The image shows a modern office reception area. In the foreground, there is a curved reception desk with a light-colored wood-grain finish and a glass top. Behind the desk, a large light-colored wood panel features the Sun Microsystems logo, which consists of a stylized square icon made of horizontal lines and the word "Sun" in a cursive font above the word "microsystems" in a sans-serif font. Two blue office chairs are positioned behind the desk. In the background, there is a blue door on the left and windows with blinds on the right. The ceiling is white with recessed lighting and a security camera.
