In Need of Rest

Think

Where do these animals live?

扫一扫 听音频

Key Words

扫一扫 听音频

chew

digest

rest

stomach

Key Structures

- a lot
- a day
- up to

Sloths are slow.

They move slowly.

They eat slowly.

They sleep a lot.

Sloths **rest** for 17 hours a day.

Sloths eat leaves.

They can't eat a lot of leaves.

They **chew** slowly.

They also have slow **stomachs**.

After a sloth eats a little, it rests.

It **digests** its food slowly.

It can take a sloth up to one month to digest the leaves it eats!

Sloths need to rest a lot.

✓ Check It

Circle four things that sloths do slowly.

Read and Answer

Choose the best answer.

dust

day

during

sunset

Key Structures

- On Earth
- On Mars
- On Earth and Mars

Sunsets are beautiful.

On Earth, the sky is blue during the day.

Sunsets are red, yellow, and orange.

We can see sunsets on Mars, too.

On Mars, the sky is a yellow-brown during the day.

But sunsets are blue!

On Earth and Mars, the air is full of dust.

Sunlight travels through the dust.

The dust makes the sunsets look different.

✓ Check It

Circle all of the colors in the reading.

Read and Answer

Choose the best answer.

1 This reading is about _____.

a. sky colors

b. the sun at night

2 On Earth and Mars, the sky is full of _____.

a. dust

b. metal

3 On Mars, the _____ is yellow-brown during the day.

a. sun

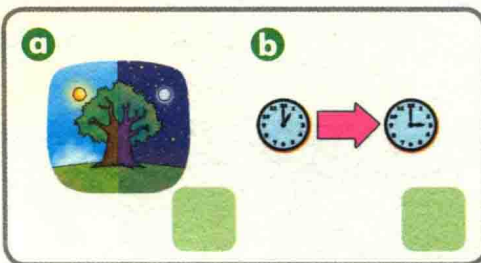

b. sky

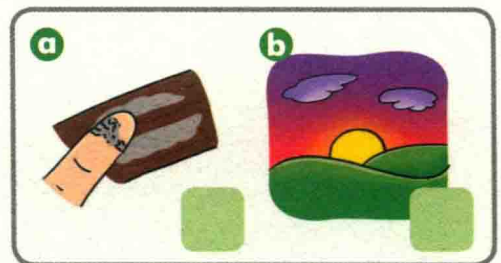

Say and Choose

Practice the word by saying it. Check (✓) the correct picture.

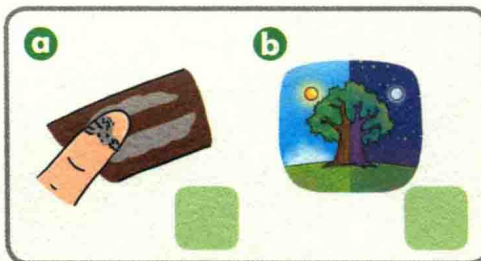

1 day

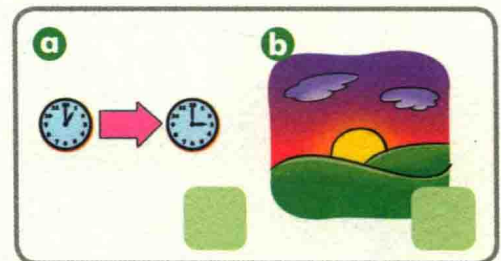

2 sunset

3 dust

4 during
