摘 要

《河北经济社会发展报告（2018）》是河北省社会科学院深入贯彻落实党的十九大精神、中央经济工作会议精神、省委九届历次全会精神，紧密围绕新时代建设经济强省、美丽河北的具体实践，从宏观形势分析入手，就河北经济社会发展的热点和难点问题进行研究的年度报告。全书主要包括总报告、经济篇、社会篇、案例篇四个部分，在深度分析2017年河北经济社会运行态势的基础上，就2018年的发展形势进行预测，旨在为新时代全面建设经济强省、美丽河北新征程提出对策建议。全书注重研究的前瞻性、原创性、实用性和可操作性，力求提出的发展思路、对策建议能够为各级党委政府决策提供参考，为社会各界提供有价值的信息资讯。

党的十九大创造性地提出一系列重大理论观点和重大战略思想，为党和国家的事业进一步发展指明了前进方向。习近平总书记在中央经济工作会议上的重要讲话深刻阐释了新时代中国特色社会主义经济思想，深入阐述了我国经济已由高速增长阶段转向高质量发展阶段的重大意义，精辟分析了当前经济形势，明确提出了明年经济工作的总体要求、政策导向和重点任务，为我们做好当前和今后一个时期的经济工作指明了方向、提供了遵循。面对大好机遇和良好政策环境，河北省委、省政府认真贯彻落实国家宏观调控政策，科学务实，积极作为，自觉践行新的发展理念，主动适应经济新常态，以供给侧结构性改革为主线，坚定走动能转换、提质增效与改革创新之路，使全省宏观经济运行健康平稳，动能增强显现良好态势，经济强省建设取得积极进展，“十三五”实现良好开局。

本书两篇总报告，分别对河北省经济和社会形势进行了整体性分析与预测。《改革创新 砥砺前行——2017~2018年河北省经济形势分析及预测》

指出：从宏观走势看，河北经济运行总体态势继续保持稳中有升的基本面，但随着未来全省经济转型的正式开启，河北经济将逐步迎来由“降速周期”进入到“提质增效”的新阶段。报告预测2018年，河北省GDP增速将会继续延续近两年趋“稳”总基调，继续保持6%~7%的增速空间，“大稳定、小起伏”将是宏观运行格局的总趋势、总特征。《2017~2018年河北省社会发展形势分析与预测》指出：2017年，河北省财政支出结构更加优化，城乡居民人均可支配收入持续增长，社会消费能力明显提升，就业形势保持总体稳定，社会保障水平不断提高，基本公共服务均等化稳步推进，大气环境趋于好转，精准扶贫加快推进，社会形势总体和谐稳定。报告认为，2018年全省经济社会发展形势将持续向好，两翼发展构筑区域发展新格局，脱贫攻坚进入冲刺期，公共服务水平将稳步提高，农业转移人口市民化和城乡统筹发展将会加速。

经济篇，主要针对河北承接非首都功能疏解和产业转移、区域创新载体建设、制造业转型升级、科技型中小企业融资支撑体系构建以及固定资产投资项目融资渠道等重点问题展开了系统性研究，指出未来河北转型发展的思路 and 方向。在全面建成小康社会决胜阶段、中国特色社会主义进入新时代的关键时期，要建设新时代经济强省、美丽河北，必须认真贯彻党的十九大精神和党中央决策部署，深入贯彻落实习近平总书记对河北提出的“四个加快”、“六个扎实”、“三个扎扎实实”等一系列重要指示精神，以习近平新时代中国特色社会主义思想为统领，坚持稳中求进工作总基调，坚持新发展理念，大力推进供给侧结构性改革，努力提高供给体系质量，使全省经济发展进入一个新起点、新境界和新高度。同时，本书对河北省积极融入“一带一路”建设的路径、破解农村电商“低成本烦恼”等问题给予了重点关注。

社会篇，围绕新时代建设经济强省、美丽河北新征程的奋斗目标，深入分析了河北省市场监管体制改革、行政审批局改革、科研人员收入分配与激励机制、特色小镇建设等社会热点问题，相关理论和建议为营造良好的社会氛围提供了理论支撑。同时，本书还对雄安新区建设过程中生态环境保护、

人才战略、健康养老等问题进行了分析并提出了相应的对策建议。此外，还特别关注了塞罕坝精神的时代内涵对培育和践行社会主义核心价值观的实践价值以及十八大以来社会主义核心价值观在河北的实践，提出了新时代如何把社会主义核心价值观凝聚成建设经济强省美丽河北、实现中国梦的强大正能量的对策建议。

