starting point, new circumstances and new levels. Meanwhile, this book pays special attention to such issues as the pan-tourism integration and integrated development of Zhangjiakou in the background of Winter Olympic Games, and building Shijiazhuang into a central city of modern commerce & trade and logistics.

Social Reports, centering around the two goals of achieving comprehensive moderate prosperity and building Hebei into “An Economically Strong Province, and a Beautiful Hebei”, make an in-depth analysis of such hot social issues as the building of governments under the rule of law, the “delegation, management, services” reforms and transformation of governmental functions, making institutional organizations not administrative and reforms of corporate governance structure, innovation & entrepreneurship in Hebei Province, and put forward relevant theories and proposals that provide theoretical support for building a harmonious and steady social atmosphere. Meanwhile, this book makes an analysis of human resources development in strategic emerging industries and old-age

services personnel training and so on in Hebei Province, and puts forward corresponding solution proposals. In addition, it also pays special attention to the socialism core-values practices in Hebei, and puts forward measures and moves of building patriotic education bases into important places to foster and put into practice the socialism core-values.

Reports of Case Studies focus on case analyses of the rural distinctive cultural tourism development, and the public use situation of courts' official WeChat in the "Internet + " era with a view to acquiring references of experience. In developing the rural distinctive cultural tourism by creatively developing rural distinctive resources, their approaches and practices of creative development as well as important enlightenments and references of experience for developing the rural distinctive cultural tourism in Hebei Province have been put forward by making an analysis of the present situation of creative development and initial development results of Guantao Distinctive Towns. In the "Internet + " era, workable approaches to establishing and improving courts' official WeChat have been put forward by making surveys of official WeChat of 11 intermediate people's courts of Hebei Province. "Cases" well integrating "theories" and "practices" provide typical examples of thinking to play a distinctive role in promoting development and providing specific consultative services.

The year 2017 is the second year of implementing "Thirteenth Five-Year Plan", the crucial year of achieving comprehensive moderate prosperity, and also the year of deepening supply-side structural reforms. In the meantime, Hebei Province is just in a critical period of overcoming severe difficulties and transformation/upgrading, and facing the universal contradiction of national "three-phase superimposition" and the peculiar-to-Hebei special contradiction of production overcapacity, severe atmospheric pollution, and overdependency on resources, particularly being in a critical period of advancing Beijing-Tianjin-Hebei collaborative development in an in-depth way. Hebei Academy of Social Sciences, as a "Think Tank" and "brain trust" of the CPC Hebei Provincial Committee and Hebei Provincial Government, will closely center around central work of the CPC Hebei Provincial Committee and Hebei Provincial Government and main goals of Hebei's economic and social development during the period of "Thirteenth Five-

Year Plan”, and put forward “new ideas, new viewpoints, new approaches and new solutions” on overall, strategic and forward-looking issues of Hebei’s economic and social development, in an effort to make new and greater contributions to building “An Economically Strong Province, and a Beautiful Hebei”, making a remarkable turnaround in Hebei’s economic and social development, and advancing the prosperity and development of philosophy & social sciences.