案例篇，重点对唐山市路南区“村转社区”的成功和如何打造最优营商环境的河北模式进行了案例剖析，以期从剖析中获得经验借鉴。唐山市路南区在对西北片区进行整体拆迁中，创造了河北省单次拆迁规模最大、安置居民最多、拆迁时间最短的纪录。总结其成功经验，对河北其他地区同类工作的开展提供重要启示与借鉴。营商环境就是生产力。通过剖析河北省营商环境现存的深层次问题，提出了打造最优营商环境的有效对策。“理论”和“实践”有机结合的“案例”提供了思考样板，在促进发展和提供具体咨询方面发挥了独特作用。

新一年，新起点。2018年是贯彻党的十九大精神的开局之年，是改革开放40周年，是决胜全面建成小康社会、实施“十三五”规划承上启下的关键一年。同时，京津冀协同发展深度推进、雄安新区高起点规划高标准建设、北京冬奥会扎实筹办，河北省正处于重要的历史性窗口期和战略性机遇期，前景十分光明，挑战十分严峻。河北省社会科学院作为省委省政府的“思想库”、“智囊团”，作为“河北中心智库”，将以习近平新时代中国特色社会主义思想为指导，认真贯彻党的十九大精神和中央经济工作会议精神，深入落实省第九次党代会和省九届六次全会精神，紧紧贴近省委省政府中心工作、围绕“十三五”河北省经济社会发展主要目标，针对全局性、战略性、前瞻性问题的思路与举措，为实现河北省创新发展、绿色发展、高质量发展，为决胜全面建成小康社会、开启全面建设社会主义现代化国家新征程、谱写中华民族伟大复兴中国梦的河北篇章而不懈奋斗。

Abstract

Economic and Social Development Report of Hebei (2018) is a yearly report completed by Hebei Academy of Social Sciences by carrying out the spirits of the CPC 19th National Congress, the central economic working conference, all of the sessions of the CPC Ninth Hebei Provincial Committee, focusing on practices of building “An Economically Strong Province, and a Beautiful Hebei” in the new era, starting from the macro-situation analysis, and proceeding to make studies of hot and difficult issues in Hebei’s economic and social development. This book falls into the four parts of General Reports, Economic Reports, Social Reports, and Reports of Case Studies, and based on an in-depth analysis of Hebei’s economic and social operation situations in 2017, it forecasts the development situations in 2018, with a view to putting forward solution proposals for the new march of building “An Economically Strong Province, and a Beautiful Hebei” in an all-round way in the new era. This book lays stress on these studies being forward-looking, original, practicable, and workable, in order for its development ideas, and solution proposals to be able to serve as references for decision-making at all levels of CPC committees and governments, and valuable information for other organizations concerned.

The CPC 19th National Congress creatively generates a series of significant theoretical viewpoints and strategic ideas which pinpoint orientation of advancement for further development of the Party and the nation. President Xi Jinping’s important speeches at the central economic working conference profoundly expounds the economic thought on Socialism with Chinese Characteristics for a New Era, deeply states significances of China’s economy shifting from a high-speed growth to a high-quality development, incisively analyzes the present economic situation, and specifies overall requirements, policy orientation and priority tasks of the next-year economic work, which points out

orientations and what should be adhered to for the economic work at present and in next periods. Facing highly favorable opportunities and fine policy environment, the CPC Hebei Provincial Committee and Hebei Provincial Government will carry out policies of state's macro-regulation, perform work in a scientific, down-to-earth and positive manner, conscientiously fulfill the new philosophy of development, take the initiative to adapt to the new normal of the economy, center around supply-side structural reforms, adhere to the path of kinetic energy conversion, quality & performance improvement and reform & innovation, which has resulted in the healthy and steady operation of the provincial economy, a growing and for-the-better kinetic energy, a good advancement in building an economically strong province, and a fine opening in implementing "Thirteenth Five-Year Plan".

The two General Reports of this book is respectively an overall analysis and forecast of Hebei's economic and social situations. "Forge Ahead with Reform and Innovation—An Analysis and Forecast of Hebei's Economic Situation (2017 – 2018)" points out that: From the perspective of the macro-trend, the steady and for-the-better basic situation of Hebei's economic operation remains unchanged, but with official commencement of the provincial economic transition in future, Hebei's economy will gradually enter the new phase of "speed-decline cycle" turning toward "quality & performance improvement". The Reports forecast that Hebei's GDP will continue to keep a 6 – 7% growth in 2018 and the "steady" overall situation over the last two years, and "big stability and small fluctuation" will be the overall trend and feature of the macro-operation. "An Analysis and Forecast of Hebei's Social Development Situation (2017 – 2018)" points out that: In 2017, Hebei's structure of fiscal expenditure has a further improvement, the per-capita disposable income of urban and rural residents keeps growth, the social consumption capacity markedly improves, the employment situation keeps overall stability, the social security level constantly improves, the basic public service equalization steadily advances, the atmospheric environment tends to be better, the precision poverty-alleviation moves forward in an accelerated way, and the social situation keeps overall harmony and stability. The Reports conclude that in 2018 the provincial economic and social development situation will keep the for-the-

better, the two-wing development will build up a new pattern of regional development, solving hard problems in the poverty alleviation will enter the last dash-period, the public service level will improve steadily, and the agricultural population transfer turning into urban residents and the urban-rural integrated development will speed up.

Economic Reports focus on systematic studies of such key issues as Hebei's undertaking non-capital function dispersal and industrial transfer, regional innovation carrier development, manufacturing industry transformation and upgrading, building the financing support system for small & medium-sized sci-tech enterprises and financing channels of fixed assets investment projects, and put forward approaches and orientations of Hebei's future transitional development. During the decisive stage in building a moderately prosperous society in all respects and at a critical moment as socialism with Chinese characteristics has entered a new era, building "An Economically Strong Province, and a Beautiful Hebei" in the new era necessitates carrying out the spirits of the CPC 19th National Congress and decisions and arrangements by the Party Central Committee, and a series of important instructions made by President Xi Jinping for Hebei such as "four 'accelerate'", "six 'solid'" and "three 'solid and solid'", taking Xi Jinping's Thought on Socialism with Chinese Characteristics for a New Era as the overall command, adhering to the overall work keynote of seeking advancement while ensuring stability and the new philosophy of development, vigorously advancing supply-side structural reforms, and striving to improve quality of supply systems, with a view to pushing forward Hebei's economic development up to a new starting point, new circumstances and new levels. Meanwhile, this book pays special attention to such issues as approaches to Hebei's vigorously integrating into "The Belt and Road" strategy and removing "the low-cost annoyance" of rural e-commerce.

Social Reports, centering around goals of the new march of building "An Economically Strong Province, and a Beautiful Hebei" in the new era, make an in-depth analysis of such hot social issues as Hebei's market regulation restructuring, administrative examination & approval bureau reform, income distribution and incentive mechanisms of scientific researchers and distinctive town development,

and put forward relevant theories and proposals that provide theoretical support for creating a fine social atmosphere. Meanwhile, this book makes an analysis of eco-environment conservation, strategies of human resources, health care & old-age service and the like in the construction of Xiongan New Area, and puts forward corresponding solution proposals. In addition, it also pays special attention to practical value of contemporary connotation of Saihanba's spirits for fostering and fulfilling the socialism core-values and Hebei's practices of the socialism core-values since the CPC 18th National Congress, and puts forward solution proposals on making the socialism core-values a strong positive energy for building "An Economically Strong Province, and a Beautiful Hebei" and realizing the Chinese Dream in the new era.

Reports of Case Studies focus on case analysis of the successful transition of "villages-to-communities" of Lunan District, Tangshan City and Hebei modes for building the best business environment, with a view to acquiring references of experience. Lunan District, Tangshan City, has created a record of the biggest size, the most residents of resettlement and the shortest time for a single-time demolition across Hebei in the integrated demolition of buildings of the northwest. Summarized experience of its success can serve as important enlightenments and reference for performing similar work in other parts of Hebei. Business environment is productivity. By deeply analyzing deep-seated problems existing in Hebei's business environment, workable solutions on building the best business environment are put forward. "Cases" well integrating "theories" and "practices" provide typical examples of thinking to play a distinctive role in promoting development and providing specific consultative services.

A new year is a new starting point. The year 2018 is an opening year of carrying out the spirits of the CPC 19th National Congress, the 40th anniversary of the reform and opening up, and a critical year to secure a decisive victory in building a moderately prosperous society in all respects and implement the "Thirteenth Five-Year Plan" that connects the preceding and the following. Meanwhile, Hebei Province is just in an important historical "window phase" and a strategic opportunity period—the in-depth advancement of Beijing-Tianjin-Hebei collaborative development, the high starting-point planning and high-standard

construction of Xiongan New Area, and the solid preparation for Beijing Winter Olympic Games. The prospect is bright, and challenges are severe. Hebei Academy of Social Sciences, as a “think tank” and “brain trust” of the CPC Hebei Provincial Committee and Hebei Provincial Government, as well as “Hebei’s Central Think-Tank”, will take Xi Jinping’s Thought on Socialism with Chinese Characteristics for a New Era as the guideline, carry out the spirits of the CPC 19th National Congress, the central economic working conference, and the CPC Ninth Provincial Congress and the Sixth Plenary Session of the CPC Ninth Hebei Provincial Committee, lean close to central work of the CPC Hebei Provincial Committee and Hebei Provincial Government and center around main goals of Hebei’s economic and social development during the period of “Thirteenth Five-Year Plan”, put forward ideas and moves on overall, strategic and forward-looking issues, and make unremitting efforts to realize innovative development, green development and high-quality development, and thus make Hebei’s chapter of securing a decisive victory in building a moderately prosperous society in all respects, initiating the new march of building a socialist modern nation in all respects, and realizing the Chinese Dream of national rejuvenation.
